Independent Auditor's Report

To the Board of Directors
The Mission of Yahweh, Inc.

We have audited the accompanying financial statements of The Mission of Yahweh, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2019, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Mission of Yahweh, Inc. as of December 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Christman & Co.

NOTE 1 – NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

<u>Nature of Organization</u>: The Mission of Yahweh, Inc. (the "Organization") was organized as a nonprofit corporation under the laws of the State of Texas on March 14, 1971. The Organization was originally incorporated as Missions of Yahweh, Inc. and was operating under the name of Mission of Yahweh, Inc. from inception through July 2011. In August 2011, the Organization filed for and received an assumed name certificate to operate under the name The Mission of Yahweh, Inc. for a period of ten years. The Organization is located in Houston, Texas.

The purpose of the Organization is to provide temporary relief to poor, distressed and underprivileged women and children. The Organization has established facilities for its residents which provide housing, food, clothing, and education as well as nondenominational worship. The Organization also has an outreach program which serves the nearby community through distribution of donated goods and clothing not consumed by the Organization's residents.

<u>Basis of Accounting</u>: The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles established for voluntary health and welfare organizations.

Adoption of New Accounting Standards: Effective January 1, 2019, the Organization adopted the guidance in Accounting Standards Codification Topic 606, Revenue from Contracts with Customers. The core principle of this new guidance is that an entity should recognize revenue in an amount that reflects the consideration to which it expects to be entitled in exchange for transferred goods and services using a 5-step process to determine when performance obligations are satisfied, and revenue is recognized. Also, effective January 1, 2019, the Organization has adopted the guidance in Accounting Standard Update 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made, which clarifies the distinction between contributions and exchange transactions and between conditional and unconditional contributions. These amendments have been applied on a retrospective basis to the financial statements for the year ended December 31, 2018. Because of the timing and amount of revenue recognized previously is not different from revenue recognized under the new guidance, adoption of these standards had no impact on total beginning or ending net assets for the year ended December 31, 2018.

<u>Income Taxes</u>: The Organization is exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code of 1986 "Code" and has been classified as an organization, which is not considered a private foundation within the definition of Section 509(a) of the Code. Accordingly, contributions to the Organization are eligible for tax deduction to the maximum extent allowed under the Code by the donor under Section 170 of the Code.

<u>Public Support and Revenue Recognition</u>: Public support is derived through voluntary contributions from individuals, corporations, private foundations and churches. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Donated Services and Assets</u>: Donated services are reported as contributions when the services (a) create or enhance nonfinancial assets or (b) would be purchased if they had not been provided by contribution, require specialized skills and are provided by individuals possessing those skills. At December 31, 2019, a substantial number of unpaid volunteers have made significant contributions of their time to develop the Organization's programs. No amount has been reflected in the accompanying financial statements for other donated services inasmuch as no objective basis is available to measure the value of such services. Donated assets and goods, if significant, are included in public support at fair value. Donated assets and goods of \$453,029 have been reflected at fair value in the financial statements for the year ended December 31, 2019.

<u>Use of Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. The more significant areas requiring the use of management estimates relate to useful lives for depreciation, valuation of donated materials, valuation of donated property and equipment and categorization of functional expenses. Accordingly, actual results could differ from those estimated.

<u>Functional Allocation of Expenses</u>: The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

<u>Cash and Cash Equivalents</u>: For purposes of the statement of cash flows, the Organization considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

<u>Investments</u>: Gains and losses on investments are treated as increases or decreases in unrestricted net assets unless a donor or law temporarily or permanently restricts their use.

<u>Property and Equipment</u>: Property and equipment purchased or constructed by the Organization is recorded at cost. Acquisitions of property and equipment of more than \$5,000 are capitalized. Donated property and equipment are recorded at estimated fair value at the date of donation. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, which range from five years to thirty years. Expenditures for major renewals and betterments are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred. When equipment is retired or otherwise disposed of, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is reflected in unrestricted income.

<u>Fair Value Measurements</u>: The Organization adopted ASC 820 "Fair Value Measurement and Disclosures" for financial assets and liabilities which is intended to increase consistency and comparability in fair value measurements by defining fair value, establishing a framework for measuring fair value and expanding disclosures about fair value measurements. At December 31, 2019, the Organization's carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities approximated their fair market value.

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Inventory</u>: Inventory held by the Organization consists of donated materials used for the Organization's fund raising efforts. Donated inventory is recorded in the year received at fair market value as determined by the Organization's management. At December 31, 2019, the Organization had no inventory.

<u>Community Outreach</u>: During the ordinary course of business, the Organization receives food, clothing, toiletries and other goods donated by various donors for the residents of the Mission. Donated goods in excess of the Mission of Yahweh needs and storage capacity are distributed to needy families in the neighborhood. At December 31, 2019, the Organization's management determined the value of donated goods consumed by the residents with the remaining amount recorded as a contribution to community outreach.

<u>Financial Statement Presentation</u>: Information regarding the financial position and activities of the Organization is reported in two categories as follows:

Net Assets Without Donor Restrictions: represent expendable funds available for operations which are not otherwise limited by donor restrictions.

<u>Net Assets With Donor Restrictions</u>: consist of (i) contributed funds subject to donor or grantor imposed restrictions related to a specific purpose or requiring a specific passage of time before the funds can be spent, and (ii) contributed funds subject to irrevocable donor restrictions requiring the assets be maintained in perpetuity for the purpose of generating investment income to fund current operations.

NOTE 2 - PROPERTY AND EQUIPMENT

At December 31, 2019, property and equipment consist of the following:

Land	\$ 249,506
Land Improvements	38,769
Buildings and Improvements	3,101,168
Furniture and Equipment	231,091
Automotive Equipment	74,108
	\$3,694,642
Less Accumulated Depreciation	(2,035,376)
1	\$1,659,266

For the year ended December 31, 2019, depreciation expense is \$180,098.

NOTE 3 - MARKETABLE SECURITIES

The Organization accounts for marketable securities under ASC 320 which requires entities to account for marketable equity securities at fair value. The marketable securities fair value is measured based on level 1 where observable inputs reflect quoted prices in active markets. The Mission classifies its marketable securities as trading securities. Trading generally reflects active and frequent buying and selling, and trading securities are generally used with the objective of generating profits on short-term differences in price. At December 31, 2019, the Organization had no marketable securities.

NOTE 4 - RELATED PARTY TRANSACTIONS

Various members of the Board of Directors made contributions to the Organization during the year ended December 31, 2019 in the amount of \$95,866.

NOTE 5 - CONCENTRATIONS OF CREDIT RISK

The Mission occasionally maintains deposits in excess of federally insured limits. In accordance with ASC 825, the Organization identifies this as a concentration of credit risk requiring disclosure, regardless of the degree of risk. The risk is managed by maintaining all deposits in high quality financial institutions.

NOTE 6 - NOTE PAYABLE

The Organization had a note payable to a partnership with interest at .001%. Final principal and accrued interest was due and payable on July 15, 2019 and the note was secured by specific property owned by the Organization. This note was paid off in 2019.

NOTE 7 - EMPLOYEE BENEFIT PLANS

The Organization has a 401(k) plan in effect for the benefit of all eligible employees. Under this plan, matching contributions by the Organization are not permitted.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

Through the Affordable Housing Program (AHP), the Organization executed a Deed of Trust in favor of Compass Bank a member of the Federal Home Loan Bank of Atlanta (FHLBA) for a fifteen-year period beginning in January 2016. FHLBA provided the Organization with \$500,000 which was utilized for the rehabilitation of 44 multifamily units. In accordance with the agreement, no principal or interest payments are required on the advance as long as the multifamily units remain available as a housing facility to eligible individuals for a fifteen year period. Management believes the property is being operated in compliance with this agreement; therefore, no liability has been recognized in these financial statements.

Amounts received from government and other grants require the fulfillment of certain conditions as set forth in the grant contracts. The Organization intends to fulfill the conditions of all grants, recognizing failure to fulfill the conditions could result in the return of the funds to the grantors. Amounts received or receivable from grantor agencies are subject to audit and adjustment by the grantor agencies. Any disallowed claims, including amounts already collected, could become a liability of the Organization. In management's opinion, disallowed claims, if any, would not have a material adverse effect on the Organization's financial position or results of operations.

NOTE 9 - NET ASSETS WITH DONOR RESTRICTIONS

At December 31, 2019, net assets with donor restrictions consist of the following:

Van Purchase	\$	20,000
Seniors Program		35,000
Kingdom Expansion Program		14,311
Workforce Integration Now		8,501
Other Restricted		1,864
Children's Program		2,500
Dental Program		9,500
Mercy House Water Heaters		5.000
	\$	96,676

In 2019, net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose specified by donors as follows:

Purpose restriction accomplished:

Dental Program	\$	28,078
House of Joy Improvements		12,600
Beds and Mattresses		20,000
Children's Program		13,166
Other Restricted		7,839
Seniors Program		60,000
Children's Library		428
Children's Library Renovations		12,400
Computer Equipment and Software Upgrades		14,285
Workforce Integration Now		31,155
Back-To-School		1,294
Christmas on a Mission		46,629
Staff Salaries		18,000
Women's Transportation Program		64,820
Kingdom Expansion Program		60,565
Thanksgiving Outreach	-	6,025
Total Restrictions Released	\$	397,284

NOTE 10 – CONDITIONAL PROMISES TO GIVE

In accordance with ASC 958, the Organization recognizes revenues on conditional promises to give when the restriction upon which they were issued is met. Once the Organization satisfies the conditions of the promise all or part of the promise becomes unconditional and available for use. At December 31, 2019, there were no conditional promises to give.

NOTE 11 -LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Organization manages its liquidity by investing cash in excess of daily requirements in short-term investments, typically money market or certificate of deposit accounts.

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, are comprised of the following:

Cash and cash equivalents Gift cards Prepaid and other assets	\$ 631,937 1,617 <u>27,575</u>
Total	\$ 661,129

NOTE 12 –SUBSEQUENT EVENTS

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen that could negatively impact the operations of the Organization. However, the related financial impact and duration cannot be reasonably estimated at this time.

Subsequent to December 31, 2019, the Organization received a loan of \$195,000 under the Paycheck Protection Program through the Small Business Administration created by the federal government. The extent of future forgiveness of the loan proceeds is not assured at this time.

Management has evaluated subsequent events through January 22, 2021, which is the date the financial statements were available to be issued.
