

PURA SUNLESS TANNING EXPERIENCE

1. Enter the Pura booth and face outward for your Sunless Experience. Follow all voice prompts.
2. Place your foot in position A and align the arch of your foot to the line that says ARCHES HERE. Gently hold your arms out to the sides and bend your fingers slightly.
3. Press the start button, you will be given a countdown (3-2-1) just prior to the session beginning. Take a breath and gently close your eyes. CAUTION: Do not breath in when the spray bar is passing at head level in position A or B.
4. Follow all voice prompts during your Pura Sunless Experience.
5. At the end of your session, carefully exit and step away from the booth.
6. After a delay, a system purge and wash down cycle will start in a matter of seconds.
DO NOT BE ALARMED AND DO NOT RE-ENTER THE BOOTH.
7. Remove foot protectors and hair cap and any other accessories you may have used..
8. With moist towel remove excess barrier cream from applied areas and wash your hands.
9. Redress with loose fitting attire.
10. It is recommended not to wear silk or nylon after a sunless experience.
11. Avoid sweating, this will cause your tan to streak and fade.

NOTE: Application of barrier cream to other body parts will prevent tan development in those areas.

NOTICE: In the event you would trigger the Pura Safety System do not be alarmed, voice prompts

will advise you of what to do. Someone will be back to assist you soon. If you pressed Start/Stop button by error, please press it again to resume your Pura session.
