D.O. No. 2-18/2018-IS-1/IS-15

Dated: 12th October, 2022

Dear Sir (madam,

As you are aware that Samagra Shiksha scheme has now been redesigned and aligned with the recommendations of National Education Policy (NEP) 2020.

2. To facilitate effective implementation of the revised and redesigned Samagra Shiksha Scheme by States and UTs, an updated Framework for implementation of the Scheme has been prepared. It lays down detailed guidelines (programmatic/financial) for various interventions of the Scheme reinforcing the commitment to ensure that all children have access to quality education with an equitable and inclusive classroom environment taking care of their diverse background, multilingual needs, different academic abilities and make them active participants in the learning process as envisaged in the National Education Policy 2020.

3. An updated version of the Framework for implementation of the Samagra Shiksha Scheme is hereby enclosed for facilitation and reference. The framework is a working and evolving document which can be updated/upgraded as per the changes and requirements of the scheme.

4. I am sure that this Framework will act as a guide for implementing the Scheme in an efficient and effective manner to deliver quality education from pre-primary to senior secondary level.

Regards.

Yours sincerely,

(Vipin Kumar)

To,

Vocationalisation of Secondary Education

Home (/) » Overview » Vocationalisation of Secondary Education

Overview

The Centrally Sponsored Scheme of Vocationalisation of Secondary Education provides for diversification of educational opportunities so as to enhance individual employability, reduce the mismatch between demand and supply of skilled manpower and provides an alternative for those pursuing higher education.

The Centrally Sponsored Scheme of Vocationalisation of Secondary Education at + 2 level is being implemented since 1988. The revised scheme is in operation since 1992-93. The Scheme provides for financial assistance to the States to set up administrative structure, area vocational surveys, preparation of curriculum, text book, work book curriculum guides, training manual, teacher training programme, strengthening technical support system for research and development, training and evaluation etc. It also provides financial assistance to NGOs and voluntary organizations towards implementation of specific innovative projects for conducting short-term courses.

The Scheme, so far, has created infrastructure of 21000 sections in 9619 schools and creating a capacity of about 10 lakh students at + 2 level. The grants released so far since the inception of the scheme is Rs. 765 crore.

Based on the recommendations of various Committees/Review Groups, the existing Scheme is being revised

Approval for the revised scheme of "Vocationalisation of Secondary and Higher Secondary Education"

The Cabinet Committee on Skill Development today gave its approval for continuation and revision of the scheme "Vocationalisation of Secondary and Higher Secondary Education". This will be a Centrally Sponsored Scheme (CSS) under which financial assistance will be given to all State Governments /Union Territory administrations for implementation of vocational education in Government Secondary and Higher Secondary Schools and incentive will be given to Government aided and recognized private schools during the remaining period of the 12th Plan. Besides introduction of vocational education in schools, the scheme would involve capacity building of vocational education teachers / skill trainers, development of competency based curriculum and teaching material, development of MIS for monitoring and tracking students and funding of innovative practices under vocational education.

The total allocation approved by the Planning Commission for the scheme in the 12th Five Year Plan is Rs. 500 crore per annum.

Approximately two lakh students per annum are expected to benefit from the scheme during the remaining period of the 12th Five Year Plan.

The objectives of the scheme are to enhance the employability of youth through competency based modular vocational courses; to maintain their competitiveness through provisions of multi-entry multi-exit learning opportunities and vertical mobility; to fill the gap between the educated and the employable; and to decrease pressure on academic higher education. Further, skills and employability of the youth will be enhanced through industry and demand driven vocational courses.

Till date 1119 schools across 21 States and Union Territories have been covered from the year 2011-12 onwards when the revised scheme was approved. 19,300 students were covered in the year 2011-12, 73,300 students were covered in 2012-13 and 1.19 lakh students were covered in 2013-14. Competency based curriculum and courseware has been developed in 7 trades.

Background:

The Revised Scheme of "Vocationalization of Higher Secondary Education" was approved in September, 2011 for the remaining period of the 11th Five Year Plan. A pilot based on the National Vocational Education Qualification Framework was approved as part of the revised scheme and it was decided that the continuation of the scheme in the 12th Five Year Plan, will be taken up on the basis of learnings emerging from the pilot. The Ministry issued an Executive Order on the National Vocational Education Qualifications Framework in September 2012 and a pilot on National Vocational Education Qualification Framework (NVEQF) under the

scheme was launched in Haryana across 40 schools in September 2012. The scheme is being revised based on the learnings emerging from the Haryana Pilot.
