

## Square in a Square (SiaS) Units

### A/bg SiaS UNITS

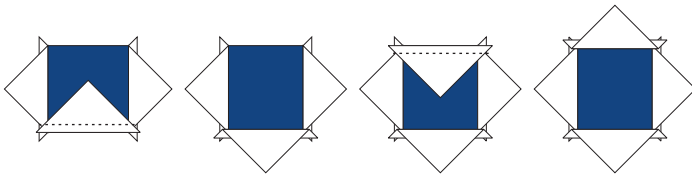

1. Cut 40 bg square 3" x 3" (3 1/4" x 3 1/4" if oversized) in half once diagonally to form 80 bg triangles. 
2. Center a bg triangle along one side of a fabric A square 3 3/8" x 3 3/8" right sides together.   
Sew along the edge with a scant 1/4" seam (shown as a dotted line), pressing seam open or towards the bg triangle.

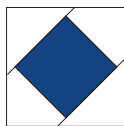

3. Sew another bg triangle on the side of the fabric A square opposite to the first seam, pressing the seam open or towards the bg triangle.   
*Note: you can sew both of these triangles on then press instead of pressing after each addition.*

4. Continue by sewing two more bg triangles onto the remaining outside edges of the fabric A square, pressing the seams open or towards the bg triangles.

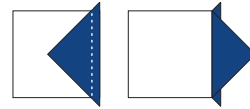

5. Trim off the tabs (dog ears) formed by the sewn on triangles and square the unit to 4 1/2" x 4 1/2" if necessary making sure there is 1/4" between the corners of the inner square and the outer sides of the unit.
6. Repeat steps 2-5 to make a total of 20 A/bg SiaS units 4 1/2" x 4 1/2".

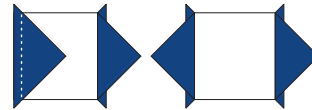

### bg/A SiaS UNITS

1. Cut 8 fabric A square 3" x 3" (3 1/4" x 3 1/4" if oversized) in half once diagonally to form 16 fabric A triangles. 
2. Center a fabric A triangle along one side of a bg square 3 3/8" x 3 3/8" right sides together.   
Sew along the edge with a scant 1/4" seam (shown as a dotted line), pressing seam open or towards the fabric A triangle.

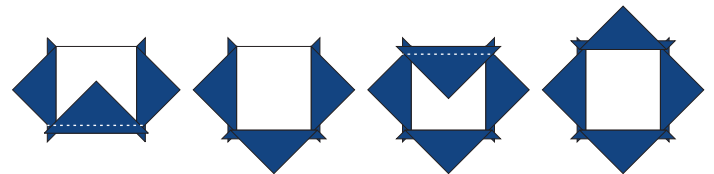

3. Sew another fabric A triangle on the side of the bg square opposite to the first seam, pressing the seam open or towards the fabric A triangle.

*Note: you can sew both of these triangles on then press instead of pressing after each addition.*

4. Continue by sewing two more fabric A triangles onto the remaining outside edges of the bg square, pressing the seams open or towards the fabric A triangles.

5. Trim off the tabs (dog ears) formed by the sewn on triangles and square the unit to 4 1/2" x 4 1/2" if necessary making sure there is 1/4" between the corners of the inner square and the outer sides of the unit.
6. Repeat steps 2-5 to make a total of 4 bg/A SiaS units 4 1/2" x 4 1/2".
