RAISED \$500K IN CHARITABLE CONTRIBUTIONS

Raised \$31,000 dollars for Christmas gifts for children of less fortunate tribes from the Great Plains Tribes of Montana as part of the 2006 Annual Tribal Christmas Drive

Last year, NIGA and Member Tribes raised approximately \$200,000 through a Christmas toy/clothing/food drive for Indian children in need on Indian reservations in North and South Dakota, Montana, and the Navajo Nation.

For example, through our Christmas drive last year children in court-ordered foster care on the Rosebud Sioux Reservation received at least one article of clothing that they needed and a Christmas toy that they wanted. Without assistance, they would have had very little Christmas cheer because of their difficult family circumstances.

Raised over \$200K in charitable contributions for a Native American Tribal Government who was a victim of hurricane Rita.
