Judah and Ephraim Represent One Stick

Starting Days of the LORD November 3, 2018

Contrary to various theories and assertive positions, Ephraim and his companion tribes and Judah and his companion tribes were integrated as One into America’s society and both participated jointly in all major movements in America for the common welfare of each. This state of cultural and political integration will continue as part of the relocation process. There will be one nation without tribal divisions. For example, new states in Israel retain tribal names and function similarly to states in the United States of America. Ezekiel 37: 15-22

The Exodus to the Promised Lands

After 70AD, history removed from its pages the localized state of Israel. The Arabs came into the land and occupied it by the consent of Rome. Over time, the city of Jerusalem accommodated Islam, Christians, and Judaism. The Crusades of Europe in origin had the aim of injecting Christian spiritualism into the Europeans as a whole; that is, the birth of Christian nationalism. The principles of Christian moralism were necessary for advancing societal development under the unified control of the Pope and Bishops of the Holy Roman Empire. Indeed, the required level of rejuvenation achieved its purpose in relational fighting with Islam when an estimated of 10% of population went to the Holy Land to fight. Often overlooked, the Crusades established trade between the Arabs and Europeans, mutually beneficial for economic growth. The Arabs finally put an end to the Crusades and eventually took control over Constantinople, bringing to an end Israel as a topic of geo-politics until WWII.

During the course of time, tribal Dan/Khazars adopted Judaism and thereafter advanced the biblical theory to reclaim Israel as their inheritance of Jacob. Actually, the real reason for the land grab is using the land/state from which to operate strategically having the advantage of global monopolistic control over commerce and clandestine operations, e.g. 9/11 (bring down the Twin Towers in New York). This action assumes they write and enforce national laws out of self-interest.

Looking backward and toward, tribal Dan working with the Illuminati and with the Jesuits systematically put into place all necessary parts to bring about the recreation of Israel. The United Nations had to be created first in addition to a series of conflicts, e.g. the persecution of European Jews and then stage the Jewish holocaust. The standard version of history is known about the Jews, though the accepted version omits the fundamental fact that the holocaust tactically facilitated the goal to bring into creation the state of Israel and six million Jews were not killed.

In noting, I am using interchangeably Zionists, tribal Dan, Illuminati, Jesuits, and Masons specifically regarding the creation of Israel in 1947 by reason that they acted in coordination under one design concept. The Zionist’s agenda did not and has not included any aspects of Jesus’ gospel teachings. Given this glaring fact, Christians are plain fools, big time! Yes, they hear clearly that Israelites are the chosen people but at the same time hear that Jews do not accept Jesus. For true Christians, they are playing a dangerous game of mockery, an oath-taking event, saying let Jesus’ blood be upon them and their children. Indeed, the body count will continue to rise started in WWI and II. Now, the Christians have asked to be under the same oath. The question is why people continue to play with God as though he is a mortal and that he changes similarly to social trends.

Tribal Dan renounced his association with the children of Israel, is now considered a Gentile, though he will be allowed re-entry into the land of Israel to claim his land inheritance. For example, Jacob gave Esau upon returning to his father’s house material riches, but Esau was without the theological blessing. Revelation is clear about tribal Dan is not with the specialized blessing, but has a blessing upon returning. By using deception, the Zionists pulled off their plan and entered into the land of Israel in 1948. The Palestinians immediately went to war with the Zionists for taking their lands, accounting for ongoing fighting with Arab states supporting the Palestinians for self-determination.

Regardless of different perspectives on Israel’s recreation, the correct view is that the Zionist’s state is an intermediate step in the fight against Holy Jerusalem; that is, the congregational concept of children of Israel embodied spiritual Law of Moses and the gospel of Yahushua. (See Deut. 30:1-19). The Gentiles’ have an immature concept of Jerusalem reflecting mere stones, bricks, and location. Standing in contrast,
no matter where the children of Israel are located in the world, they constitute the true biblical concept of Jerusalem. Yahushua said: wherever two or three are gathered in his NAME he is in the center of the worshiping service.

In origin, Jacob became theologically gifted as Israel before crossing the brook to face Esau. Make no mistake, Jacob had to struggle hard and tirelessly for the divine theology of Israel. As such, his name changed from Jacob to Israel. With this background, both the Zionists and the Palestinians are biblically illegal occupiers in Israel, though the Zionist’s occupation unintentionally enabled a remnant of the original Hebrew Israelites return to Israel only when massive publicity in America embarrassed the duplicity in the Israeli’s government forcing the airlift of the Falashas Jews from Africa to Israel. There is a huge monumental fact for all to see: Judaism has little to nothing to do with the Torah. The government or the Zionists rejected the Falashas who actually practice the Torah and has a copy of one of the original versions.

When distilling all the problems in the Middle East, the truth reveals that the Zionists fabricated their existence, imaging the future role of tribal Judah. In a word, the world is trapped in the Zionists’ manipulated deception.

We are moving into a period of history where there will be no more secrets; in keeping, we are forced to go back into history and find out who holds the trust deeds of Israel. After the flood, the LORD blessed Noah’s sons and gave them charge to repopulate the earth. The world was divided among the three righteous sons of Noah Shem, Ham, and Japheth. The book of Jubilee confirms this fact. The sons brought their real estate plan to Noah for approval there upon he was very pleased that Shem received a good portion, and he blessed the plan.

Guess what! Canaan, Noah’s youngest son born after the flood, did not receive any land because he was NOT THE SON OF HAM as the Bible states. By reason, had Canaan being the son of Ham he would have been cut a portion of real estate from his father’s master real estate property. Since this was not the case, Canaan was the odd man out because the blessed sons monopolized the entire world’s real estate.

Taking land falsely, he named it after himself: the land of Canaan.

On point, it is totally disgusting and reflective of the mentality of religious professional around the world having their mind in the gutter in this instance and in understanding the obelisk. For the first time in history, this is the true meaning of Noah and his son Canaan: Canaan is the reincarnation of the serpent. By custom, Canaan should have waited to be told to come into his father’s tent, instead, he came in unannounced seeing that Noah was unclothed. He made light of it to his brothers as to suggest as ignoble moral failure. Not true, the very good wine confirmed God’s goodness as a promised to Adam that his labor would be rewarded greatly.

From this incident, we receive actual knowledge of what happened in the Garden of Eden. The serpent reappears as Canaan, the devil that brought about Adam’s fall. This time around, the Serpent will play a subordinate role in his scheme of rational knowledge.

After Shem and Japheth walked backward to cover Noah’s nakedness with covering made by the LORD for Adam; subsequently, Noah realized it was the same shapeshifting devil that tempted Eve to eat the fruit that symbolizes rational knowledge of good and evil. Evil stands against the goodness found in the law of the LORD. “He did it!” WHO? The serpent or the devil portrayed by Canaan having the aim to enslave humankind by fleshly desires perpetually through knowledge of good and evil. In Genesis 9:25-27 Noah states, “Cursed be Canaan; a servant of servants shall he be unto his brethren. 26 Blessed be the LORD God of Shem; and Canaan shall be his servant. 27 God shall enlarge Japheth, and he shall dwell in the tents of

Shem; and Canaan shall be his servant.”

The Canaanites are assigned to be servants and at no time to be rulers because of their inherited nature of disobedience and use fabricated notions of human intelligence to work against the LORD’s commandments. As such, the Canaanites will never have an independent territory or separate state. Judah of Alabama will maintain this position with some major changes within the Palestinian’s community so that they serve willingly Shem and Japheth.

Judah of Alabama Predetermined Role After Michael Stands Up

Whenever I discuss the end times, I start with predetermined outcomes and then work backward to our timely situation. What is known prophetically, there is no reference to the United States in Ezekiel chapters 38 and 39. Why? Because the United States will no longer exist as we know it today.

- 13 When I have bent Judah for me, filled the bow with Ephraim, and raised up thy sons, O Zion, against thy sons, O Greece, and made thee as the sword of a mighty man. 14 And the LORD shall be seen over them, and his arrow shall go forth as the lightning; and the Lord GOD shall blow the trumpet, and shall go with whirlwinds of the south. Zechariah 9:13-14 KJV

Parts of the U.S. military will come under the authority of Judah of Alabama (“When I have bent Judah for me” [the week of December 4-10, 2017 exclusively given to tribal Judah`] . . . “filled the bow with Ephraim and his arrow shall go forth as the lightning . . . [the full house of Ephraim assumes readiness to move as directed by tribal Judah’s military commands`] . . . and the Lord GOD shall blow the trumpet” [November 3, 2018]). This means the command of Judah of Alabama is the signal for blowing the trumpet. Does this means total destruction on 11/3/18? Just like in ancient Egypt, a major event will occur to make ready for departure. The event will be the first step of incapacitation of the enemy forces. Systematically, the tribulation will flow as biblically outlined, unless changed by Yahushua.

Selma’s theological dogma Determined Donald Trump’s Election Win

(Selma’s theological dogma is another way of stating Judah’s theology; each tribe has an assigned theology, making up the general character of Yahawah’s theology for the children of Israel.)

Selma’s dogma references the time from X years, pre-movement, to the movement days until 1968. There are many theories on why Donald Trump won the election. I supported Donald Trump, not that I thought he would deliver great benefits for blacks, but primarily because Barack Obama came to Selma wearing theatrical clothing of politics, though necessary in Illinoi and in Chicago but inappropriate in the sanctuary of Selma.

Selma is a hollow location selected by the Most High. Factually, when Malcolm X came to Selma, Dr. King and I, along with many other protesters, were locked up in the city jailhouse. Dr. King was in a cell to himself on a different floor from the rest of us, including the would-be author: The March that Changed the South. While in jail, Rev King and I were in the Stair-gate of Jacob. He saw his future, and I saw my future separately. This is a factual statement. The Stair-gate of Jacob is real and manifests itself at watershed moments of history. Malcolm X drove passed by the city jailhouse when the Stair-gate was opened, but he was not in the vortex. He was a man on a mission to discover his spiritual identity; I truly believed in time he would have, because Islam is nothing more than a temporary religion to be rejected, as all adopted religious systems, after Jesus arrives and finishes reading the last part of the sentence in Isaiah 61:2.

Obama had the will of the people and could have reshaped America during the first two years of his presidency. To give a weighted comparison, I was an active supporter of the presidential campaigns of
Eugene McCarthy, George McGovern, and Hubert Humphry all combined did not receive the degree of spiritual will of the people as did Obama due to the mistaken view of being a populist. In noting during the National Democratic Convention in 2008, the Pergamon Altar of Zeus (the throne of Satan) served as the stage background for his convention speech.

Yes, Yes, Yes, we all know that when Obama took office he literally had a mountain of debt to overcome left over from George Bush’s administration, which accounts for the deep state’s monetary fraud. Cronyism at its worse.

Many people have literally bought into the stupid game of Obama had little to work with by way of offsetting criticism of him doing little for blacks. Actually, the Affordable Health Care Act, Obamacare, is an adaptation-associated legislation with Mit Rodney. A Republican for the medical industry wrote the Affordable Health Care Act.

The gay and transsexual issues (one of Obama’s priorities) became a marketing positioning campaign for the future where a large percentage of the population will accept being hybrid-creatures to serve the interest of the medical industry. Jesus was very clear about the devil’s overall plan, leading him to reveal his return sooner for the elect sake. The two homosexuals men asked: have you come before your time to torment us. They asked him to expel the sexual demonic spirits. He did so, and they entered into a herd of hogs, and they all ran and jumped over the cliff. Today many people have already committed themselves to the supremacy of sex love as the highest degree of spiritual happiness. Of course, this is all about marketing an illusion as the hook for the medical industry. People are being programmed to say I have an affinity with a dog, a cat, a rabbit, etc. and, of course, the medical establishment caters to personal desires and is waiting to go mainstream with transhumanism. At present, there are a number of prototypes, including women with tails. The days of Noah are upon us where gene splicing was very common.

Did the medical lobbyists of Wall Street select Obama for their agenda?

If Obama did not have answers for the national economy, why did he run in the first place? Obama came to Selma during his first run for office under the cloud of questions about his birth certificate, his faith, and his programed agenda for blacks or the tribes of Israel. Like Malcolm X, he had an identity problem. In contrast, when Dred Scott came to Alabama to live from Nat Turner’s location, he knew of his identity and knew of his natural entitlement as a tribal member of Ephraim. We can say with a degree of certainty that Dred Scott’s lineage is traceable back to the time when Joseph of Egypt transplanted parts of the Israelites in the territory of America/Ephraim. Actually, after tribal Judah arrival in1619, Native Americans already in placed were put into slavery to meet labor needs of a growing economy.

What about Hillary? There has never been a question about her qualifications. In fact, from the perspective of customary politics, Hillary occupies the position of the teacher and Donald her pupil. In a word, in traditional politics, Hillary should have won and the polls reflected this fact even on the actual day of the election!!

So why Donald? I supported him out of abiding respect for Selma’ dogma reflective of Bloody Sunday in which I will always share tears, due to tear-gas, with those Trail of Tears’ tribal Manasseh on the genocidal walk to Oklahoma. I knew once in office Hillary would use play calls from Obama’s game book—saying good things and coming up short. From direct experience, I knew Donald’s position of immigration had a major hole in his election platform. I had no high expectations of him producing fruitfulness, though he pointed out indisputable facts that blacks’ economic conditions grew worse under Obama.
The Bible Calls Trump by Name, but He is Not Cyrus

The Zionist in Israel likens Trump to Cyrus. See Isaiah 45:1-13. For the Zionists to equate the move of the U.S. Embassy location to Jerusalem in the historical context of Cyrus is a gross perversion of Isaiah. Proving that the Israelite God does not deal in happenstance, God told Isaiah to name the Gentile custodian for the rebuilding of the Temple and city of Jerusalem 200 years into the future. There are other theories about Donald’s win, but they all fall short of the truth. For the end time, God gives selective keys to selected people for unlocking scriptures. As such, the only way to apprehend properly Isaiah is in relation to Paul’s 1 Corinthians 15:52-57. Go to 1 Corinthians 15:52 and match that verse with Isa. 45:4, 5, and 7; go to 1 Cor. 15:53 matching Isa. 45:1; 1 Cor. 15:54 matching Isa. 45:2; 1 Cor. 15:55 matching Isa 45:8; 1 Cor. 15:56 matching Isa.45:13; 1 Cor. 15:57 matching Isa 45:11. Here are the keys in the precept:

- I went to the Trump Hotel construction site in Chicago seeking employment. I was told by the security officer to go away. Some weeks later, I returned and told by a Chicago police officer never to come back. Both times, I saw hundreds of Mexicans working while at the stage of doing foundational work at one section and at another section of the work site, a different group were doing basement walls and partially floored. Fully understanding Chicago style politics, a deal was cut with the city to allow illegal aliens to work on the Hotel. Online one would see Trump performing in different operational roles in the opening days of the Hotel. He hired a number of black hotel workers in operations. Trump will never be a Cyrus because he a commercial real estate developer who builds his own temples (hotels). Trump’s penthouse in New York details his allegiance to Zeus. From all indications, as seen in his Penthouse on the 66 floor [Masonic number] of the Trump Towers, he sees himself as Zeus. Moreover, the White House has the architecture design of the temple of Zeus. Finally, reaching his throne, he ordered major renovation work at the White House befitting the throne of Zeus.

He has cultivated blacks such as Omarosa on his apprentice TV program to head his companies. His interest in Israel is about long range real estate investment. For example, there is much talk about a private-government partnership to build the new U.S. Embassy in Jerusalem. I am the only one who can see the very lucrative real estate development being planned short and long range for Trump’s investment groups. Go online and see his Five Star hotel in Chicago that will be constructed in Jerusalem down the line into the future.

- 1 Corinthians 15:52 is a perfect characterization of how I came to support Trump. Two and half hours before the polls closed, in a quick moment—twinkling of an eye, I was compelled to support Trump. Indeed, the mystery herein, Trump is an index reference for tribal Judah of Alabama to start construction on all cities and the temple as directed by the LORD.

I have corroborating evidence to prove I was the agent of the LORD who caused Trump to win. I will say the odds are .001 in a billion that I am wrong. All hard-core evidence that I have will show emphatically I linked Trump win specifically to Israel, e.g. through a different candidate who is biblically none supportive of Israel, and to specific locations in Israel. I have four verifiable witnesses to this biblical prophecy.

Additionally, the week of December 4, 2017, when announcement came of the US Embassy moved to Jerusalem, I received dramatic confirmation that I am a remnant of tribal Judah. I have noted the event elsewhere that speaks clearly and simply. Trump knowingly or being used as pone is serving to legitimize a false interpretation of the Bible. Again, Trump functions not as Cyrus because the divine angles spoke loudly to me that I represent the true interest of Judah and Israel. This then nullifies his gestures of goodwill.
in the biblical context of Cyrus.

In light of these factors, I do not see how Trump can leverage his position to be a factor unless somehow he is of the tribe of Dan. Assuming if he is, all governing authority comes under Judah of Alabama and he will have to fall in. Nevertheless, I do not see where he has a specific role unless he encourages parts of the US military to support Judah of Alabama as soon as possible. This could be a possibility, but the U.S. military establishment knows what is coming. They see with their eyes what is going on in the heavens. Michael the Archangel has been giving all the major military force of each nation an indication of what is coming. Relating herein is old news; all major military powers have seen Michael’s technologies and cannot comprehend them. The military technologies that major powers have today are delusional as a promise from God that he would send a delusion, e.g. King Ahab refused to listen to the true voice of God through his prophets and was killed in battle. Please note: delusion is not a mind trick. The LORD sent workers, who we call aliens, to give false technologies. Once engage with Michael, they will realize that they are boys fighting a full-grown man, only one hour and the decisive battle will be over.

The true Jesuits of tribal Dan, though many in the order do not know that they are the prodigal son, must **leap from Bashan.** Thus, the REAL POSSIBILITY tribal Dan will immediately make plans to bring the part of the US military forces with them for their own salvation and submit to the total command of Judah of Alabama. Actually, this will not be such a big deal for tribal Dan because he has been dropping clues of his evolved intentions to turn against the global system and now waiting for the right moment. Judah of Alabama is now giving the timely signal to leap from the financial and military systems and confess sins and come back home.

In the alternative, Trump serves as a timely parable or an antonym to tribal Judah of Alabama. Isaiah 45:13 can be translated as tribal Judah of Alabama preparing departure before total destruction of America. Not so fast! Flocking to Jerusalem all at once should not be expected. I was given a specific sign to a specific question about relocation. The current state of Israel is not the first location. A number of preconditions must take place, e.g. a river will be created that will run through the city of Jerusalem from the east to the west. When Yahushua’ foot touches Mt. of Olives, the Mt. will be flattened to make way for new development. Everyone will be instructed where to go according to Yahushua’s master plan for relocation.

Please, do not be foolish; returning to yesteryears will never occur. I am fully aware of many pushing this line of desire. When one is a child, one acts as a child and thinks as a child. There will be no compromise on this point.

I want people who are into design apparels to sign up, join the committee, and offer designs for all occasions during the exodus and ongoing in the new world order.

In summary, definitely Trump is a biblical sign. Judah of Alabama, the Executive Body of Israel, will build the transitional temples and cities using transferred wealth from all countries around the world. Therefore, the new statehood is in no need for financial assistance from anyone. Surely, no military protection from anyone. We will build new cities and buildings of a new-style as directed by Yahushua hereto not seen by humanity. We will be on our way of becoming an intergalactic civilization traveling among the stars.

**After the Days of Camp Selma Prison, Came the Concept meaning of Israel**

papers elsewhere giving expanded space herein. When time permits in the future, I will rewrite the papers for a different purpose. For now, I am giving algebraic data-points for notations just to maintain focus in this paper.

After the Stair-gate of Jacob opened, (discussed elsewhere), I saw within my role in relation to Rev. King’s role. The Stair-gate manifested itself in direct response to our commitment to fast or go on a hunger strike until we were released from the city jailhouse. The strike lasted for three days until we were forced to leave to different prisons; I did not see anyone at Camp Selma that I had spent time with at the city jailhouse.

As a point of clarification, while at the city jail, we could have walked freely out of jail had we signed a paper stating we would never demonstrate again for any reason as a promise to Sherriff Jim Clark. We refused to give up our rights as stated under the U.S. Constitution.

Going from bad to worse, upon entering Camp Selma prison (a state prison), a very harsh place where we slept on concrete floors in the dead of winter without any covering and one hog-slop meal a day. Out of this experience, all of us gained an elevated level of consciousness. After released, a Jewish organization reached out to inform us that we had an organic connection to Israel by giving us kipa or kippah with no attachments. The LORD established Tuskegee/Montgomery, Selma, and Birmingham for predefined purposeful events; if holding true to this historical pattern, then, it was tribal Dan reaching out.

The Stair-gate of Jacob and the time portal of Gabriel

From the first day that the Stair-gate of Jacob opened to the actual day of Bloody Sunday, March 7, 1965, is a total of twenty-one days. This would fit perfectly with Gabriel’s notation to Daniel of having been delayed for 21 days at the star-gate or at the time portal by the fallen angels that have territorial jurisdiction at key places where the LORD consecrates his operational name. The devil confronted Gabriel in the Persia Empire as foretold to Daniel, who in the future would be one of the three kings of the Medes-Persian Empire at which time he would petition for the promised protection. Done as foretold, it occurred when Daniel was put into the lion’s den and Michael saved. Once again, the fallen angels would once more confront Gabriel in the Grecian Empire during the revolution of faith of the Maccabees.

Unlike the Medes-Persian and Grecian Empires, the new time-standard for the Roman Empire was established with Peter. Apostle Peter while in prison and heavily guarded for scheduled execution he was in the Stair-gate of Jacob petitioning for the promise and then Archangel Michael appeared and freed him. The chief principality of darkness knew he was without the power to block Gabriel. This means it did not take 21 days for Peter’s release.

We come to the latter days of the Roman Empire. Gabriel consecrated the spot on the Selma bridge years in advance of the Selma movement as a living testimony of the promise to Jacob to appear at times of “Jacob’s troubles”. I was given an exact spot to stand on the Edmund Pettus Bridge years before the Selma movement. On March 7, 1965, I reclaimed my spot not out of consciousness, for it was predetermined where I would stand on the bridge. U.S. Senator Pettus played a major role in the Compromise of 1877, a date when the Israelites, officially underwent brutal repression for eighty-eight years. That same year, Pettus became Alabama Grand Dragon of the Ku Klux Klan.

Rev. King did not march on Bloody Sunday. Still, the well-established pattern of 21-day is a true manifestation of fighting around the star-gate to prevent the angel giving encouragement to the servants in performing their essential tasks to the LORD. The chief fallen angel of darkness over Ephraim/America failed to prevent Gabriel from entering our timeline.
"At that time Michael ...will arise. There will be a time of distress such as has not happened from the beginning of nations until then." Dan 12:1

Fighting in the heavenly realm can become visible and personal in our time dimension. For example, Michael had checked the chief principality, a divisional chief, by kicking him away from the time-portal at the start of our fasting and singing in the city jail. Just like Peter, a shared pattern, Michael’s power was too great for the principality, and Peter was freed within 21-days.

On this account, Satan beat the hell out of us, big time, on Bloody Sunday. Not fully understood, though surmising, there is a 21-day period when the time portal opens and then closes. This is why on the 21st day Satan inflicted hell on the marchers in line with not having power to interfere on the first day when the time-portal opened by the force of fasting and praying.

After some days, Rev. King accompanied by hundreds of clergy and concerned people from around the country came to join the Selma to Montgomery March. I did not participate in the march after March 7 until it reached the city limits of Montgomery. However, the spot that I claimed is the same spot where the Reverend stopped and knelted to pray directly ahead of the state troopers and city police wall waiting again to crush the people of goodwill. After he finished praying, he led a U-turn and went back to Brown Chapel Church, portraying what he saw in the Stair-gate; that is, he would not reach the Promise Land. Still, the prayer was one of supplication, a biblical prescribed supplication to bring forth tribal Judah. Each year, people gather at the bridge in fluctuation ranging from 500 to thousands. People come from across the country each year. A few presidential candidates have made stops in Selma as well as all the members of the U.S. Congress. Today, voting is the crown jewel of American symbol of democracy.

Diane Nash represents the Moral Consciousness of Ephraim

George Bush came to Selma on the 50th Anniversary of the bridge crossing, though he had no clue, he confirmed what would happen to him in measure, as everyone must answer for her and his deeds. To be clear, Bush is a representative, as with many in government, of secret orders of the Illuminati.

By predetermination, Diane Nash was in Selma at the same time as Bush, the Obamas, and governmental representatives at all levels in foreshadowing Casey’s prediction. Those in attendance has an assigned historical classified value for Diane to certify her action non-support of constitutional value of American democracy rather to punctuate she is still the moral conscience for the nation of Ephraim by protesting against George Bush. Once again, she stood in unity with Rev. King. He came out against President Johnson’s Viet Nam war and she stood against Bush’s Iraq war. Both men being Texans and of one mind to serve the interest of the Masons and the Jesuits in silencing the voice of Ephraim.

Although the notion of a new world order has been around for a long time, George H. Bush popularized the concept of a new world order. It is in this predefined context that Casey gave his confirming prediction of a new world order after the earth’s pole shift. Casey inherited this prediction from Nat Turner after coming into the sanctuary of Judah.

Diane Nash Stands Against Social Contract Violations

The overriding story in her opposition to Bush is directly connected to the government’s lies told during three hundred years for waging warfare against tribal Manasseh and Ephraim; the same pattern of breaking social contracts based on natural law, the highest standard “do to others what you would have them to you.” (Mat. 7:12).

Diane links the two ends of the circle at a higher level of the precept of nationhood by confirming Rosa Parks, defender of social contracts, and the inherited principles of governance from the family of Joseph of Egypt. Both Rosa and Diane are from the tribe of Ephraim.
Throughout history, national leaders faced punishment for outright lying. As a principle from the beginning of civilization, once national leaders start telling outright lies the soul of the nation becomes corrupted, this is a proven principle. The idea is to lie in an art form so that others take the fall.  

Tribal Dan’s appointed role is to judge the tribes of Israel. Dan operates at all levels of government and in all major social organizations in keeping with his mandate. Dan is particularly hard on tribal Judah as seen in social policies, regulatory codes, and judicial decisions to prevent disruption of the social order before his mandates ends at the appointed time. The inner circles of the Illuminati and the Jesuits know that they must watch tribal Judah closely as preventative steps. Furthermore, the inner circles know that Alabama is the home state of tribal Judah. Even so, with their scholarly knowledge, they do not know the keys for unlocking actual events. God has said, he will make the wise look like fools. A case in point, Judah’s theology in the bridge crossing.

Tuskegee Airmen Prefigure the Powell’s Military Doctrine for Judah of Alabama Military Operations

Under the order from Skull and Bone, a secret society of which Bush is a member, Booker T. Washington was assassinated. There are two major reasons. Representatives from many black countries from around the world came to Tuskegee to emulate the Tuskegee model of education—self-determination and then seek help from others is the model. Actually, God’s blessing is the essential element. In keeping with this spirit, Colin Powell, from tribal Judah, advocated a better education for the Israelites and served as a role model for young boys of tribal Judah. I was deeply impressed after having met him at the Kennedy Center for the Performing Arts at a black tie performance with an exquisite dinner. We were going up in the elevator in conversation when we met. I wrote to him for advocating on behalf of Israelite boys. He pinned me back. Then, I knew he was for real. His wife is from the tribe of Judah Birmingham.

In recent years, I have been running into people who speak too critically of yesterday’s leaders. They do not fully realize the extent of Moses’ curses on all Israelites under Dan’s hands of repression. My point: one can only do so much as permitted. Moreover, Powell specifically served his bibical function by having formulated what is now called Powell Military Doctrine. It will be used to guide Judah of Alabama in his military objectives.

Conspiratorial schemes to prevent a future version of Tuskegee Airmen from carrying out the unfinished mission Of WWII for reaching Jerusalem

Why was Colin Powell setup for global embarrassment? He had a strong suspicion of becoming the fall man. He carefully explained time again to George W. Bush of the serious consequences of going to war with Iraq on flimsy evidence. General Powell explained the same to George H. Bush and he listened. In contrast, George W. Bush told Mr. Powell in a face-to-face meeting that he was willing to take full responsibility for the fall-out. All along, Mr. Bush was hell-bent on going to war. Why? We are now about to go to a deeper level to answer this question. First as a summary point, the CIA came out later and admitted they had wrong intelligence because they could not find weapons of mass destruction (WMD). The CIA, part of the deep state, specifically targeted Powell’s credibility image from one of being highly respected to having questions of doubt surrounding him. Actually, the CIA planned the war in the interest of Britain, included the overthrow of Libya.

Generally, people understood that Powell delivered his UN presentation off information given to him. Still, he could not go beyond self-imposed integrity limits for himself and faded out of public office life. In truth, the war with Iraq did not necessarily have to involve Powell. In spite of the Zionists’ efforts to camouflage their purpose, the primary objective was to neutralize Powell as an insurance policy in case he became president of the USA and then realizes he is of tribal Judah and turn on them. Their plan worked!

I have discussed Nat Turner’s prototypes for extracting and processing oil, which were used to develop the oil industry. After his death, each of his biometric typified power centers in Washington D.C., including the Federal Reserve Bank.

Now is a good time to segue into the purpose for U.S. Constitution of 1871 or better known as the Act of 1871. Mr. Trump comes as a natural evolution of the corporate constitution of 1871. He came into the office of the presidency of the USA as a chief executive officer from the corporate world of business. The U.S. constitution of corporatism of 1871 gives him the duty to continue his corporate practice. Rightly, so, he is not a politician. The U.S. Congress is his sitting board of directors. As such, he stands as a natural evolution of the constitution of 1871; this means, professional politicians might never again hold that office.

The Corporate constitution and Donald Trump are examples of how the Jesuits established the framework for America and from which make long-range plans based on semi biblical prophecy, and then they systematically work their plans to fruition. Thus, Trump is the man of the hour.

Before and after the death of Nat Turner, his prophecy included the Pentagon, military defense, and the Petro-dollar. Defense Secretary Ronfeldt sitting before Congress said 2 trillion dollars were missing from the budget. There are other reports of trillions of dollars unaccounted for after 9/11 in association with the Federal Reserve Bank and the financial industry. These facts are incomprehensible; everyone stands in total disbelief, and nothing is done about the fraud because there is no one in any position to do anything. This is a classic lesson of complete control and power, though not just yet, absolute power.

Missing money—planned collapse of the U.S. economy, taking down the global banking system.

**Turner/Brantley/Casey/the Earth’s pole shift, and The Day of the LORD**

Follow the signs for the appointed feast days. After the Holy Spirit baptized Nat Turner, all that he did in his ministry were certified as prophecy. Starting with oil seepage from the ground, he prototyped the oil industry from which steamed the Petro-dollar or the global petrocurrency. After the ten tribes of Israel assembled in Oklahoma, Jacob’s tithing blessing completed its final installation for America. On the other hand, Texas as a slave state internationalized the oil industry.

Nat Turner, the man of the hour, came for the historical hour to stand in relation to Andrew Jackson to affirm emphatically: “the feet and toes, part of potter’s clay, and part of iron, the kingdom shall be divided; but there shall be in it of the strength of the iron, forasmuch as thou savest the iron mixed with miry clay...but they shall not cleave one to another.” Daniel 2: 41-43. President Jackson made plans to draw Texas into the Union as a slave state, which should not be the primary focus, rather view Texas within Andrew Jackson’s architectural framework of American model of imperialism. Still intact today. He used his written legal treaties to drive proceduralized legislation, self-serving to that of the capitalist class, and used executive orders to govern around the Masonic agenda. Covert operations complete the three-legged stood of American imperialism.

Nat Turner’s theological blessing covers both Ephraim and Judah as foretold by Moses. Using the analogy of playing billiard or pools, Nat’s prototype went from Virginia to Pennsylvania and onward west to Oklahoma and hitting Texas and jumping into the Middle East. Although having been enslaved in the Middle East over eight hundred years before Texas became a state, Turner/Asher’s oil theological blessing...
in America holds good for the Middle East because tribal Judah of Texas and tribal Judah of the Middle East served as the conduit for the blessing. Even so, disapproval of slavery is unanimous among all tribal members of Israel.

Once Nat Turner comes to be known completely, his prophecy cannot be taken on a detour, submerged, and cannot serve as a substitution. In application, the Bush family of Texas has an invested interest in the oil industry and as such made use of his business-government connection for forming friendship with the Royal Family in Saudi Arabia, who has a natural investment in the oil industry. In time, George Bush converted the government connection into a personal-family friendship as seen when a member of the Royal Family visited him on his estate in Texas. The tie that binds is about the black money or the petrocurrency.

After the ten tribes of Israel gave their last installed tithing blessing to America, the goose that gave the golden egg was destroyed through a highly military operation directed by the illuminati from the East coast of the USA. The number of people murdered in Oklahoma matches the total number on 9/11 in New York and having the same perpetrators with the same fingerprints. In the continuation of singularity, no arrests were made and no one charged. Both are considered a perfect crime.

Still, what about the missing 2 trillion dollars from the defense department? One moment, I am coming to that.

Decoding Biblical Numerology of 16 and 4

The LORD desires always to educate us. The LORD does not deal in darkness; as always the case, we must grow into consciousness in order to see what is always in plain sight. Bibliically prescribed, tribal Judah of Alabama is the touchstone for end time’s events. The 1963 bombing of the 16th Street Baptist Church in Birmingham killing four girls had the biblical numerology for studying and learning in the sentence below.

- 16 “So teach us to number our days, that we may apply our hearts unto wisdom. 15 Make us glad according to the days wherein thou hast afflicted us, and the years wherein we have seen evil.” Psalms 90:12

The Bible tells us 16 convey meaning of covenant. Jeremiah tells us in chapter 33:20 that the only reason the LORD will not honor his covenants being on condition if the moon and the sun disappear without his power and authority. Of course, this is impossible, and that is the point the LORD made to Jeremiah for him to tell the congregation of Israel, he will be true to his word for all times.

Specifically related for our time, the number 16 resonate with church bombings in Oklahoma after Jacob’s final tithing blessing to America. Consistent with the prophetic roles assigned to tribal Asher, the number 16 programmatically localized Birmingham for constitutional and legislative issues. For example, the footprint for civil rights law was made in Selma with connections to Tuskegee and finally leading to the civil rights movement of Birmingham with the outcome of the 1964 Civil Rights Act. The 1965 Voter Rights Act became a reality through the Selma movement with connections to Tuskegee/Montgomery. In spite of this monumental achievement, the southern oligarchy took a game play from the playbook of 1877 to ambush the applied congressional intent, making it to serve their interest at others’ expense. In other words, the Voter Right Act, as text, at no time would have caused a shift in legislative administration of society. On this account, tribal Judah had to concretize the voter act making it irreversible through the countywide coordinated campaign at no time seen hereto across the South; successfully, bring in nighttime federal registrars into Jefferson County/Birmingham. With this success, federal registrars were assigned to all major southern cities.

What is the applied meaning of the number 16 and Birmingham?

One of the Catholic orders murdered Jimmy Jackson in a Catholic hospital in Selma. Who gave the order is my focus, not on the ones who carried out murder. I do not believe the Jesuits had a hand in the murder. On the other hand, Jefferson County/Birmingham was the site for hosting military-style training for the real members of tribal Dan, Jesuits’ priests, under Judah of Alabama leadership. In spite of the Jesuits’ power, God opens doors that no man can close. The purpose of the training had the motivation of waging armed conflict inside of the Little Horn in different places. These operations were specifically to obtain money from the rich coffers of the Catholic Church, which tie-in with the prophecies of Fatima—the times of total destruction of the Catholic Church. Of the three prophesies of Fatima, only one remains to be fulfilled. Tribal Dan has major influence and control over United States armed forces and banking system. Dan must immediately submit to the authority of Judah of Alabama. There is a system in place by which the armed forces under Judah of Alabama will be saved from the wrath of God. First and application must be given and followed.

For the full house of Israel to know, the home state of tribal Judah wherein Birmingham is the determinant place for executing the final answers and solutions that conform to the number 16. This number defines its own location from which analysis can be made showing either the right solution or answer specifically to the theology of tribal Judah. In a word, featured events in Birmingham are archetypes. Asher, as the theological administrator, has the functional role to help ensure the unity between the Law of Moses and the assigned theologies given by Jacob and Moses. Each tribe has a particular assigned theology, making up the general operational character of the LORD’s theology.

Case study

1) Condoleezza Rice could have been one of the four girls killed in the bombing at 16 Street. Condi later in life became a board of directors of Chevron. During this period, the largest oil tanker in the world was named after her. George W Bush, a Texan oil millionaire, often came over to Birmingham to confer with Condi before officially running for president. As a reminder, she served in the federal government under President George H. Bush.

Condi went into foreign policy and became part of the Bush family circle of the deep state. She had tremendous influence over Muammar Gaddafi of Libya. She could have very easily asked President Gaddafi to give $500 million dollars of oil business yearly to black businesses in Alabama. At the drop of a hat, Gaddafi would have done it (at that time Libya annual oil sales were around 15 billion dollars).

2) On the other hand, I wrote to General Gaddafi to pitch my services as a business consultant.

Background. The United Nations is in the forefront for bringing about global commerce. Consistent with its role, Centre for Trade Facilitation and Electronic Business (UN CEFAC) put forth an invitation worldwide for companies to come up with a platform that would allow small businesses and small countries to enter e-commerce at very low-cost and to maintain operations at very low-cost. My company took up the challenge along with all major IT companies in the world and many other companies ranging in different sizes. It was a long process with meetings held at different locations around the world. At the end of the day, my company design proves to be workable. As required, we had to demonstrate PROOF OF CONCEPT in real time that our model would interface and complement existing systems running around the world.

All work complied to open source code, fully known upfront so no one could later claim intellectual property rights. However, making money would be in doing consulting work to bring countries up to speed on the global standard; hence, marketing to Gaddafi and his Revolutionary Council. To be very clear, my marketing efforts had no limitations.

Noted elsewhere, Britain built its empire upon and with the direct assistance of Manasseh of India. Manasseh preserved the knowledge from the three Executive Managers of Babylon who were from the tribal of Judah. The British core competency is in global trading. Continuing its evolutionary development in the era of electronic commerce, Britain continues to push integration of global trade from its advantage interest at the UN through Economic Commission for Europe (UNECE). Within the framework of the theology of Ephraim, my economic model eclipses all others. The UN is located in the nation of Ephraim. My company’s portion given to UN CEFACk is a very small portion of my complete model. The complete economic model will be rolled out in the new world order under Yahushua’s grace, where the new world will become an economic paradise.

3) Finally, my lawsuit out of Texas asserts Texas has jurisdictional authority over Ghana because Texas companies have invested interest in Ghana’s oil industry. As an overview, Nat Turner’s operational prophecy of black oil, black money, military power (gunpowder), and the coming operation of Judah (David Wilson) to reassemble his biometric parts for the economic dignity of Israel.

By coming to Selma, George W. Bush, a symbolic representation, confirms Judah of Alabama will play the major role in the destruction of the Amorites and Kenites’s global legal and financial system, as prophetically illustrated in the demise of Nat Turner. Oil is the accelerant for reaching the maturity date of the iniquity of the Amorites.

Two-state solution for Israel is incorrect

Condi advocates a two-state solution for the Palestinians and the state of Israel. She is still misguided and understands little about LORD’s covenant, which is given in the number 16. There will never be two nationalistic states inside Israel. Condi is not from the tribe of Judah nor Asher. She is a Hamite. For reasons stated, Condi’s advocacy for compromising on the prophetic number 16 is a doctrinal position for integrating iron with clay and oil with water. I cannot point out a better illustration of policy against Judah and Ephraim than Michelle Obama’s arms around George W. Bush and later saying, “my partner in crime.” Such extends to Condi.

The dress rehearsal for the appointed feast days

The number 4 in biblical numerology represents season—the appointed time, the Feast Days. In context, 16 Street Baptist Church is God’s way of reminding us that his covenants will be honored as certified by the bomb blast in direct association with the killing of the four girls, which represent the number 4.

The feast days, the appointed times, teach us the divine numbers “that we may apply our hearts unto wisdom. 15 Make us glad according to the days wherein thou hast afflicted us, and the years wherein we have seen evil.” Psalms 90:12

Many people are not at all clear about predesigned conclusions, known in advance, come out of predetermined processes. For example, the downing building number 7 is an accurate statement as to why 9/11 occurred, the protection of the Petro-dollar with the aim of placing U.S. armed forces inside of Iraq with the objective of having a permanent military presence in the Middle East.

In context of Alabama Judah, the biblical number 4 states emphatically “the years wherein we have seen evil” will come Pentecost, Trumpet, Atonement, and Tabernacle. Thus, this is the mystery of four.

The super-mark of the Beast-system

What about the missing 2 trillion dollars, actually, the larger question covers all missing trillions and
billion of dollars. Consistent with the Amorites/Zionists’ pattern, the aim is to take as much money out of America as possible and thereby causing the collapse of major economies around the world after which the rollout come, in phases, the SUPER mark of the beast for absolute control. Microchipping everyone is literally a step away. This generation of today is ready to be chipped because “it is so cool.” Actually, they have already been preconditioned to become literally OBJECTS OR THINGS without souls of not knowing good from evil. Transhumanism is the goal. A number of creatures, partially animal and human, have been prototyped and now waiting for large-scale production, just as in the days of Noah.

The Feast of Tabernacles includes Reparations and the Recovery of Solomon’s Wealth

The prophecy of Nat Turner's mission is for us to become a unified congregation of Jerusalem that shares the same concept of Israel. Herein is the New Jerusalem a united Ephraim and Judah without divisions.

Trust funds for Judah and equity in law of Ephraim will be the methods of distributing accumulated world’s wealth accounting for the Israelites’ slavery under both Arabs and Europeans.

A special source of wealth will be recovery by tribal Judah as given prophetically in Selma, which foreshadows and prefigures end time’s events. In this regard, George Bush committed a Freudian slip by confirming the Philippine is the richest country in the world. Partially true, what he meant to say factually that the countries of that region have lots of gold, enough, that would have backed Kennedy's new U.S. Treasury banknote. This would have meant killing the Petro-dollar supported by the worldwide central banking system of which the Federal Reserve Bank is a member party.

When revealed to me in Selma, only a few people knew of the gold wealth in the Philippine. The gold in the Philippine and in that region belongs to King Solomon and to the Commonwealth of the children of Israel. Judah of Alabama will collect the gold by any means because that region of the world will soon disappear from the face of the earth just like other countries.

When will the Pole Shift take place? All Judgments will take place in the order foretold

Because of Ethelred T. Brantley belief in Nat’s prediction of the LORD’s coming judgment and repented of his sins and was baptized. Brantley’s blessing was for the end time; on this account, his blessing of healing was transferred to Edgar Casey, who lived in the sanctuary city of Selma. As a bonus, he theorized about many things, including pass lives and future events.

Personally, I have never seen a compelling reason to entertain any of Casey’s theories. His solid core is in healing people, a gift from the LORD. The only thing that I will mention being consistent with the Day of Judgment spoken of by Nat Turner is the coming earth’s pole shift. Casey connects his healing abilities to biblical prophecy confirming “Men’ hearts failing them” (Luke 21:26) due to the magnetic pole shift and other judgmental events.

In conclusion, the tribe of Asher has given us a consistent theological administration starting with the Byzantine Empire, the British Empire, and ending with the American Empire wherein the cycle of Asher completes his theology. From his youth to his old age, the shoe of brass= Ephraim and the shoe of iron =slavery for Judah denoting historical periods. “ 24 To Aser also he said: Let Aser be blessed with children, let him be acceptable to his brethren, and let him dip his foot in oil. 25 His shoe shall be iron and brass. As the days of thy youth, so also shall thy old age be.” Deuteronomy 33: 24-25. Douay-Rheims Bible

November 3, 2018 starts the Great Day of the LORD.
