ODYSSEY PLUS® . . . PERFECT FOR EVERY PROJECT

Odyssey Plus is the perfect siding for homeowners who want outstanding performance, a beautiful appearance and maximum convenience. It's one of the best investments you can make to your home.

PREMIUM APPEARANCE

Choose from two of America's most popular siding styles – traditional clapboard or beveled-edge dutch lap. Both styles are available in 4" and 5" widths. A natural grain pattern, realistic shadow lines and a low-gloss, look-of-paint finish recreate the distinctive details of expensive wood siding. For maximum design flexibility, choose from up to 23 popular colors including 9 designer colors.

OUTSTANDING PERFORMANCE

Premium panel thickness (.044" nominal) and an advanced lock design provide superior rigidity so walls stay straight and smooth. The strengthened lock provides superior holding power, keeping panels tight on walls, even in extreme winds.

MAXIMUM CONVENIENCE

Odyssey Plus is made with durable, weather-resistant vinyl, so there's never any painting or staining. Just rinse occasionally with a garden hose to keep Odyssey Plus looking like new.

Odyssey Plus is loaded with premium features that are not found in many competing sidings. Make the comparison yourself . . . you'll find Odyssey Plus is the best investment you can make to your home.

A VARIETY OF PROFILE DESIGNS

A LEGACY OF EXCELLENCE AND INNOVATION

The first step in the creation, renovation and preservation of your home involves choosing the right products. In Odyssey Plus, you've opened the door to the Alside vinyl siding collection – a premier union of heritage and innovation merged with best-in-class materials and future-forward engineering. Our 70 years of industry excellence stands strong as our legacy of leadership and trust, where customer happiness always comes first.

AN ECO-FRIENDLY CHOICE

As a sustainable product with a long service life, vinyl siding is environmentally responsible in several ways. In addition to conserving wood and other natural resources often used for building materials, vinyl siding helps reduce the deposit of paint, stain and maintenance-related materials into the solid waste stream because it never needs to be painted.
