

There is a new kind of vinyl siding that's making waves . . . it's called Cypress Creek. This multi-toned variegated siding replicates the genuine look of hand-brushed, stained cedar.

Add distinction with Alside's Exterior Design System – coordinated collection of easy-care trim products for every accent area.

Use Trimworks® and other decorative accessories to accent and transform your home. Durable yet attractive, these distinctive components add interest to windows, doors, corners and other memorable areas. Whether it's a bold or simple design, our trim, shakes & scallops, soffit, and vertical siding perfectly coordinate with Cypress Creek Vinyl Siding to enhance the beauty of your home.

Environmentally friendly.

The home that protects you can also help protect the environment. As a durable, eco-friendly product with a long service life, Alside vinyl siding reduces the depletion of wood and other natural resources used in home construction. And because it never needs

to be painted, it helps prevent paint, stain and other maintenance-related products from harming the earth.

Warranty information.

A classic expression of style.

At Alside, our commitment to you surpasses the ordinary. For over 60 years, we've provided homeowners with high-quality, innovative exterior products. Our pride in workmanship and steadfast path to perfection leads the industry. Our selection of the highest-quality raw materials, coupled with state-of-the-art design and manufacturing methods, allows you to choose siding products unsurpassed in the industry. As a result of this continuing dedication to you, we proudly offer Cypress Creek Variegated Siding from Alside.

Performance power.

Cypress Creek embodies the characteristics that have made vinyl the most popular siding choice today – durability, maintenance freedom and long-term beauty. And, because the rich tones, shades and hues of Cypress Creek Variegated Siding are formulated into the siding panel, its color won't chip or peel. Additionally, its premium thickness is designed to help hide existing wall imperfections to provide outstanding beauty.

Cypress Creek features:

- .046" premium thickness for durability
- 3/4" mid-panel projection for beautiful shadow lines
- Fully rolled over nailing hem for maximum wall attachment
- Strengthened locking system for increased rigidity

Architecturally pleasing and structurally sound, Cypress Creek Variegated Siding surrounds your home with strength, durability and maintenance-free quality. Cypress Creek – a proven vinyl siding product that delivers solid performance – season after season.

Color-coordinated choices.

Cypress Creek Variegated Vinyl Siding is available in six multi-toned colors, each representing the genuine look of stained cedar. A unique manufacturing process provides a non-repeating woodgrain pattern for a realistic wood-like appearance. Available in D4" clapboard, D5" clapboard, D5" dutch lap, and 7" board and batten, to accentuate your home's architectural style.

Setting a standard to match.

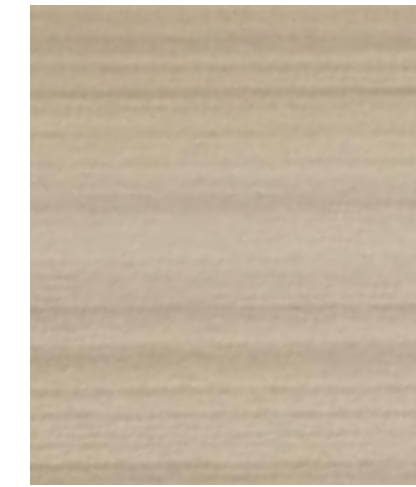

Like all Alside products, Cypress Creek is manufactured using advanced production and quality management processes. The result is siding that meets the highest standards for material and manufacturing excellence. Cypress Creek Variegated Vinyl Siding meets exacting standards for strength, durability, and maintenance freedom.

The strength lies within.

By choosing Alside Vinyl Siding, you have invested in a versatile, durable and enduring siding product for your home. Cypress Creek Variegated Vinyl Siding's practicality and combination of features provides you with a distinctly strong siding coupled with unsurpassed performance and beauty. At Alside, we extend the possibilities – giving you product choices to match your personal taste and lifestyle.

What makes Cypress Creek special?

The variegated finishing process gives each panel the look of hand-brushed, stained cedar by using multiple colors within the same panel rather than a single solid color.

Note: Colors are as accurate as printing techniques allow. Make final color selections using actual vinyl samples.
