Please list all items submitted with this application for your Centennial Circle membership. Send copies of all documents – DO NOT send originals. Any original documents sent with this application will be considered as donations to WAHS. Just a few of the items that will be acceptable proof of Centennial Circle status are: genealogy family tree and history information; obituaries; Westby High School diplomas; baptism, confirmation or wedding certificates from local churches; state and federal censuses. If you do not have primary documentation, it is very possible that we have it at our Thoreson House Museum or will be able to help you find it. Certificates will not be awarded without primary source verification. A story, narrative and photos of your ancestors would be helpful. Information submitted will be added to the WAHS Genealogy Center collection. Each family member who submits an accepted application will receive a Centennial Circle membership certificate.
