

Parish Mission 4th Night:

Spiritual Exercise

Walking in Light

Tools for Continued Growth

When you began the Parish Mission you were asked to rate your relationship with the Holy Spirit. Now rate your relationship. Is there a change, and if there is a change, why is there a change?

1 2 3 4 5 6 7 8 9 10

What do you remember from the testimony?

What do you remember from the teaching? Is there anything new that you learned?

What does Community of Disciples in Mission mean to you?

Did you experience the presence or power of the Lord Jesus tonight?

What would be the blessings that would come to your life from living a life of a Community of Disciples in Mission?

How is the Holy Spirit calling you to continue to walk and grow in a life immersed in the Holy Spirit?

Is there anything else about which you would like to write?

Scriptures for Meditation (Letcio Divina):

Place yourself in the presence of God and ask Him to speak into your life through His Word. After you slowly read each passage three or four times notice what is jumping off the page and speaking to you. Ask the Holy Spirit to tell you why this word or phrase is coming to you. Begin to talk to the Father and allow the Father to speak to you. Write down your time of encounter. End by thanking your Father for this time and pray the Our Father.
