Principal's Note

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today".

I feel elated to mention that our school is scaling new heights with the sign of progressive and quality education. With team of dedicated teachers, we always aim to create an environment where students eagerly look forward to come to school.

This newsletter is a platform that reflects vibrant talents of our future ready children.

My Heartiest Accolade

My heartiest accolade goes to all my wonderful students who have made this newsletter more meaningful by contributing effectively and making it to the mark.

A

"Education is the key that unlocks the golden door to freedom."

B

"Education's purpose is to replace an empty mind with an open one."

C

"Education is not preparation for life; education is life itself."

Educational Enrichment Initiatives

Blossoming Minds: Nurturing Inspiration in Grade XI - Insights from Harshitha M

Our school, a beacon of inspiration, consistently nurtures the individuality and uniqueness of our students. In Grade XI, Harshitha. M and Nandini. R eloquently express the profound inspiration derived from our campus. It serves as a transformative space, fostering personal growth and igniting creativity. The school's ethos resonates in each student, shaping them into confident individuals. Harshitha and Nandini's testimonials exemplify the empowering environment that makes our institution a true hub of inspiration and self-discovery.

Igniting Innovation: Journey Through Experiential Robotics in our Lab

Our newly set up Robotics lab helps children relish lots of robotic projects through practical activities.

Students of grades 3 to 8 attend robotics classes and activities like Centrifugal Rides, Construction of a Grinder, Clock Making and Constructing Towers are given to them.

To highlight Controller Robotic activities like Building and Controlling a Rover Robot, Making a Zone Detection Rover, Photophobic Rover, Edge Detection Bot, Geometrical Shape Drawing Rover, Remote Controlled Rover, etc., are a few activities that children involve themselves a lot.

Students also enjoy working in teams to make Smart Parking Systems, vehicles for the physically impaired, remote-controlled vehicles and many more.

Children do programming and learn a lot of new technological things through these activities. This kind of experiential learning will be a milestone and will encourage children to develop their innovative skills.

Chasing Shadows: Math, Nature, and Science Unite in our Winter Solstice Expedition

Eighth graders engaged in a multifaceted learning experience, tracking shadows and measuring their lengths at different time intervals. This hands-on activity seamlessly integrated mathematical applications as students drew conclusions on the dynamic changes in shadow lengths.

The outdoor setting provided a refreshing backdrop, fostering both leisure and scientific inquiry. Through this exercise, students gained practical insights into the real-world application of mathematical concepts while connecting with nature. This holistic approach to education exemplifies the power of combining academics, outdoor exploration, and scientific investigation for a well-rounded learning experience during the winter solstice.

ReSnowcycled Marvels Display 2024 - Snowman Spectacular

Centuries ago, building snowmen was a chance for people to express themselves, with free art supplies dropping from the sky in front of their doorstep.

“Man has always had that primal instinct to make selfies. We love ourselves! “It may be the only chance for someone to make a life-size statue of themselves.”

A snowman snowman-making contest was conducted to preserve the tradition of building snowmen and stimulate the imagination of children.

Making a snowman was also brilliant fun and it allowed them to express themselves freely without being bound by pre-set limitations.

The children's creativity and imagination were unlimited as they worked and shaped the snowman together.

This timeless and magical tale tells a story of imagination and friendship.

"Our creative grade 5 students joyfully crafted these snowmen and turned recycled materials into delightful masterpieces."

Pongal Extravaganza: A Cultural Celebration at our school

Our School celebrated Pongal with grandeur. Students from grades 1 to 8 showcased traditional arts like kolam, kummi dance, parai dance, and more. The eighth-grade students emphasized the importance of preserving Tamil culture through a skit. They distributed traditional food and played materials, spreading joy and unity.

The event highlighted the significance of cultural heritage, leaving everyone with a sense of pride and appreciation. Wishing all a Happy Pongal, the students celebrated with traditional attire and shared festive greetings.

Lunar Harmony: Nurturing Minds on Moonlight Day

Moonlight Day: A Serene Retreat for Students of Grade IX

Moonlight Day Stay is more than just an event; it's a holistic experience that allows students to unwind, connect with peers, and appreciate the beauty of the night.

Through meditation, laughter therapy, and heartfelt speeches about mothers, this initiative fosters a sense of community, well-being, and gratitude.

As the moonlight bathes the surroundings in its gentle glow, students embark on a journey of self-discovery and shared moments that leave a lasting impact on their lives.

Architectural Tapestry: Exploring Tamil Nadu and West Bengal Through 3D Models

Our Grade 7 students undertook an intriguing art-integrated activity exploring the architectural wonders of Tamil Nadu and West Bengal.

Through hands-on engagement, they crafted intricate 3D models showcasing the distinctive features of both regions' architecture. This project honed their artistic skills and involved practical application of Mathematical concepts, fostering a cross-disciplinary learning experience.

The students seamlessly blended creativity and precision, offering a unique perspective on the architectural diversity found in Tamil Nadu and West Bengal.

Republic Day Celebration at SNVV: A Tribute to Patriotism and Future Leadership

On January 26, 2024, Sri Nachammal Vidhyavani Higher Secondary School celebrated the 75th Republic Day with special festivities. Mr. K. Vinayakam, our correspondent delivered a commendable speech emphasising the day's significance.

Notably, Mr. Kumarasamy, the Managing Director of VEE VEE IMPEX, attended as a special guest and delivered an inspiring speech, highlighting the responsibility to nurture students as good citizens for the future of our nation.

The event celebrated the exceptional qualities of teachers who instil values and skills in students, fostering a sense of patriotism. Mr. Kumarasamy also expressed determination to continue working towards a prosperous future, acknowledging the sacrifices of past generations.

The occasion served as a reminder to honour the sacrifices of our predecessors and strive for a brighter future through political engagement and social responsibility.

Reflections on Freedom: A Student's Perspective

Our nation, with its leaders, has diligently constructed the fortress of freedom by contemplating its history, embracing every breath, and cherishing the independence earned.

This sentiment is universally acknowledged and celebrated with simplicity, sincerity, and admiration, as articulated by the fifth-grade student, RithaHanya.

On the Road to Knowledge: Field and Educational Expeditions

Little Auto Enthusiasts: Pre-KG Adventure at Gedee Car Museum

Gedee Car Museum is one place where our pre-Kg kids found many cars made in different countries under one roof. The collection of cars was extremely well maintained and all our kids loved seeing it.

The attraction towards those cars made them speak about their dad's car at home. This trip was fascinating for them as they could see different colours and different models of cars which couldn't be seen on the roads.

Thank you

We express our heartfelt gratitude to our students, teachers and parents for their valuable contributions and also for their incredible support to make every event happen in a great manner. Together we make learning and development good, better and best.

Thank You!

Why Choose Us

- 
- Focussing on nurturing happy children
 - 12 Acres learning environment wrapped in nature
 - State of the art infrastructure with A/C Auditorium
 - Warm and friendly teachers with Ideal Student – teachers' ratio
