The year ahead...

Our plans for a new church hall

This week I received the good news that the DAC members (who advise the diocese about church building projects) were impressed with our plans for a our new church hall, when they visited St John's just before Christmas to receive a presentation from the architects. They haven't recommended that any changes be made to the most recent plans that we have. They say that we should go ahead and apply for a Faculty (which is the formal permission needed from the diocese for the building work to go ahead). We have started to gather the information needed to make this application.

We also need to get Planning Permission from the Tendring Council before we can proceed. We have asked the architects to help us make this application as soon as we can.

Any project like this is likely to face complications along the way – so we are asking everyone to pray that it will continue to make progress. We will also be arranging some special prayer times for the project. We will announce these when it becomes clearer what the next steps will be – *please watch out for details.*

As the year goes on, especially when the current hall is removed and then when the building work starts, we will have to make changes to how we do things. These won't always be straightforward or easy – and there will be an element of sacrifice needed from all of us.

However, I'm hoping that this will all be worth it in the end. Being able to build a hall like this is a "once in a lifetime" opportunity. Let's pray that God will help us to make it work - and He will use the new building for His work and for His glory.

Thank you, Mark.

P.S. We will put a copy of the plans for the hall up at the back of our churches so that everyone can have a look at what we're working towards.

HEATED CUSHIONS AT ST JOHN'S

We have decided to buy a few more of these (maybe 5 to start with) that will be at the back of St John's, charged up and ready to use each Sunday. These will be paid for using some of the money donated in the refreshments pot each week. If you would also like a personal one, please have a word with Mark.

Thank you to everyone who helped over Christmas

Lots of people worked very hard in the run-up to Christmas and then getting ready for and helping with our special services as well. So we want to say **a big thank** you to everyone who delivered invites, made our buildings look really lovely, prepared for our services, got food and refreshments ready, and helped at the events on the day – and in many other ways. People found the services helpful and we were also able to welcome many visitors.

Christmas Collection

Each year we like to give our collections, from the **Torchlit Service** in the churchyard and our main **Carols by Candlelight** at 6.30 on Christmas Eve, to a charity. This year it was to the **“Let's read together”** project that Kathryn Asiku runs in Uganda. The great news is that **£712.58** was given. **THANK YOU TO EVERYONE!**

Kathryn has told us a bit more about how this money will be used - see on the next page.

“What can we read next? We want more books to read!”

For 2 years, children have been meeting once a week in reading groups at 20 churches in the Lunyole and Lugwere speaking communities in Uganda, where they are able to listen to stories being read and practice reading in their own language - something most of them rarely get the chance to do at school, where English is usually the order of the day. These groups were started as part of the **“Let’s Read Together”** literacy project, funded by Wycliffe UK and managed by Kathryn Asiku and the literacy team in Uganda. Stories written and illustrated by community members were used to produce a set of books and each group has received a box of the story books for the children to use. As a result of these groups, children are now being asked to read the Bible in church services and are doing better at school due to improved reading skills and growing self-confidence levels. Due to the success of the project, children have been asking for more books to read, especially at the higher reading levels. So earlier this year, more stories were written and illustrated and now more books are ready to be printed. However, as the funding for the project has already come to an end, we are inviting contributions towards the costs of providing these additional books. This will enable the children to have more books to read, and in particular more Bible stories.
