## **Scriptures for Meditation (Lectio Divina):**

Place yourself in the presence of God and ask Him to speak into your life through His Word. After you slowly read each passage three or four times notice what is jumping off the page and speaking to you. Ask the Holy Spirit to tell you why this word or phrase is coming to you. Begin to talk to the Father and allow the Father to speak to you. Write down your time of encounter. End by thanking your Father for this time and pray the Our Father.
