FLEXIBLE SESSION: K-12th Taste of Technology (Repeat of June 18 or 19)

From Digital Student Portfolios to Differentiation & Accessibility Options to STEM Exploration and more ... discover new strategies that transform how teaching and learning happens today. Participants will design their own learning menu for the day and explore how to integrate technology in ways that are curriculum-based, meaningful, and engaging for both you and your students by choosing from multiple breakout sessions and digital "test kitchens." Bring your district laptop and any desired mobile devices (chargers and charging cables help too!) and be prepared to expand your technology palette!

Event Date: August 9, 2018

ELAR 6-12 - Discussion Strategies that Foster Dialogic Interaction and Engagement ELA Classroom

How can we foster a culture of critical thinking in the ELA classroom while also making our content more relevant? In this session, teachers will learn how to facilitate group discussions that promote meaningful dialogue inside and outside the classroom. We will also provide examples for how teachers can use technology to enhance and extend these discussions in purposeful ways.
