Effective care provision requires the following policies to enable:

- 1) **Financial Policy:** Resilient Minds Behavioral Health Services LLC will bill for all appointments unless initially billing insurance. IN the initial process of credentialing Resilient Minds Behavioral Health Services LLC will charge all appointments unless able to bill insurance retroactively after credentialing. For payment of appointment or copay debit or credit card are preferred. In some instances, cash or check may be accepted. Any returned checks are subject to a \$30 service fee. Any returned check or payment due must be resolved before any future appointments can be arranged.
- 2) **Payment Policy:** All payments are due at time of services. All payments can be done online with a debit or credit card. Each client will be asked to keep a major credit card on file. Payment for appointment will be automatically pulled from the account following the appointment, and invoice will be emailed. If client is unable to provide a credit/debit card, alternative may be approved on a case by case basis. After two notices or two months (whichever is sooner) without payment or arrangement between client and provider, outstanding balances will be sent to collections with additional collections fee added. Appointments cannot be made if prior appointments are not paid, or payment arrangements are late. Automatic withdrawal from a credit card will be the default method of payment unless otherwise discussed between client and provider. Copays are due at time of appointment.
- 3) **Appointment /Cancellation Policy:** **All appointments should be kept as scheduled to ensure consistency in the treatment process. A \$50 fee will be charged for cancellations without a 24-hour notice or non-appearance for a scheduled visit. As a general rule, for medication management patient must be seen at minimum every 3 months after medications are stabilized.**
- 4) **Medication Policy:** Medication renewal will occur during the medication follow -up visit with the prescribing provider. No medication will be prescribed over the phone routinely. Any written script for a controlled substance which is lost will not be re-written. The patient must wait for the next eligibility date for the provider to prescribe . Any script for a controlled substance prescription which has expired requires a return appointment. Illicit substances interfere with the efficacy of psychotropic medication including cannabis and alcohol. The provider may not initiate medication or ask for sobriety prior to initiating medication if substance abuse is evident. **Resilient Minds Behavioral Health Services LLC reserves the right to drug test patients prior to or during medication management. Adequately screening for substances that may interact dangerously like illicit and prescribed drugs is essential to prevent severe injury to our patients.**
- 5) **Refill requests:** Please do not call our office for medication refills- call your pharmacy first, because most likely the pharmacy already has refills available on file. If refill is needed you must have your pharmacy fax us a request at least 7 days in advance
- 6) **Phone Policy:** Phone calls made for treatment purposes may be charged a fee. Phone calls for matters of short duration will not be charged. If you have any questions or having any side effects let us know and the message will be relayed to your provider. Phone call requests made after 3 p.m. may be returned next business day. In case of an emergency please call 911 or go the nearest emergency room.

In signing below, you agree to begin treatment with the policies above and acknowledge receipt of the Privacy Notice.
