Principal's Note

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today".

I feel elated to mention that our school is scaling new heights with the sign of progressive and quality education. With team of dedicated teachers, we always aim to create an environment where students eagerly look forward to come to school.

This newsletter is a platform that reflects vibrant talents of our future ready children.

My Heartiest Accolade

My heartiest accolade goes to all my wonderful students who have made this newsletter more meaningful by contributing effectively and making it to the mark.

**A**

"Education is the key that unlocks the golden door to freedom."

B

"Education's purpose is to replace an empty mind with an open one."

C

"Education is not preparation for life; education is life itself."

Magical May

Recognising Achievement: Board Exam Results

Celebrating Success: Hard Work, and Academic Development

Kudos to all our students who have given their hard work and sincerity to achieve success in the board exams.

It's once again proven that, with the proper preparation and guidance, students can perform well and achieve their goals.

Also, it is essential to remember that academic performance is a critical aspect of a student's overall development, with a focus on their skills and interests.

Special Day activities:

Celebrating Sibling Bonds: The T-Shirt Walk Activity

It is a day to appreciate the love, support and companionship that siblings provide each other and to acknowledge their essential role in our lives."

Keeping this in mind, our school organised the "T-Shirt Walk". This activity was conducted for Grade 4 students and their siblings. Putting both kids in one T-shirt, we made them walk into the room. This activity was fun-filled and dedicated to celebrating the relationship between siblings.

Promoting Health and Inner Peace: Rainbow Meditation

Health gives hope; hope gives life. In this view, we envision robust health among our children. We observed World Health Day by organising rainbow meditation for grade VIII students. Rainbow meditation is a form of directed meditation. This method slowly takes children away from things that cause anxiety or stress and leads them towards inner peace.

Celebrating Mother's Day: Students' Heartfelt Gifts

The feeling of love that a mother has towards her children is inexpressible.

Mother's Day is one of the most-awaited days celebrated worldwide to honour and glorify mothers' importance and pay our respect to their daily efforts and contributions.

Our grades 7 and 8 students prepared gifts and shared them with their lovable moms on Mother's Day.

The Pride of Motherhood

Before the Earth blooms, She who nurtured us as a flower, Our beloved Mother!
On Mother's Day alone, Let's not just celebrate mothers, But let's celebrate everything she represents, R.V. Adithan, the one who instils in us The pride of motherhood through Tamil, Grade 7.

Mother's Day tribute by our student B. Dhanvant VII std.

INTERESTING STUDENT ACTIVITIES

Drip Irrigation Solution for Vacationing Gardeners

Going on vacation?

Worried about your plants being dried out?

Our children are trained to think of the solution rather than the problem. Why don't you use this drip irrigation technique through ropes that our students of Grade 4 B did? You can go and enjoy your vacation without worrying; meanwhile, your plants will be doing great with the rope.

Empowering Education: The Benefits of Virtual Reality

How Can Virtual Reality Help Students? Using Virtual reality and augmented reality as immersive learning tools, students can travel around the world, explore the impossible, delve deep into complex concepts and experience learning directly in the palm of their hand – all from a safe, secure and familiar environment: the classroom!

Studies have shown that VR can be a more effective learning tool than many other traditional teaching methods. For example, by immersing students in the lesson, virtual reality creates more associations between subjects and environments than other teaching methods - helping them better understand,

Supporting Birds in Summer

This message is from grade 5 students to this world. Birds, the wing friends, are remembered daily, especially during this peak summer.

Home them, feeding and watering them is the moto and it is in high need for them us.

SUMMER CAMP ACTIVITIES:

Art Exploration at Summer Camp

Summer is a time for children to explore their interests.

Day 1 of our summer camp involved our campers in learning various art like fluid, stone, and button art.

Children carried home a vibrant camp experience with lots of take away for the day.

Splashing through Puddles: Camp Student's Adventure

JUMP IN PUDDLES activity was conducted for our camp students. Jumping and splashing in puddles helps children to develop strength and balance in their legs. Stirring and scooping puddle water helps to build their fine motor skills and encourages them to experiment more.

"Veggie Stamping: Creative Painting for Coordination."

Painting with veggies and using them like a "stamp" can help children improve and grow their hand-eye coordination. Our camp students enjoyed creating beautiful pictures by using vegetable stamping.

"Board Game Bliss: Enhancing Friendship and Mental Well-being."

Getting together with friends and engaging in face-to-face interaction is good. Our camp students enjoyed spending quality time playing board games. Playing board games triggers the Happy Hormones that improve conscious and unconscious mind functioning.

"Unleashing Creativity: Exploring the World of Newspaper Crafts."

Newspaper crafts for kids are an exciting way to entertain and develop their motor skills. These are one of the most readily available craft items and are easy to work with, allowing children to experiment and unleash their creativity. Our camp students were encouraged to spread their wings in the unlimited world of imagination by doing newspaper crafts.

Playful Pair Yoga: Camp Students' Joyful Unity

PAIR YOGA done by our camp students was seamless and filled with playfulness, fun and laughter.

Exploring Origami's Benefits for Children

ORIGAMI was not only a fun activity, but it was also beneficial to children to figure out how to reach the final product, which encouraged them to use their imagination."

Fun in the Sand: Developing Skills and Making Lasting Memories

Playing in the sand is a highly excellent activity for developing motor skills, building hand-eye coordination, and strengthening muscles in children. Our camp students enjoyed creating various shapes in the sand and carried home tons of memories to cherish with.

String Art Activity for Mental Health and Learning

STRING ART activity was an excellent way to relax and unwind. It helped them to improve their mental health and even learn geometry.

"Stargazers Unleashed: Exploring Space with Kids' Telescopes."

Our camp students explored the world and beyond with the kids' telescope. A Telescope for Kids is a beautiful introduction for children to astronomy. It enhanced their curiosity about space and encouraged them to learn about what is beyond our planet.

"Blooming Joy: Kids' Gardening for Happiness and Growth."

Planting flowers and vegetables can reap bountiful bouquets and delicious harvests. Our campers enthusiastically participated in the gardening activity. Gardening is a form of exercise that can be good for children as it helps to release happy hormones that help to make them feel satisfied and relaxed. Also, direct contact with sunlight helped to boost their mood.

"Nature's Palette: Leaf Painting for Creative Brain Development."

Painting with leaves is an excellent way for children's brain development because it helps them form neural connections, enabling them to learn even more. Our camp students made many innovative arts using various kinds of leaves available on the campus.

"Puppet Pals: Fostering Social Skills and Empathy through Creative Play."

A friendly puppet is a perfect teacher and playmate for a child. Interacting with these adorable playmates teaches children social skills. Our camp students enjoyed making puppets. Listening and relating to puppets as they tell stories helped them develop empathy and emotional intelligence.

Thank you

We express our heartfelt gratitude to our students, teachers and parents for their valuable contributions and also for their incredible support to make every event happen in a great manner. Together we make learning and development good, better and best.

Thank You!

Why Choose Us

- 
- Focussing on nurturing happy children
 - 12 Acres learning environment wrapped in nature
 - State of the art infrastructure with A/C Auditorium
 - Warm and friendly teachers with Ideal Student – teachers' ratio
