

2024 Membership Renewal Invitation

Dear CSL West Hawaii Members and Precious Friends:

As we embark on the beginning of 2024 supporting each other in awakening to our divine humanity, you remain one of the valued members of Centre for Spiritual Living West Hawaii. Along with me, you have the opportunity to evaluate your intention as a member in good standing.

Vision Statement:

CSL West Hawaii contributes to an Emerging World by supporting Humanity's Awareness to its Spiritual Connection.

Mission Statement:

CSL West Hawaii is a joyfully accepting, serving and compassionate Ohana, focused on holistic and mindful community growth, through the application of spiritual principles and practices.

2023 A year to build a new foundation for the community upon which to revision and grow. With attention to the details of organizational administration, governance, local and nonlocal recording and reporting, accounting procedures along with a 2024 Budget and Strategic Plan, setting a tithing consciousness and ensuring the filing of student registrations, we are ready for this next level of operation.

You will have the opportunity to attend and ask specific questions at our upcoming Virtual Annual General Meeting on January 28th at 1:30pm.

2024 As a general overview, we will be focusing on Outreach, building relationships with and serving other like-hearted organizations, offering diverse educational and social programming with a variety of new facilitators, devising a marketing plan and increasing our in-person Sunday Celebration Service gatherings to twice monthly on the 2nd and 4th Sundays!

What is our "why" in 2024? I can answer that in two-parts:

Firstly, to ensure that what we offer is relevant and of value to our members as they shift and change on their spiritual growth path, secondly, to ensure a solidly engaged community with a sustainable financial basis, in which to call in/attract our next permanent minister.

This past year has brought such movement in all our lives. Some of these changes were met in ease with joyful evidence of growth, and others seemingly met in the continuance of life's mystery. Isn't it good to know however, that evolution always moves forward and never tarries backwards? In this we can rest in the work of Spirit's Power and Presence at hand in all things, and have faith that we are ever supported and moving in the direction of a more fulfilling, joyful and abundant life!

Perhaps this is the time to step up and participate at a level that stretches you, or perhaps it is the time to care of your spirit in a different way by participating less. Whatever your intention for this New Year might be, please know that it is of importance to us all.

Your membership expires on 31/12/23, as we declare our annual membership renewal date to reflect our fiscal year end. In order to **vote** at the Annual General Meeting on January 28th @ 1:30pm and help guide this community in the direction that is important to you, you will need to renew your membership. Your presence and contribution as a member are deeply valued and we know that the decision you make, is one that honors your highest and best, and therefore the highest and best of us all.

In honor of our journey together,
