

HARVEST SOLUTIONS

Platform Outline

The Harvest Solutions platform is an all in one community helping people find life skills, employment, housing, and support. All under one application.

Customizing access and security for a tailored experience to specific modules. Harvest can customize our platform for all populations including incarcerated and civilian.

Harvest Solutions helps restore hope in those who've lost their way by rebuilding confidence and self-worth—paving the way for a brighter, more successful future.

We show our community that the more you invest in yourself you reap with rewards. We build active contributors of society and your community.

SNAP & TANF Recipients

Harvest Solutions empowers SNAP and TANF recipients by connecting them to essential resources, educational content, and real opportunities for personal and economic growth. Through our platform, users can access tools for housing, employment, wellness, and financial literacy—designed to reduce dependency and increase self-sufficiency. With a reward-based system that incentivizes positive action, Harvest creates a pathway toward stability and long-term success for individuals and families.

- **Curated educational content on budgeting, parenting, nutrition, job readiness, and more**
- **Access to affordable housing listings, job opportunities, and community services**
- **Rewards system for completing courses, attending events, and taking positive steps**
- **Incentives that can benefit the entire household (e.g., savings, food, transportation access)**
- **Encouragement and dignity through uplifting, relatable, lifestyle-driven media**
- **Integration with local assistance programs to streamline support and maximize impact**

Juvenile Facilities and Alternative Schools

Harvest Solutions reaches juveniles in facilities and alternative schools with inspiring, relevant content that builds confidence, life skills, and purpose. Our platform delivers bite-sized education, mental health support, and career exposure in a format designed for Gen Z—engaging, mobile-first, and full of positive role models. By meeting youth where they are, Harvest helps reshape their outlook, reduce recidivism, and build bridges to a brighter, self-directed future.

- **Age-appropriate, culturally relevant content on life skills, emotional intelligence, and personal growth**
- **Mental health resources and motivational media to address trauma, anxiety, and self-worth**
- **Career discovery tools, job readiness training, and mentorship-style content**
- **Access within juvenile detention centers, group homes, and alternative education environments**
- **Incentives and gamification to keep youth engaged, focused, and motivated**
- **Family engagement tools to support healing and communication**

Incarcerated & Formally Incarcerated

Harvest Solutions is committed to transforming the lives of incarcerated individuals by delivering life-changing educational content directly within correctional facilities. Our platform provides access to practical, empowering courses focused on personal development, job readiness, recovery, and reentry preparation.

Upon release, individuals seamlessly transition into our broader support ecosystem—connecting to jobs, housing, mental health services, and mentorship. Additionally, we extend incentivized support to their loved ones and families, creating a ripple effect of stability, hope, and long-term success.

- **Delivers bite-sized, impactful educational content while incarcerated (via tablet or secure access).**
- **Focuses on job readiness, life skills, recovery, and reentry planning.**
- **Seamless post-release transition with continued access to jobs, housing, and support services.**
- **Earn rewards while incarcerated and continue earning post-release.**
- **Loved ones and family members can also earn incentives through engagement, learning, and support.**
- **Reinforces dignity, reduces recidivism, and strengthens family units and community ties.**

Veteran Outreach

Harvest Solutions honors and uplifts Veterans by providing a centralized platform for transition support, personal development, and community connection. Whether navigating civilian life, seeking employment, or managing mental health challenges, Veterans can access curated content, resources, and tools designed to empower, not overwhelm. With motivational media, job and housing support, and incentivized engagement, Harvest helps Veterans find purpose, stability, and a renewed sense of mission.

- **Veteran-focused content on career transition, entrepreneurship, and financial wellness**
- **Access to housing resources, employment listings, and local veteran services**
- **Mental health support, peer stories, and guided wellness content**
- **Tools to navigate VA benefits, disability claims, and healthcare systems**
- **Incentives for participation—earning rewards through action, learning, and engagement**
- **Community spaces for connecting with other Veterans and building a support network**
- **Respectful, empowering messaging that recognizes service and promotes purpose-driven reintegration**

Populations in Recovery

Harvest Solutions provides a safe, uplifting digital space for individuals in recovery to stay connected, inspired, and on track. Through educational content, emotional wellness support, and practical life tools, our platform reinforces recovery journeys while opening doors to jobs, housing, and healthy community engagement. With reward-based incentives and a lifestyle-driven approach, Harvest helps users build momentum, find purpose, and sustain long-term healing—one positive step at a time.

- **Daily content focused on mental health, relapse prevention, emotional regulation, and purpose-building**
- **Tools for finding sober housing, employment opportunities, and support networks**
- **Inspirational media and real recovery stories from relatable voices and Thought Leaders**
- **Gamified rewards system to reinforce healthy habits and track personal growth**
- **Connection to community events, virtual meetings, and group support**
- **Integration with recovery centers, outpatient programs, and peer coaching models**
- **Dignified, lifestyle-first approach that feels encouraging—not clinical or stigmatizing**

College Outreach

Harvest Solutions engages college students with meaningful content that supports mental wellness, career development, and real-world preparedness. Our platform meets students where they are—on their phones—with short-form, high-impact videos from relatable voices and lifestyle leaders. Whether navigating stress, job searches, or financial pressure, students can access practical tools, campus resources, and a reward system that turns personal growth into real-world benefits bite-sized educational content on mental health, career readiness, budgeting, and self-leadership

- **Bite-sized educational content on mental health, career readiness, budgeting, and self-leadership**
- **Job and housing search tools built for student needs (including internships and shared housing)**
- **Rewards and incentives for engaging in positive behaviors (e.g., watching wellness content, applying for jobs, attending events)**
- **Peer-to-peer storytelling and guidance from influencers and Thought Leaders students relate to**
- **Integrated support for food insecurity, mental health, and crisis resources on or off campus**
- **Opportunities to join interest-based communities and leadership circles within the app**
- **Partnerships with colleges, student orgs, students services, and campus resource offices**

Empowering Women

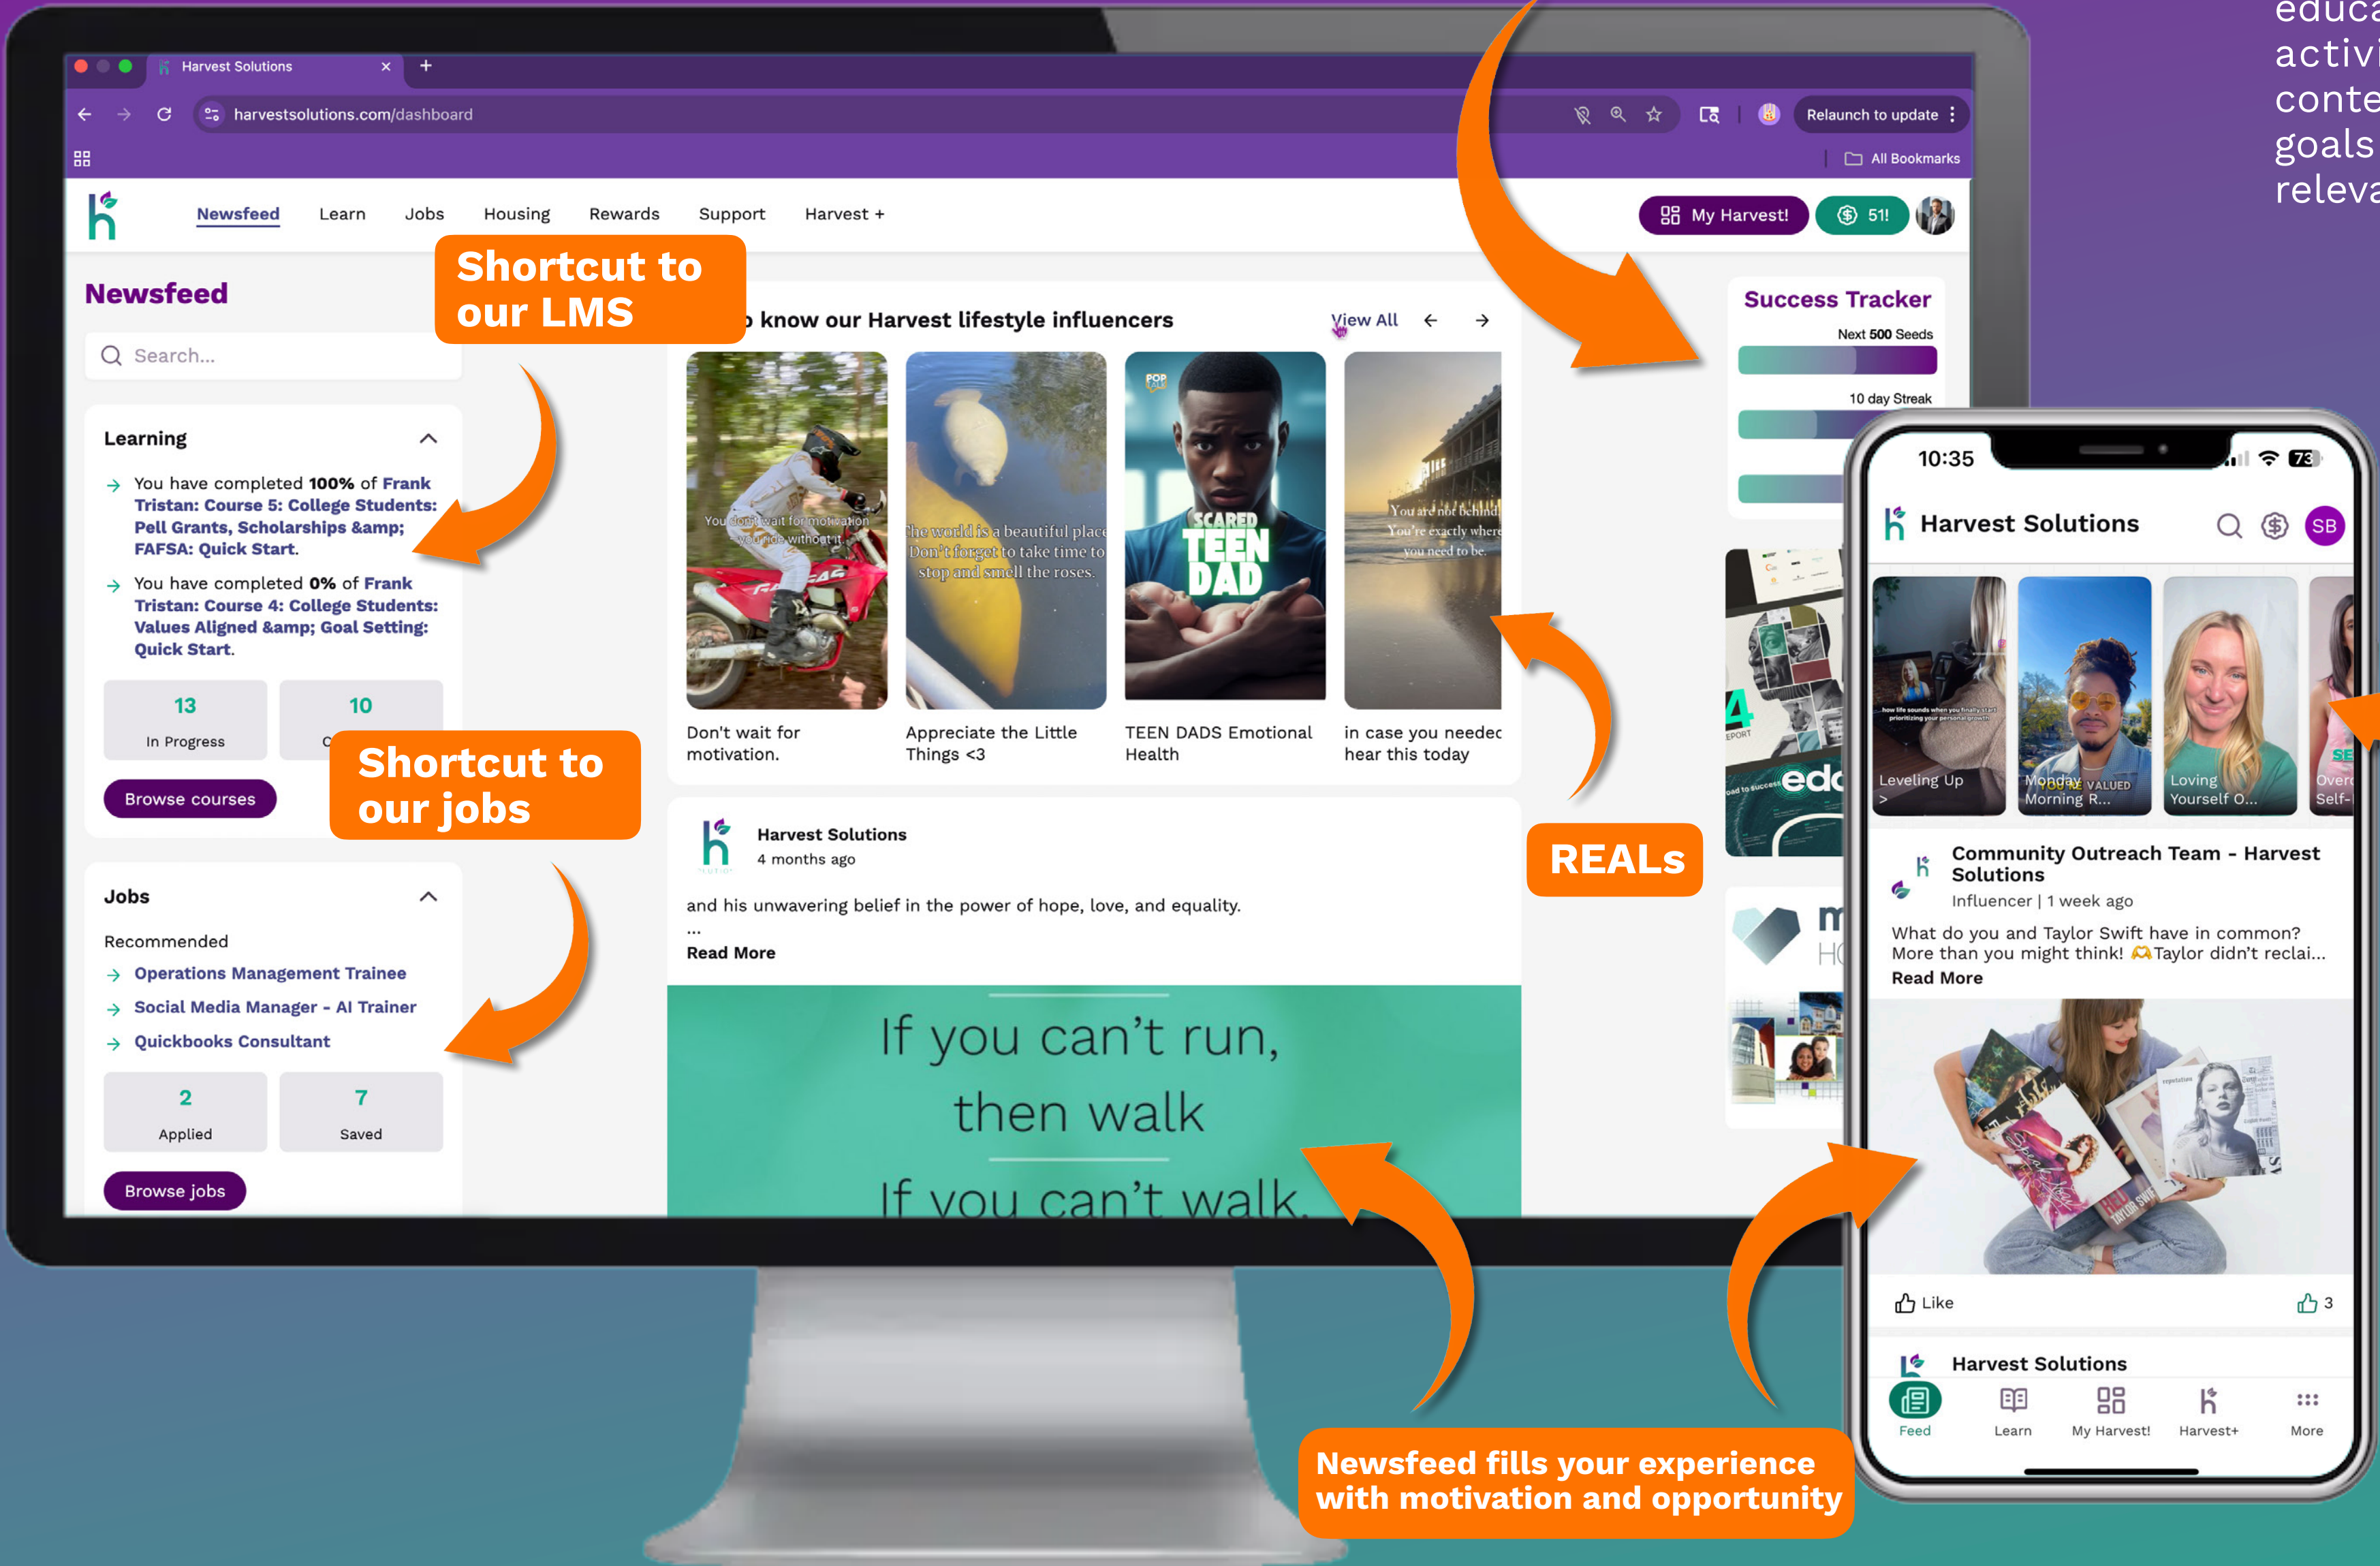

Harvest Solutions is a safe, empowering platform for women navigating the aftermath of domestic violence, sexual assault, or abuse. We offer trauma-informed educational content, healing resources, and practical tools to support independence, rebuild confidence, and restore dignity. With discreet access to mental health support, housing and job pathways, and an incentive-based system for personal growth, Harvest helps women take back control—on their own terms, at their own pace.

- **Trauma-informed content on healing, self-worth, boundaries, and personal safety**
- **Access to housing resources, emergency shelters, legal aid, and employment support**
- **Discreet platform design to protect identity and ensure privacy**
- **Mental health tools including mindfulness, emotional regulation, and therapy referrals**
- **Peer stories and motivational media from strong, resilient women leaders**
- **Rewards for engaging in self-care, learning, and rebuilding steps**

Dashboard & Newsfeed

Success tracker keeps you motivated and on your path of success!

The Harvest Solutions Newsfeed is a dynamic, real-time hub that keeps users informed, engaged, and inspired. It features updates on new job and housing opportunities, local events, educational courses, partner promotions, rewards activity, and community highlights. Curated content is personalized based on each user's goals and needs—empowering them with timely, relevant information every time they log in.
