

# Purposed Transformative Prayer

A Post-Salvation Spiritual Development Process

# Moving Beyond Salvation

## FULFILLMENT OF HOPE

All new believers desire to move beyond salvation and into a personal-transformative relationship with Jesus Christ in fulfillment of expectant hope.

The promise of discovering God given potential and its purpose motivates each to work out their salvation.

The interactive process of spiritual discovery involves the progressive impartation of Spirit knowledge leading to considered understanding.

# Systematic Guiding Approach

## PURPOSE TRANSFORMATIVE PRAYER

Offers a systematic guiding approach to the enigma of spiritual discovery.

It centers on developing a unique personal relationship with Jesus Christ

through which understanding of each one's potential based purpose evolves.

Such a relation-ship requires each to move into a position of spiritual harmony with his immovable Creator God for Spirit knowledge to convey.

# Biblical

## THE FOUNDATION

The bible provides basic conditions by which one knows they are experiencing spiritual harmony. The ability *"to be still and know that I am God"* represents the seminal condition by which one knows God is receptive to engaging in intimate relational fellowship. Experiencing palpable peace transcending all understanding is the indicator spiritual harmony exists and intimate fellowship with God is established.

# Fellowship with God

## HIS OMNIFICENCE, OUR FREE WILL

The desire to adopt the presence of mind necessary to engage God in fellowship on His terms facilitates through awareness and appreciation of foundational Truth. This Truth coalesces around the separate but equal essences of the Father, Son, and Holy Spirit; by this each may come to know omnificent God.

Facilitating foundational Truth extends to the awareness and appreciation of the leading role “free will” plays in the plan of the Father to draw unto Himself the remnant of humanity destined to become His eternal family. Reciprocating love overcomes in an antagonistic world environment. Man’s exercise of free will is practiced as an imperfect art before a perfect God for purposed relational development.

# Relational Development

## HUMILITY + AWARENESS + FORGIVENESS

Relational development produces humility placing each at the foot of the cross as we become aware and appreciate the cost Jesus paid to reconcile imperfect man with perfect God.

**Awareness and appreciation of the cost He paid moves our perspective** on forgiving others into the context of right spiritual Truth.

**A presence of mind** evolves which mirrors His perspective on the role of forgiveness, extended by grace, within a free will environment. We thereby demonstrate our appreciation of intimate fellowship within the environment of spiritual harmony by extending absolute forgiveness to others in like kind spirit.

# Spiritual Growth & Small Groups

# Sanctification & Spiritual Growth

## A TOOL FOR SMALL GROUPS

The Purposed Transformative Prayer template develops into a sanctifying tool deployed in small group settings. These unique settings promise optimal environments where mentorship, encouragement, and account-ability, manifesting in maturing spiritual growth might take root and flourish.

Such environments are predisposed to support the systematic development of awareness and appreciation of foundational Truth fueling the desire to engage in daily fellowship with God. By this, the promise of spiritual purpose and provision evolves in confident humility as the natural extension of salvation. Saving knowledge thereby becomes the starting point for the intimate fellowship sought.

## Alpha Testing

The objective of alpha testing is to yield a predictably repeatable progression of Spirit driven results from each test participant culminating in manifest spiritual harmony. The development of the program narrative component evolves through the insightful feedback of alpha testing participants.

## FIRST-EDITION

A first edition program develops through **narrative development**. The narrative validates through corresponding bible-centric commentary from a scholarly perspective. The aggregated work product may then be beta tested.

A first edition emerges for **general use within the small group environment**. It presents through a user-friendly presentation format, daily prayer guide, and journaling platform. Interactive participation leading to thought-provoking questions directed to the Spirit in subsequent daily prayer is purposed.

## Process (8 weeks)

**Alpha testing was conducted based on the following eight-week process.**

A proposed eight-week spiritual development process centers on understanding the six stages of sanctification. The topics highlighted present as insightful building blocks. Each weekly session contains guidance one may consider while engaging in the evolving art of daily prayer. Intimate fellowship is a function of spiritual harmony manifesting from patient and persistent Spirit led prayerful consideration.

## CURRICULUM

Schedule	Topic	Goal
Week 1	Knowable Omnificent God	To Know God
Week 2	Engaging God on His Terms	Developing Faith
Week 3	Seasons of Sanctification	Following Salvation
Week 4	The Essence of Prayer	Abiding with Him

First four weeks Topics & Goals

## CURRICULUM

Schedule	Topic	Goal
Week 5	Experiencing Intimate Fellowship	Deeper Walk
Week 6	Relational Worship & Praise	Motivation
Week 7	The Cross Each Carries	Discovery
Week 8	Relational Engagement	In Christ

First four weeks Topics & Goals

**Timeless  
Relevance**

# Life-long Relevancy

## PERSISTENCE IN TESTING

Ongoing spiritual development is not only applicable to the new believer but holds life-long relevancy for all desiring to walk daily with Christ. Our walk through the valley of the shadow of death is meant to be a crucible of testing. None are blessed with the strength to persevere without faltering.

Testing is wearisome by design. Believers often seek accommodating refuge by taking expedient liberty with their free will. God continually evaluates sincerity and determination; thus, our love of Him, our commitment to serve Him, our far-sighted focus on His Bema Seat, all filter through our exercise of free will.

# Complacency

## COUNTERMEASURES

The complacency trap is a form of refuge most experience. God abhors sinful exploits and self-serving motivations to be sure, but also lukewarm conditions like complacency.

Purposed Transformative Prayer may apply as a countermeasure.

Overcoming or avoiding the complacency trap is a function of the maintenance of daily spiritual prayer-based focus on the pursuit of God given purpose and potential.

# Immediate Application Need

## The Need

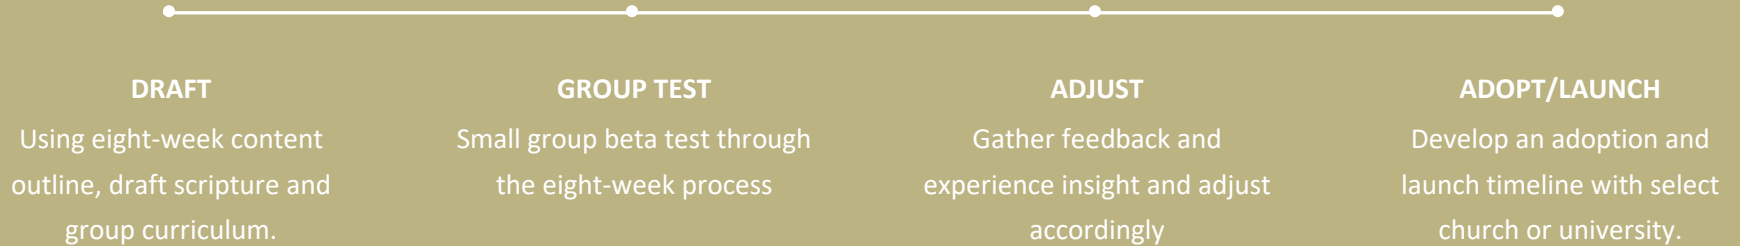

A need exists to develop Purposed Transformative Prayer into an effective church-driven program.

**My expectant hope *seeks* professional help:**

1. assistance in identifying, and referral into, an appropriate alpha testing small group, (Completed by Larry Lundstrom, Pastor 06/2023) *and*
2. evaluation through constructive criticism with respect to the completion of adoption and completion of acceptable program draft.
3. referral to a credible bible scholar willing to contribute validating bible-centric commentary (should alpha testing results merit such referral).

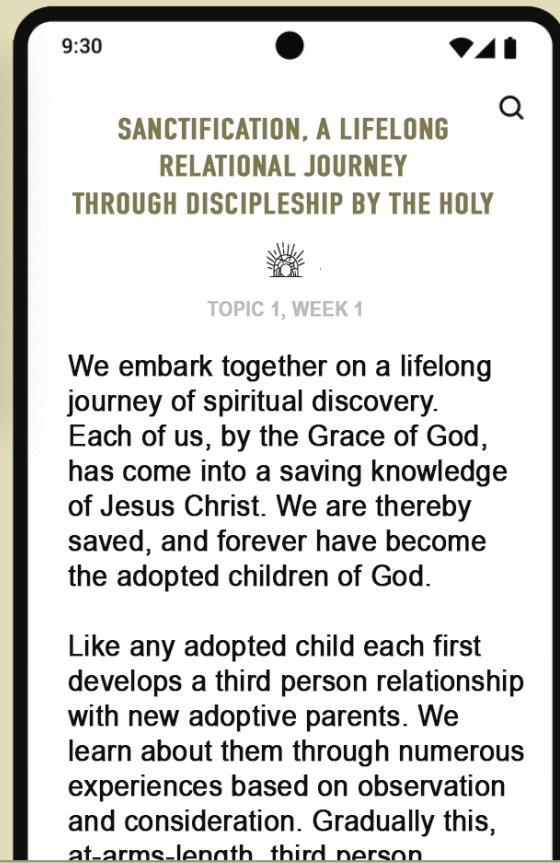

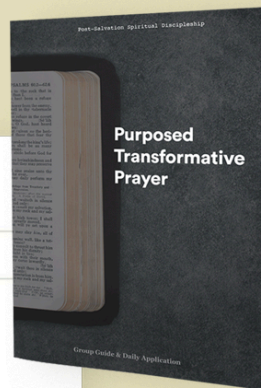

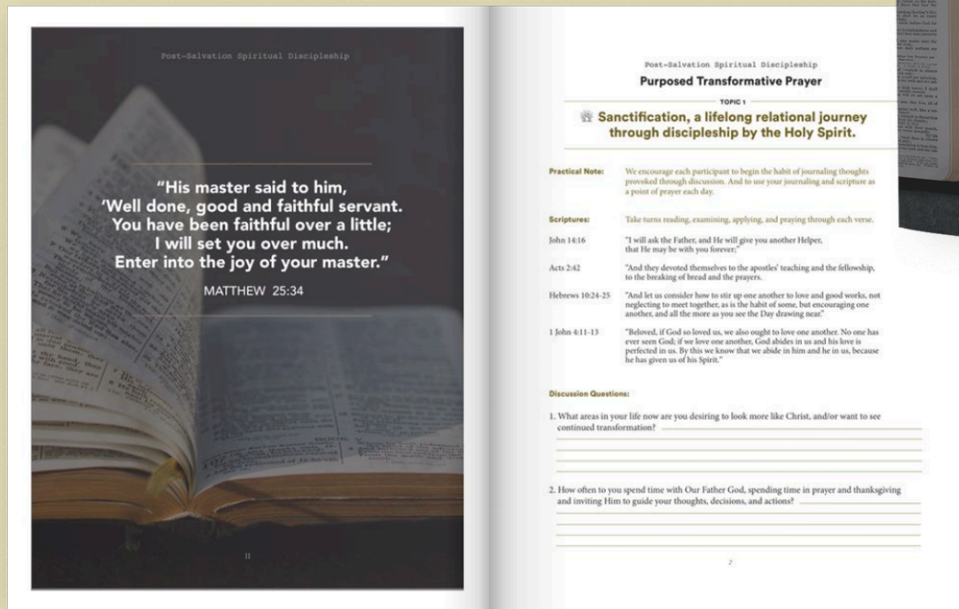

## ADOPTION TIMELINE

# Purposed Transformative Prayer Guide + App

## PURPOSED TRANSFORMATIVE PRAYER

Offers a systematic guiding approach to the enigma of spiritual discovery. It centers on developing a unique personal relationship with Jesus Christ through which understanding of each one's potential based purpose evolves. Such a relationship requires each to move into a position of spiritual harmony with his immovable Creator God for Spirit knowledge to convey.
