

Baker Creek Ceramics

Scholarship Application

Baker Creek Ceramics encourages underrepresented artists, BIPOC and LGBTQ+ communities to apply. Our goal is to provide a nurturing creative space for all who want to create in clay. We believe creativity is enhanced with opportunities to work alongside a variety of people from different generations and backgrounds.

We don't want money to be a barrier to creativity. We offer scholarships that cover 50% of tuition and one bag of clay. Scholarships are granted based on financial need or to encourage our BIPOC and LBGTQ+ communities to explore ceramic art. If this applies to you, fill out the short form below and return it to Baker Creek Ceramics.
