

Keep Your Eyes Peeled! 🍷🍷

Lots of native delectables grow in the forest at Mahala Springs! Morels, licorice, comfrey, and garlic grow underfoot, to name a few! Overhead, you'll find paw-paws, persimmons, walnuts, and summer grapes!

Side Note: This creek is actually called Beaver Dam creek, which feeds into Sulphur fork.

CAUTION!

PLEASE STAY ON THE TRAIL!
 "Leaves of 3 - Stay Away From Me"

There is an abundance of poison ivy in the woods, so please stay on the trail at all times!
