VERMONT NOTICE FORM

Notice of Psychologists' Policies and Practices to Protect the Privacy of Your Health Information

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

I may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- “PHI” refers to information in your health record that could identify you.
- “Treatment, Payment and Health Care Operations”
 - *Treatment* is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your family physician or another psychologist.
 - *Payment* is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
 - *Health Care Operations* are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- “Use” applies only to activities within my office such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- “Disclosure” applies to activities outside of my office, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An “authorization” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment and health care operations, I will obtain an authorization from you before releasing this information. I will also need to obtain an authorization before releasing your psychotherapy notes. “Psychotherapy notes” are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent

that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

I will also obtain an authorization from before using or disclosing PHI in a way that is not described in this Notice.

III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If I have reasonable cause to believe that a child has been abused or neglected, I am required by law to report such information within 24 hours to the Commissioner of Social and Rehabilitation Services or its designee.
- **Adult and Domestic Abuse:** If I have reasonable cause to believe that an elderly or disabled adult has been abused, neglected, or exploited, I am required by law to report this information to the Commissioner of Aging and Disabilities.
- **Health Oversight:** If I receive a subpoena for records from the Vermont Board of Psychological Examiners in relation to a disciplinary action, I must submit such records to the Board.
- **Judicial or administrative proceedings:** If you are involved in a court proceeding and a request is made for information about the professional services that I have provided you and/or the records thereof, such information is privileged under state law, and I must not release this information without written authorization from you or your legally appointed representative, or a court order. This privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. I will inform you in advance if this is the case.
- **Serious Threat to Health or Safety:** If I know that you pose a serious risk of danger to an identifiable victim, I am required by law to exercise reasonable care to protect such victim. This may include disclosing your relevant confidential information to those people necessary to address the problem. Also, I may disclose your confidential information if I judge disclosure is necessary to protect against a clear and substantial risk of imminent serious harm being inflicted by you on yourself, another person, or property.
- When the use and disclosure without your consent or authorization is allowed under the sections of Section 164.512 of the Privacy Rule and the state’s confidentiality law. This includes certain narrowly-defined disclosures to law enforcement, agencies, to a health oversight agency (such as HHS or a state department of health). To a coroner or medical examiner, for public health purposes relating to disease

or FDA-regulated products, or for specialized government functions such as fitness for military duties, eligibility for VA benefits, and national security and intelligence.
