

October 2022

YOUR WATER NEWS RESOURCE

The next Board meeting will be held on Tuesday, October 18, 2022 at the District Meeting House, 8334 Sandreed Circle in Parker. The meeting begins at 6:30pm and is open to the public.

Governed by a board of five elected property owners of the Cottonwood community, the District was established to provide the residents of the community with water and wastewater services. The District is a quasi-governmental, non-profit, entity that collects property taxes and fees for water and wastewater services to ensure that quality water is delivered to homes and businesses and that wastewater is removed, 24 hours a day, 7 days a week, 365 days of every year from the community.

Public Hearing Scheduled

The District has scheduled a public hearing during the NOVEMBER board meeting on Tuesday, November 15th at 6:30pm. The Board of Directors will review and take action on a proposed 2023 District Budget. The Board will consider public comment and input on the proposed Budget. Members of the public are invited to attend.

Eye on Water

Thanks to you, we were able to upgrade your old water meter with a new one full of features and tools to help you manage your water use! The District highly recommends that you download the app, EyeOnWater to access all of the information your new meter has to offer. This is an application through Badger Meter at no additional cost to you. This application is accessible from your personal computer or smart phone.

Instructions can be found online at www.cottonwoodwater.org

*It's Fall Y'all!
Irrigation Season is winding down. Make sure your irrigation system is drained and ready for cold weather.*

November 1st your water allocation budget is set to indoor allocations.

Please call the District if you have questions on your allocation.

303-792-9509

District Open House

The District is hosting another informational Open House on Friday, October 28th from 4-5:30pm. Come meet with District staff to answer YOUR questions.

The Open House will be hosted at the Cottonwood District House at 8334 Sandreed Circle, Parker. We look forward to meeting you!

OUR WATER SUPPLY

The Cottonwood Water Board of Directors works diligently to secure your water future. Through an increased use in renewable supplies, the District has decreased its reliance on the non-renewable groundwater. These renewable supplies come from the Joint Water Purification Plant (JWPP) on Jordan Road which uses water from Cherry Creek wells and the Water Infrastructure Supply and Efficiency Project (WISE) that is supplied through a joint contract with Denver and Aurora Water. The graph below shows the sources of water, by type (renewable and non-renewable) that we have delivered to you in the last 12 months. If you have any questions or would like more information on fht District water sources, we would love to meet you at the next Information Open House on Friday October 28th from 4-5:30pm or call teh District office at 303-792-9509.

Renewable v Non-renewable percentages
