

The December Show

Artist Information

Updates / Changes

- Each booth will be given two banquet tables instead of one
 - Booths will be expanded by 15% in size to allow for extra wiggle room (this means we will be able to accommodate slightly fewer artists)
 - Double booth is \$500 and single booth is \$350 for the weekend
- (we were way over budget last show and hope to provide more going forward so costs had to shift very slightly, mostly for single booths, we hope you understand!)

Load-in Info

Thursday December 5th from 1-6pm and Friday December 6th from 1-6pm

You can arrive anytime during those two windows to set up your stations and get ready for the weekend. Staff will be onsite to show you to your space, help with supplies needs etc. Each booth will be given a 6x2.5" banquet table to display their flash and artwork on. Please bring a table cloth and feel free to make a cool display for guests to check out. We will have hooks in the wall for banners to be hung, but also encourage artists to make or bring more alternative style signage than plastic banners

If you are interested in joining us please write back to this email with the names and IG handles of the artists interested and we will get back to you. We cannot guarantee participation as we have fewer spots for this event. Booths will become open to the public next week. If we don't see you this show we hope to see you at the larger convention next year. Thank you!!
