Principal's Note

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today".

I feel elated to mention that our school is scaling new heights with the sign of progressive and quality education. With team of dedicated teachers, we always aim to create an environment where students eagerly look forward to come to school.

This newsletter is a platform that reflects vibrant talents of our future ready children.

My Heartiest Accolade

My heartiest accolade goes to all my wonderful students who have made this newsletter more meaningful by contributing effectively and making it to the mark.

A

"Education is the key that unlocks the golden door to freedom."

B

"Education's purpose is to replace an empty mind with an open one."

C

"Education is not preparation for life; education is life itself."

Fantastic
February

EVENTS

10th Annual sports meet

Sports Day is a platform that displays students' unity and competitive spirit. The 10th Annual Sports Meet started with a spectacular and well-synchronized March Past on the sprawling grounds of our school.

Chief Guest of the day, Former Indian Hockey Team Captain Mr Vasudevan Baskaran Avl, stressed in his speech that failure is a welcome part of the learning journey. Parents were awestruck visualising various drills, game presentations, and field and track events. Yoga and Karate Presentations were highlights of the event.

The 74th Republic day celebration

The 74th Republic day celebration radiated the spirit of independence and made children understand how freedom fighters and patriots had given their all for India. Kindergarten Students observed this Patriotic day by conducting various activities that made them feel proud to be an Indian.

INTERSCHOOL PARTICIPATION

Tamil Nadu Chief Minister Cup Sports Match 2023

The district board is conducting Tamil Nadu Chief Minister Cup sports matches for 2023. Students from 24 schools participated in the basketball competition held on 07.02.23 at Nanjappa Boys High School, Tiruppur.

Sri Nachammal school students' team won third place in this. Sanjana and Charu Netra from the Eighth standard were selected for Tirupur District Level Team. These guys are following for the state-level basketball tournament. Jeevitish from class nine in the student division was also chosen on the standby list.

ACTIVITY

Craft your own glasses

Craft Your Own Glasses' activity was conducted for grade III students. Children made glasses in different shapes and enjoyed the fun-filled activity.

This Papercraft encouraged children to draw, tear, glue, and paint, along with several other exercises that promoted dexterity. These activities help the children to develop their fine motor skills and strengthen their ability to concentrate for extended periods.

Movie screening

"A good movie makes the audience feel like they've travelled with the characters". Cinema is not only about making people dream. It's about changing things and making people think. Students of Primary enjoyed watching the movie "The Wall-E" in our school auditorium and shared their opinion; it has had a good impact on our NewGen children.

Cloth painting

Modern painting is the imagination that is suitable for the time. Humans used painting before languages were invented. Language is not required to understand painting. Painting is art without language, ethnicity, religion or nationality differences. So wide varieties in painting like line painting, colour painting, fabric painting, mythical painting, and modern painting. Looking at the scenery with the eyes and drawing it, in the same way, is a realistic painting. In those days, artist Ravi Varma used to see Rani in person and remove it as a painting. And we saw the talent of the colourful paintings done on our fourth grader Krishitha's fabric.

Construct a pulley

Construct a Pulley, a Science activity, was conducted for Grade VIII Students. Pulley is a machine that finds its wide application in daily life, like on cranes, elevators and sailboats. It can be used to move a lot of weight without much force.

Our students made many such models of simple machines to lift heavy objects. The activity gave a wide chance for experiential learning.

SPECIAL DAY ACTIVITIES

World Cancer Day-Bracelet making

On account of World Cancer Day, the "BRACELET MAKING" activity was conducted for students of Grade VIII. They made ribbon-based bracelets and wore them for the entire week. This activity was planned to symbolise their support for breast cancer.

Through this activity, students apprised themselves to enjoy the little things that life has set for them, remain healthy, and inspire others to be healthy and have a cancer-free life.

Cancer Day rally

The wish for healing has always been half of health. To create awareness among people about the deadly disease called cancer, its causes, symptoms and preventive measures, Grades 5 & 6 students and teachers participated in the Cancer Day rally.

Students prepared pluck cards in various sizes and slogans for the Rally. This activity was conducted as an initiative to create a cancer-free world.

World pulses day-Food festival

“Pulses for a Sustainable Future,”
 We organised a pulses-based food festival for grade IV students on World Pulses Day. This festival aspires to put the lesser-known but nutrient-rich food from various pulses. Students prepared and exhibited a variety of nutrient-rich dishes on that day. The students briefly explained the advantages of including pulses in a regular diet.

World pulses day-Drawing of pulses by KG students

Eat Healthy, Live Healthy

To raise awareness about the nutritional benefits of pulses, Kindergarten has celebrated WORLD PULSES DAY. Our kids have done a pasting activity with pulses. Children used different kinds of pulses and learnt to sort out the colour and variety. Children explored their drawing skills and creative skills. It was an easy and decorative artwork.

Valentine's day - Love door activity

On Valentines Day, we organised an activity, 'The Love Door that Spreads Kindness,' for Grade VII students. Children decorated their classroom doors together, spreading the message of kindness. Students wrote and drew what they loved about their classmates on paper hearts. Kids loved the opportunity to be creative and express themselves.

World radio day- Top radio songs

Radio gives birth to millions of images in a million brains, improving listening skills and creativity.

On World radio day, our children enjoyed dancing to top radio songs with full energy. Games like freeze-dance and guess the animal sound was also conducted, enhancing the kids' listening skills.

National Girl Child Day

Every year National Girl Child Day is observed to raise awareness about the rights of a girl; support the nation's girl children; eliminate gender biases, and emphasise the importance of education, health, and nutrition.

In this view, our school conducted an activity for Grade V students, 'Share your inspiring girl story' This activity aimed at helping girls to embrace their femininity while appreciating their unique strengths and powers.

FIELD VISIT

Relaxation techniques at Universal peace foundation

Long days of studying and preparing for finals can make children feel drained. To help them stay calm and confident before and during their exams, our grade X and XII Students and their Parents were taken to Universal Peace Foundation at Thirumoorthy Hills. Students were trained in relaxation techniques, such as deep breathing and imagining a positive outcome. This one-day trip gave students tons of positive energy to boost their mood and motivate them for their finals..

Visit the Zonal science centre and science museum

The science exhibition is a program that feasts the eyes of the viewers. Our children were amazed at the various tools, experiments and system models designed based on scientific concepts, philosophy, principles and general rules. Get new views through sound-light visuals and live special speeches at a specific location. A limited-time-only science exhibition is an inspiration to foster an interest in science learning.

There is no alternative opinion that such a science exhibition can help unlock the unique talents of intelligent students and discover young scientists. Our young scientists of Nachammal visited the "Zonal Science Center and Science Museum" in Coimbatore to learn about new creations.

Thank you

We express our heartfelt gratitude to our students, teachers and parents for their valuable contributions and also for their incredible support to make every event happen in a great manner. Together we make learning and development good, better and best.

Thank You!

Why Choose Us

- 
- Focussing on nurturing happy children
 - 12 Acres learning environment wrapped in nature
 - State of the art infrastructure with A/C Auditorium
 - Warm and friendly teachers with Ideal Student – teachers' ratio
