# Principal's Note

*"Education is the passport to the future, for tomorrow belongs to those who prepare for it today".*

I feel elated to mention that our school is scaling new heights with the sign of progressive and quality education. With team of dedicated teachers, we always aim to create an environment where students eagerly look forward to come to school.

This newsletter is a platform that reflects vibrant talents of our future ready children.

## My Heartiest Accolade

My heartiest accolade goes to all my wonderful students who have made this newsletter more meaningful by contributing effectively and making it to the mark.

A

"Education is the key that unlocks the golden door to freedom."

B

"Education's purpose is to replace an empty mind with an open one."

C

"Education is not preparation for life; education is life itself."

# Marvelous March

## Awards and Honours

### The most progressive school of the Year Award

Our School has been recognised as the most progressive school of the year 2023 with our empowering women leadership.

# EVENTS

## Nacha Market Day

Entrepreneurship is neither a science nor an art. It is a practice. There is only one formula that will work every time, and it isn't about getting every little detail perfect on the first try. Plan, execute & evaluate. Practice makes progress-- you will learn by doing.

Nacha Market, conducted by our young Entrepreneurs of Grade 7, has proved their talents. They had good practices for being an entrepreneur; they also got a chance to learn the ethics of a good entrepreneur.

## Science Day speech by Ridahanya, grade IV

Science Day celebration really kindles the interest in science amongst the children.

Our student, Ridahanya, grade IV, is aware that science plays a vital role in the life of human beings and is the base for today's technological world.

Her speech motivates interest in science among young minds so that there will be more fruitful inventions which we can expect in the future.

## ACTIVITY

### Seed Collection Day

Seed collection activity was conducted for grades I to IV students. Children were educated on the importance of seed collection and were asked to deposit seeds of their choice. The activity was aimed at the future, for the betterment, and for the wealthiest and happiest life. It also aimed to collect for me, you, us and them.

## SCHOOL TRIPS

### A trip to Ooty

Our little seniors had a fabulous opportunity to visit Ooty along with their friends and teachers. Children observed exotic wildlife and plants on their way to Ooty.

The Botanical Garden, an utterly lush green, became a good play area for our kids.

The most exciting enjoyment was in the toy train at the boat house for our kids. Children gained new perspectives by viewing through a telescope.

Children also build closer bonds with friends and teachers. It provided them with valuable educational opportunities away from classrooms and textbooks.

## FIELD VISIT

### Government school visit

Donation of food is a good deed, especially to the needy. A donation will make a generation flourish.

Our Nachammal Vidyavani Higher Secondary School students enjoyed giving writing materials to 10 govt school students as their contribution to developing the attitude of helping by donating.

## Visit to the Indian Institute of Science (IISc) Open Day

An educational trip is an off-campus learning activity that brings excitement and adventure to learning.

An educational trip to the Indian Institute of Science (IISc) Open Day, Bangalore, was organised for a few students of Grades 8 & 9. During the visit, the children explored different types of Science experiments and workshops.

It was an eye-opener for students as they were exposed to different subjects like physics, chemistry and biology. Interactive exhibits made it an excellent place for children to develop a love for science.

Students also explored Visveshvaraya Industrial and Technical Museum in Bangalore. The excellent museum gave children a hands-on experience with Science concepts.

Students were attracted by the working models of Engines, Electricity, Fun Science, Space, Biotechnology & Electronics. The other attractions were animated dinosaurs, the life-size model of the Wright Brothers' flyer, and steam locomotives..

## Visit to the Gass Forest Museum

Our kindergarten children explored an iconic 120-year-old Gass forest museum at Coimbatore. Children were much excited to see a giant Indian Gaur at the entrance. They were very curious to know about the Indian hornbill, Nilgiri langur and a few other birds out there.

Children posted lots of questions regarding animal habitats and forests to their teachers.

This field trip proved to be a tremendous experiential learning for our kids.

## SPECIAL DAY ACTIVITIES

### Hair donation camp for Cancer Patients

Cancer Awareness Program (04.03.2023) was held at Sri Nachammal Vidyavani (CBSE) School in Avinashi on Saturday. This program was conducted with the help of the Hair Donation Charitable Trust for Cancer patients from the Coimbatore district.

School Administrative Director Mrs Akashya Vikram presided over the event and highlighted the ceremony. Over thirty students, including school children, teachers, parents, and the public, participated in this. All donated hair will be used for wigs for cancers.

This hair donation camp was conducted as a small effort to improve the confidence and happiness of cancer patients. This was notable when parents and the public donated their hair with passion, and students came forward to donate hair at a young age.

### Pillow day

Kids always find playing with pillows fun and enjoyable, so Pillow Day was celebrated in Kindergarten. Children jumped on pillows to burn off energy and relieve their boredom.

Jumping on pillows improved their gross motor skills. Children performed cardiovascular exercises with pillows which helped in their fitness.

They also enjoyed throwing and kicking their pillows.

## Special Activities:

### Wishing luck to Grade X & XII board exam students

Good luck will always be on our side as long as we have hard work in our stride.

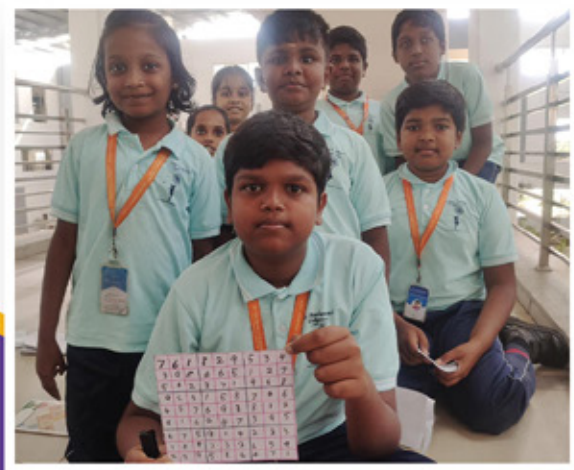

We wish Good Luck to our Grade X and XII Board Appearing students to crown with success.

## Brain Gym-A math puzzle

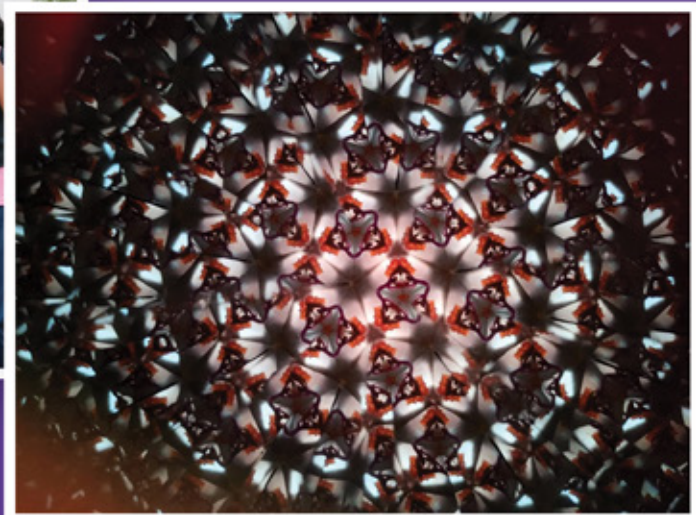

Instead of spending time on cell phones to avoid damage, kids were made to run around and engage in exercises like cross-writing, sudoku, word games, and puzzle games. Such 'Brain Gym' training methods are spreading rapidly in Western countries.

These exercises will all help muscle health and increase the gland of 'dopamine' in the brain and encourage the growth of nerves. We teach our children the ways of well-being, knowledge-based exercises etc., in our Sri Nachammal school.

## Kaleidoscope making

Students of grade VIII made KALEIDOSCOPE, an optical instrument with three reflecting mirrors tilted to each other at certain angles. Using repeated reflection, multiple images or patterns can be viewed.

# Thank you

*We express our heartfelt gratitude to our students, teachers and parents for their valuable contributions and also for their incredible support to make every event happen in a great manner. Together we make learning and development good, better and best.*

Thank You!

# Why Choose Us

- 
- Focussing on nurturing happy children
  - 12 Acres learning environment wrapped in nature
  - State of the art infrastructure with A/C Auditorium
  - Warm and friendly teachers with Ideal Student – teachers' ratio
