COMPANY OVERVIEW

Veloz IT Solutions, established in 2019 by Melissa Salmeron, is a certified Economically Disadvantaged Woman-Owned Small Business (**EDWOSB**) specializing in custom mobile and web application development using Agile methodologies.

We are experts in Scrum, Kanban, and SAFe frameworks, ensuring efficient and adaptable Agile Project Management. Our team seamlessly integrates DevSecOps and we leverage Extreme Programming (XP) practices to deliver high-quality code. The Veloz talented workforce comprises Agile Coaches, Scrum Masters, Automation Testers, Section 508 Specialists, Agile Business Analysts, DevSecOps Engineers, and Front-end/Back-end/Full-stack Developers. Our staff is trained on our registered, proven Agile Center for Empowerment and Efficiency (ACEE) methodology, guaranteeing predictable, streamlined software delivery. We have extensive experience working with various Agile project maturity levels and can tailor our approach to your specific needs.

DIFFERENTIATORS

Focus on Client Needs: We prioritize understanding your challenges and goals to deliver the software you need, when you need it.

Collaborative Approach: We work closely with you throughout the entire development process, ensuring clear communication and successful outcomes.

Fast and Compliant Delivery: We get things done quickly while maintaining strict adherence to Security Requirements and Section 508 accessibility standards.

Credentials & Proven Experience: With leading industry certifications plus over 24 years of consulting experience across multiple Federal agencies, Veloz IT Professionals have a proven track record in consistent and timely delivery of high-quality working software.
