

Back in early 2023, Bernice Anderson, the Owner of Anderson's Homestead Golf Course passed away. Many of the local Kinsmen were patrons of the golf course built by her and her late husband Martin. When her son Tylor took over the course, he approached us to ask if we would be interested in doing a fund-raising golf tournament in his mother's honour, something we were more than happy to do. That very summer on August 19<sup>th</sup> we held the first Bernice Anderson Memorial Golf Tournament. Restricted to 18 - 4 person teams, the tournament was designed to be a fun event.

Sponsors were solicited and the tournament filled up quickly with golfers and we were sold out long before the first balls were teed up and hit. The tournament was a great success, and it raised just over \$8,800 to support the Kinsmen "Still Me" program for the Oncology Department at the Dryden Regional Health Centre.
