## How to reset your toca life world

**How do you reset toca life world. Why does my toca life world keep resetting. How to reset your toca world. What happens if you reset your toca world.**

After updating to version 1.8 of Toca Life: World, my purchases are gone and I can't access any of the locations. What should I do? iOS Devices: Go to the shop in Toca Life: World Scroll to the bottom of the shop and click the "Restore Purchases" button Android Devices: Go to settings on your Android device Go to apps section and open Toca Life: World Click the option to "Clear Cache" Restart Toca Life: World and your locations should show up OR: Go to settings on your Android device Go to apps section and open "Google Play Store" app Click the option to "Clear Cache" Restart Toca Life: World and your locations should show up We're working hard to provide a fix to this issue as soon as possible. Thanks for your patience! What is Toca Life: World? Toca Life: World is our new app that brings all of the Toca Life apps together in one mega app! Not only is it the place for all the existing apps, it's also the place for all coming new themes, locations and updates. Toca Life: World is free to download on the App Store, Google Play and Amazon Appstore.

Toca Life: World comes with a full play experience: Bop City including 8 locations and 39 characters. If you own any Toca Life apps since before can you add them, and choose if you want to buy more things in the shop. And you'll get gifts! Every Friday there's a new surprise gift in the Post Office. How can I add my previous Toca Life apps to Toca Life: World? There are two ways to add your existing Toca Life apps to Toca Life: World Alternative 1: 1. You need your previously purchased Toca Life apps installed on the same device as Toca Life: World. They need to be up-to-date so make sure there's no update available on the App Store/ Google Play/ Amazon Appstore. 2. Visit the shop in Toca Life World. 3. At the top of the shop you'll see the icons of the Toca Life apps you have installed on device. Tap on one at a time (if several) and World will add the content of the app to the World map. 4. Now you should see everything being built up on the map in Toca Life World. Alternative 2: 1.

Open the Toca Life app of choice, e.g. Toca Life: Office. Make sure it's the latest version of the app. 2. Open Toca Life: World, enter the app and go to the map view. Now the transition of the first app, e.g. Toca Life: Office, happens automatically in the background. 3. The app of choice, e.g. Toca Life: Office, should appear on your map. Why isn't all content in Toca Life: World free? We're excited present all the the Toca Life apps in one World. The app is free to download, comes with a lot of fun content for free and let's you connect all the apps you already own. From there it's up to you how you choose to expand your world. You can either make purchases in the shop, or just enjoy the free weekly gifts that can be found inside the post office location. How can I claim my free weekly gift in Toca Life: World? All users get free gifts in Toca Life: World every week.

And during the month of December 2018 there's a new surprise every day! Follow the steps below to claim your gift. 1. Download Toca Life: World for free on the App Store, Google Play or Amazon Appstore 2. Visit the post office in Bop City 3.

Tap the button with the gift symbol 4.

Wait for it... 5. Tadaa! Double tap to open it! All weekly gifts are released worldwide at the same time: Fridays @ 2AM CET/8PM EST/5PM PST During December 2018 all daily gifts are released worldwide at the same time: 2AM CET/8PM EST/5PM PST Make sure to claim your gift before it's gone, each item is available for one week only.

Why does this app use the in-app purchases payment model? We're excited present all the the Toca Life apps in one World. The app is free to download, comes with a lot of fun content for free and let's you connect all the apps you already own. From there it's up to you how you choose to expand your world. You can either make purchases in the shop, through a single payment as with a standalone app, or just enjoy the free weekly gifts that can be found inside the post office location every Friday. We've made every effort to ensure that playing with Toca Life: World is something the whole family can enjoy, without intrusive prompts to make purchases. It's important to us that you don't have to buy anything to get a full play experience; which is why the initial download comes with 8 locations and 39 characters, and all users get free gifts every week. You can always disable the shop by switching it off in the app's settings. Why can't I share the content I bought via Family Sharing? At this time, the app stores don't support the IAP model in Family Sharing. For more information on Family Sharing, please visit: If you want to try a workaround the best option would be to log in with the main account on each device, download the chosen content onto that device, and then log out again. I've tried adding my Life app to Toca Life: World but it didn't work - what's wrong? If you've tried all the steps outlined above, one reason could be that the app you're trying to add is not compatible with Toca Life: World. Please note that Toca Life: World supports apps that are downloaded via the App Store, Google Play and Amazon Appstore (not Amazon Freetime or Amazon Underground). Why does Toca Life: City cost money to buy when I get the same content for free in Toca Life: World? Toca Life: City is now included for free in the first download of Toca Life: World, the app that connects all Toca Life apps. Download the app for free, connect it with your existing Life apps and choose to add new locations by buying them in the shop. For those customers who still like to buy single apps, and not use in-app purchases, we're keeping the option of downloading Toca Life: City as a single app, through a one-time payment.
