Hello!

Thank you for taking the time to learn more about our mission and why Threads of Hope is so important to me. At Threads of Hope every child deserves to feel seen, valued, and supported, especially the children being impacted by the foster care system. We work hard to make sure every child in a foster care home has the essentials and more as they enter a new home, start school, or age out of the system and begin a new stage in life. Threads of Hope is more than just providing the “things” it’s also a way of showing we are here and we care.

The Board of Directors and I would love the opportunity to serve more children in the month of August. With school approaching, we are ready for school age children to come shop! Book your times in advance to ensure every child receives what they are in need of! We would love to see more smiling faces with their caseworkers. I believe a wardrobe is part of making sure the child is supported, seen, and valued. The booking link is live now on our website!

i am proud to announce our first program is under way! Threads of Hope is now offering love and support for the parents actively working their case plan and working on reunification with their children. I have seen first hand, both as a CASA advocate and a foster mom, the beauty in reunification. Parents in these situations often feel defeated but Threads of Hope is welcoming with open arms in a non-judgment zone. We want them to be successful in their journey, too. They, too, deserve to be seen, heard, and supported. Please reach out to me directly to schedule these appointments.

Threads of Hope has created an emergency box for DFS with bags of every size for the emergency situations. We are on standby to refill as needed.

Included with this letter is our event flyer for August 8, 2026! We would love to see you all there! Thank you for the love, support, and encouragement with the leadership change. let’s continue to make a difference one child at a time.

Sincerely,

Jillian Reagan
