3. A pop up box will come up- here you will have to enter the **host code** (this will be emailed to you in the package sent via email when you sign up to chair)

😁 Claim Hos	st	×	
	Enter the Host Key to claim host role Host key is a 6-10 digit number		
	Sign In to Claim Host		

4. Once you put the key in you will see Host next to your name on the participant list

## There are 4 things to be done in order to have a smooth meeting and not be taken over by the zoom disrupters (bombers)

## 1. Enable the waiting Room

- Click on the 3 dots at the bottom of the participant list
- Click on the words for Enable Waiting Room

- Participants will now show up in the waiting room before getting onto the meeting
- The Host and Co-hosts will work on letting people into the room
- 2. Have multiple co-hosts- we suggest 3 to 4
  - To make someone a co-host, click on the 3 dots near their name in the participant list and choose co-host

			Make Host Make Co-host Rename	)
			Put in Waiting Room Remove Report	

- 3. When meeting is about to start, <u>mute all participants</u> so that only Hosts/Chairs and Co-hosts are able to unmute
  - Click on the **3 dots** shown at the bottom of the participant list
  - Click on Allow Participants to Unmute Themselves, the check mark will no longer show-this will mute all participants, host and co-hosts will have to unmute when people want to introduce themselves or share

- 4. Only if needed/As needed Basis: If the chat has offensive behavior on it, you can turn off the capability for the chat function or delete the individual message
  - To delete the individual message- near the message you will see 3 dots, click on that and choose delete

• Go to **Security** on the bottom of the screen, click on **chat**, the checkmark will disappear along with the chat box for the meeting
