PRIVILEGE OF THE FLOOR:

Robert, Bob, and Ryan Piechocki got up and had something to present to the Board. They would like to build a USDA Butcher Facility on the corner of East Main Street Road and Werner Road. They started looking into this in 2018 and would like to start building and be up and running by the fall. There was many great ideas presented to the Board. The business would have approximately 5 full time employees. This would be a beef and pork business and they would be selling to the public, grocery stores etc. The public would be able to come in and buy hamburger, steaks and many other items. Down the road they mentioned that the business would like to offer other items such as honey, vegetables and other goods. The Piechocki's also mentioned that it's hard to find a place to have your cattle butchered. Everyone is so busy and it takes months to have this process taken care of. Supervisor Kehl is contacting Chairperson Barbara Higgins to get things started.
