Lesikar Ranch

A TEXAS TRADITION SINCE 1960

Dear Angus Friends and Fellow Cattlemen,

We would like to take this opportunity to welcome you back to Lesikar Ranch and invite you to attend the 7th Back to Basics Sale being held at our Athens Ranch on Saturday, April 27, 2019. This will be available for viewing by appointment before the Sale and all day on Friday, April 27th. We will begin with coffee and donuts for breakfast and then continue with our tradition of serving an old fashioned Southern chicken fried steak lunch at noon, followed by our sale starting at 1:00 pm.

Looking through the catalog, you will notice we have some thing special for everyone, giving great value to the Angus cattle we raise and are offering. The Back to Basics production sale and theme is the motto of our operation. These cattle work for you, not the other way around. The 7th Production Sale will feature over 60 head of Angus Cattle that will fit any herd. Everything from open heifers to prospective donors. Having great pride in our program allows us the confidence to stand behind and guarantee all of our cattle.

We are focused on breeding cattle that are moderate framed, cost efficient, thick and deep and work for you. The genetics at Lesikar Ranch are aimed towards forage efficiency, easy fleshing, docility, calving ease, balanced traits, longevity of service, maternally complete and as we advertise with our bulls, "Big Butts". We have integrated a lot of the Ohlde Cattle Company Genetics into our herd to help create these special type of cattle. We pride ourselves on actually having balanced traits and not chasing after 1 or 2 traits. These cattle are what the Angus Breed should be and will work like they were meant to. Now is the perfect time to bring these outstanding Lesikar females to your operation and have them start working for you.

We want to express our sincere gratitude to Martin Lopez, Athens Manager and Jacinto Nunez, Poolville Herd Manager. Our entire breeding program, along with this sale, would not be possible without all of their hard work and dedication.

Lesikar Ranch is a family ranch with family values. Please bring your family and join ours for a full weekend of fun!

We look forward to seeing you!

Foundation Donors

Sedgwicks Barbara 087 is one of the foundation donors here in the Lesikar Ranch Program. She has never been heavily promoted and this is her first photo ever taken. She is not only an easy keeper, but a prolific producer as well. She combines the traits of feed efficiency, carcass merit and productivity, which are so essentially vital for ranches trying to make a return on their investments. Throughout her career at Lesikar Ranch, she has produced and sold over \$435,000 worth of progeny marking her place in history here as the #1 money producing dam for the Program. Lot 5 is part of this tremendous family. Don't miss this great opportunity to add these genetics to your herd.

Sedgwicks Barbara 087 family is a diverse and relatively large one. In 2010, she gave the Lesikar Ranch Program an outstanding set of Flush Brothers, Lesikar Rebound X931 and Lesikar Surefire X126. These two Bulls have been collected and used as part of the AI Program here. Their calves are absolutely outstanding and are always in top of their class. The Barbara Family has its roots deep in our Program and has been extremely beneficial to us. Check out the Reference Sires page for information on these two as well as look at some of the calves out of them in this years sale.

A Plus Blackcap 0037 is another great foundation donor of the Lesikar Ranch Program. She is the result of one of the most successful matings to date of the great Pathfinder Sire N Bar EXT with the legendary Pathfinder Dam GAR Scotch Cap 867. Full sisters to 0037 include the \$120,000 GAR EXT 2114, the \$300,000 GAR EXT 2104, and the \$480,000 valuation Coleman Blackcap 0813. This outstanding donor ranks 2nd at Lesikar Ranch for prgeny sold, bringingin almost \$313,000. Lots 1 thru 4 are all part of the Blackcap 0037 family. Don't miss out on a great opportunity to add this powerful bloodline of cattle into your herd.

A Plus Blackcap 0037 is on the same path as the Baraba Family, extending its roots deep in to the Program here. In 2009, 0037 gave the Lesikar Ranch Program a tremendous gift. Three Full Flush Brothers that were powerful and impressive in every way. Lesikar Impact W601, Lesikar Emlazon W604, Lesikar Legacy W607 have been leading the herd in calves for years now. Legacy and Emblazon are used in the pasture to cover any females that AI might not have taken on, while Impact is collected and used solely for AI purposes. Each of these brothers produce calves that are identical. Check out the Reference Sire page to see info on these bulls and also take a minute to inspect their calves in the sale.
