

The Tinley Park Rockers is an organization and is a not-for-profit softball organization. Our organization is dedicated to the overall development of the girls who play for us.

While these girls have the choice to play for the local recreation leagues, they have chosen to dedicate themselves to a higher level of play. The people in our organization work hard to make those desires come true. We have found that the girls learn more than fast-pitch softball. They learn to become leaders. They learn about priorities. They learn about what it is to be on a team.

All of our managers, coaches, and assistants volunteer their time. They work hard, and in most cases, spend their own money to make sure that the girls have everything they need.

So far, our program has tried to run on the funds that have been collected from the families of the players. Our biggest costs have been to use the facilities that we play on. As the rules change, it affects our organization.

We are asking that you make a contribution to our program.

Thanks!

***Tinley Park Rockers!***
