

Coach Matt Glassman Bio

My name is Matt Glassman and I am your new Alonzo High School Girls Varsity Basketball Head Coach. I am a former 3-Time Captain of the NCAA Division I Manhattan College Men's Basketball Team who played from 2018-2023. During my time as a men's basketball player at Manhattan College, I was able to progress from being a redshirt preferred walk-on during my freshman year to a scholarship captain of my team by my senior year. While in college, I created and still operate my own basketball training business, which I call Matt Glassman Basketball. I have been blessed to have trained over 25 basketball players over the past three years who are now playing at the professional, collegiate, high school or youth levels.

As a high schooler, I attended three different high schools. My freshman year I attended my public high school in Bedford, New Hampshire. I then transferred to a prep school in Massachusetts called Lawrence Academy for my sophomore through senior years, where I was selected by the student body to be the commencement speaker for the class of 2017. After my senior year, I decided to do another year of high school as a postgraduate at the New Hampton School. Attending both public and prep schools allowed me to experience a variety of cultures and meet people who I am still lifelong friends with today.

As a kid, I grew up in the Live Free or Die State, otherwise known as New Hampshire! I will forever have love for the state I was born and raised in, but I am thrilled to call the Sunshine State my new home for the foreseeable future. I grew up with two older brothers named Trevor and Eric who have supported me tremendously throughout my entire life. I would not be where I am today if my brothers did not teach me the importance of working hard and being a great person. I look forward to being an exceptional role model for the Lady Ravens, Alonzo High School, and the surrounding Tampa community!

I have attached the links to my basketball training business and my commencement speech below:
