

INDUSTRIAL RECYCLING MADE EASY !

Conigliaro Industries offers Total Recycling Services for industrial manufacturers and distribution centers. Our “One-Stop-Shopping Approach” allows you to recycle up to 150 materials with one recycling company rather than several, saving both time and money. We become your recycling department, handling program setup, containers and equipment, hauling, processing, and selling your commodities to end-market.

Our added-value features include free employee training, customer newsletters, and a state-of-the-art material tracking system. You can be guaranteed that your materials will be handled in a responsible and environmentally beneficial manner.

We will put you in compliance with solid waste recycling rules and regulations and help you meet your environmental goals. Better yet, we guarantee a 25% - 50% savings versus rubbish.

At Conigliaro, we recycle 150 materials, including all types of rigid and foam plastics, metal, glass, paper, corrugated, wood, rubber and textiles. Better yet, all of this material can be put on the same Conigliaro Industries trailer !

We provide free training and program design and offer a complete range of containers and equipment.

We track all of your material from point of pickup, through processing, and shipment to end-market.
