

# WORRY-FREE PRODUCT DESTRUCTION SERVICES

DO YOU HAVE OBSOLETE, EXPIRED OR DEFECTIVE PRODUCTS OR PROTOTYPES TO BE DESTROYED ?

Regardless of the material, we can destroy it. Whenever possible we will recycle the resulting shred or grind. Otherwise, it will be incinerated for energy or landfilled. Either way, you can be sure that your security will be ensured and your liability will be reduced.

Using state-of-the-art grinders, shredders, pulverizers, balers and densifiers, we are capable of handling any size job, including the destruction of the following:

*Construction Materials*  
*Medical Devices*  
*Confidential Documents*  
*Computers & Electronics*  
*Videotapes, Computer Disks, CD's*  
*Toys & Consumer Goods*  
*Credit Cards & Licenses*  
*Coupon Books, Comic Books & Magazines*  
*Food, Candy & Powdered Ingredients*  
*Off - Spec or Contaminated Plastic Pellets*

We are fully insured and have over twenty-five years experience destroying all types of products. For more information, or for a free price quotation, please consult [www.conigliaro.com](http://www.conigliaro.com) or call our sales department:

Dear Prospective Customer:

Conigliaro Industries is pleased to announce our solution to your Product Destruction problem. Using all types of massive shredders, balers, grinders, grapples and densifiers, Conigliaro Industries is capable of destroying virtually any product.

Benefits of Conigliaro Industries' Total Product Destruction Services:

- Complete, Secure, Product Destruction - products rendered totally unsalvageable
- Confidentiality is maintained
- Destruction reduces Customer Liability
- Computerized Tracking from material pickup, to processing, to final disposition
- Material recycled whenever possible, otherwise landfilled or incinerated
- Certificates of Destruction provided
- Destruction process may be viewed in person or videotaped, as needed
- Compliance with destruction guidelines
- Products may be picked up at customer's location or shipped directly to us

We strive to make your Product Destruction project as straight-forward and easy to implement as possible.

Products will be picked up at the generator's location and transported back to Conigliaro Industries' facility. Once there, they will be unloaded, and run through Conigliaro Industries' state-of-the-art Destruction and Recycling Facility.

The disposal of obsolete or defective products has been an issue for so many years. Now, Conigliaro Industries has created a more environmentally friendly, cost-effective, solution.
