

# Glass Recycling Services

Conigliaro Industries has expanded our Glass Pulverizing Plant operations and we are now accepting new glass tonnage. We accept both mixed color bottle glass and plate glass.

You can deliver to our facility in Framingham at a tip rate of \$85 per ton. We will also provide containers and transportation – just call for a quote.

Conigliaro Industries manufactures tumbled glass aggregates from the glass waste which are used in construction applications:

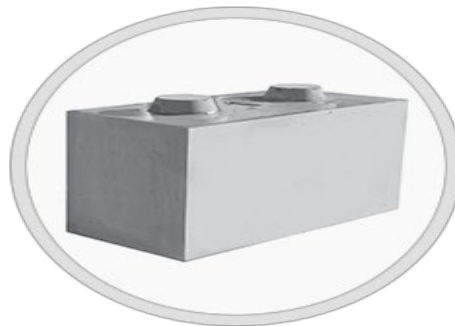

[GlassSand](#)

and

[GlassGravel](#)

We also make [GlassCrete Blocks](#) which are used for material bin walls, retaining walls, etc...

*Please call Greg at 508-509-4185 or Willie at 508-509-0650 to arrange services.*
