

Uh Oh...Caught our *red flags*? 

Hey Robin.

We saw you got cold feet.

It's okay, we get it. Trusting someone new is vulnerable.
Heck, especially when you're getting intimate and things sound a little...
too good to be true. That's why it's important to use protection—
product protection!

In addition to working closely with tech experts who test and restore every product
to perfect working condition, we also offer a 1 year limited warranty,
and BackUp, our product protection plan.
