Dear Facilities Manager or Administrator,

BreatheWell Home Solutions is pleased to offer our Professional Post-Construction Cleaning Services to support the final phase of your construction, renovation, or build-out project.

Our **post-construction cleaning services** are designed to prepare your space for immediate occupancy by removing construction debris, dust, and residue while ensuring a safe, clean, and polished environment. We work with contractors, developers, property managers, and business owners to deliver timely, detail-oriented results that meet commercial standards.

Our **Post-Construction Cleaning Services** Include:

- Removal of construction dust, debris, and surface residue
- Detailed cleaning of floors, walls, baseboards, windows, and fixtures
- Sanitization of restrooms, kitchens, and common areas
- HVAC vent and surface dust removal to support indoor air quality
- Final polish and touch-up cleaning to ensure move-in readiness

All services are performed by trained professionals using commercial-grade equipment and professional cleaning products. Our team follows industry best practices to ensure quality, safety, and consistency throughout every project.

BreatheWell Home Solutions understands the importance of meeting deadlines and delivering a finished space that reflects the quality of your build. We tailor our post-construction cleaning services to the size, scope, and timeline of each project to ensure a seamless transition from construction to occupancy.

We look forward to the opportunity to support your project and provide a clean, healthy, and professional environment for your business.

Sincerely,

BreatheWell Home Solutions
