America Agitates King of the North

United States/Ephraim and Damascus Occupy the Same Time Line for Destruction

3 The fortress also shall cease from Ephraim, and the kingdom from Damascus. Isaiah 17: 3

Today, we stand on location within the kingdom of the South. Foretold by the servants and prophets of the LORD, 9/11/2001 came in a line of many acts in the perpetual conflict between the North and South kings. The last and final act similar to 9/11 will come as quick and fast with invading armies.

The world is aware of biblical history, specifically in the hours before Yahushua/Jesus’ returns, known around the world as the Tribulation Period. Despite knowing, many people have placed no trust in prophesied events.

True to the devil’s nature, people receive daily indoctrination of man’s wonders of deception having the specific aim to downgrade the nature of God as seen in unlimited word arrangements in all media forms reflecting speech belonging to social classes having various educational levels for believability.

Despite the Little Horn’s efforts to mislead the children of Israel, the awakening process has started in accordance to the end time’ prophecy. No, there is neither desire nor interest to possess the low inferior cultural life known to humanity over the past five thousand years. The righteous always move upwards with cosmic progression. At the end of the Tribulation period, a new social system will be constructed around new atomic elements that not known to man hereto. The children of Israel will assist in fashioning the new theocratic with Yahushua as noted in Revelation. The righteous regardless of skin color will work to build a new advanced civilization.

I am fully aware of tons of misinformation and incorrect interpretation of Scriptures. For this reason, I reference Nat Turner as an American baseline for the children of Israel in biblical end time’s prophecy. From Nat, tribal Judah works an outline accurately communicating the appointed Feast Days. God does not deal in chance and hoping things will work out. Feast Days are not about eating; they are about knowing impact global events affecting the children of Israel.

Using Nat Turner as a way to explain the King of the South

Before Nat Turner death, his ministry existed correlational to Andrew Jackson, the father of American imperialistic system; formed around killing, imprisoning, and taking the lands from the ten tribes of Israel. Nat Turner came from tribal Asher and promoted his particular theology divinely assigned to tribal member of Asher. Nat prototyped America’s economic, financial, and military greatness under the umbrella of Joseph, whose visits to America with colonies of his brother established his future nation and in time Ephraim inherited his nation. Nat lineage is traceable back to the time when Joseph came to America. No, Nat did not come on slave ships.

From Nat, America received the theoretical guidelines for the oil industry leading to the evolution of the Petrodollar organically linked to his prototype of American military power (gunpowder). God does not deal in happenstance. Although, details of Nat’s theological ministry associated with oil are still locked and sealed somewhere and never to be seen, presumably in Virginia; even so, we know the biblical features of his ministry as evident today.
Early Days of the Second Beast System

President Andrew Jackson and Nat Turner preconditioned the necessary economic elements for fertilizing the regrowth of the banking tree stump, referenced by Daniel, which would again cover the entire world producing fruits of financial prosperity.

Jackson and Nat left behind the blueprint for American’s greatness in the hands of the Jesuits, Freemasons, and the Vatican collectively known as the Little Horn or the Second Beast system. Given this fact, I associate the king of the North with Europe’s banking and legal systems of law. Standing on top and alongside banking and legal systems of law are the Jesuits whom work with the Pope and yet at the same time independent of the Pope. By contrast, the names of Jesuits are listed as signers on the Declaration of Independence. This is another indication of the Jesuits’ historical identity with tribal Dan showing mixed loyalty, yet having a historical mandate to rule over the tribes of Israel.

Procedurally, the Jesuits and Freemasons worked through their European partnerships to cast the super-structure of America to mirror England’s judicial system. Unlike the First Beast-system that emerged from the sea, the Jesuits’ Second Beast system arose out of the earth, Joseph’s placement of the Israelites in America during his reign in Egypt. From the specific location, the richness of oil evolved the Petro-dollar and military power of the United States.

From the perspective of tribal Judah

Fully realizing the vast majority of the Gentiles have rejected the true history of Israel, they will find little value in this discussion. Therefore, my directives and discussions are addressed to the children of Israel and tribal Judah and for those Gentiles who have a direct role in prophecy, noting tribal Dan.

From the perspective of the Israelites and Judah, when Nat’s head was severance, this represented the moment of functional separation between the king of the North and the king of the South, a definitive perpetual contention between two categories.

When Nat’s biometric parts underwent transformation into items of utility, representing oil, gas, petrocurrency, banking, and gun power/the military, the king of the South became the operational base of the Second Beast system. The king of the South used the image of the first Beast to evolve its missional goals of judicial philosophy, banking finance, the energy sector to drive economics, and military power of dominance over the whole world.

In contention, the king of the North is an operational mechanism dedicated literally to usurp the power from God on earth. The interior core of the king’s paradigm revolves around Nimrod and Semiramis Babylonian religion, declaring eternal disobedience to God/Yahwah. Regardless of historical periods, countless number of personalities associated with temporary organizational forms have come and gone without affecting the interior core. The king of the North stands as an affront to the righteousness of God.

As a reference, always associate the king of the North with the Kenites and the king of the South with the Amorites, though these two classes of systems are integrated as a tree fork, e.g. the Amorites (banking) and Kenites (legal/judicial). The root system of each is grounded in the oppression and economic exploitation of the Israelites. Hence, the Little Horn ties both systems together.

The City of London is the connecting hub for Private Central Banks in each country. While true, the Swiss Banking system was organized around the Knights Templars (Freemasons) for protection and safeguarding personal wealth against hard-core corrupt governmental officials that love to spend taxpayers’ money through unlimited schemes to fill their pockets and their friends.

If one thinks of Kenites as a legal game, then, one sees theoretically, there are rules that allow everyone in society to play only if one is committed to the rules. Herein: use any means to get in position and execute brutal financial oppression after having secured relative financial asset and leverage (investing) the assets to hold others down personally and socially through ventures with the aim of forcing others into self-deprivation. The steps in the cycle must be repeated perpetually with a multi-focus when possible. Basically, this system is nothing more than gambling, for the greater number of people in the pool of gambling the
greater changes of winning than losing and conversely.

The Kenites got the entire world covered. For example, the United States once known as the credit capital of the world (rebuilt Europe and Japan after WWII) and today America is the world’s largest debtor country, thanks to the CIA and the Private Central Bankers of London.

**King of the South is the ruler over Babylon the Great**

The Jesuits created Washington District of Columbia as the nation’s seat of power for Babylon the Great. Adopting a long-range approach for creating its base of authority, the Jesuits pulled a judicial coup d'état as the predecessor for private Centralize Banking.

In taking the next step forward, the bankers of France and Freemasons triggered the American Civil War from its center in New Orleans.

In order to view history correctly, a higher level of abstraction affords such a view. Yes, there are two major opposing sides in any given conflict. At hand, the orchestrated war between the North and South had the desired outcome to bring about the proper process leading to the consolidation of the District of Columbia, which is where the Second Beast is headquartered.

**A PREVIEW of the final conflict between the king of North and the king of the South**

Noting the data points in the Civil War, the issue of slavery contributed to the Civil War but not in the traditional way. In short, the global bankers started the war to advance their plan to control America and to establish world dominance through a banking cartel under Babylon the Great.

The Union (North) was on the verge of losing the war because they miscalculated or misread the competitive interest relative to each party state in Europe.

Britain came to the aid of the South as a result of the Union blocked cotton shipment to Britain, having a major impact on production output in the textile industry and thereby trade.

France and Spain came to the side of the Confederate (South). Overall, the three major parties shared the motive of taking over America and parcel out territories under their national interest.

This shared commonality is nothing new. Britain never gave up the desire to regain control over her American colony since her defeat in the American Revolutionary War. Again, the War of 1812 was another attempt to regain control. Each encountered came with different issues.

France also had a long history in North America, claiming half of North America before forced to forfeit it through the sale of the Louisiana Purchase. In time, France’s bankers through the Rothschild’s banking cartel snaked around and caused great indebtedness within the ruling class of the South. Likewise, Texas and Mexico were under a heavy, heavy financial obligation to pay off loans and interest to the French banking cartel. France’s imperialism works through enticing rulers of any country particular in southern America and Mexico to take out large loans with long-term interest. At the time of the Civil War, all European countries were still in financial recovery mode from the Napoleonic Wars and the overthrow of Papacy’s power. The Freemasons, the Jesuits, and the Illuminati supervised each side of the conflict for their gains.

Only when viewed on a larger scale, the conflict between the Union and the Confederate is a smaller scale of the conflict between the kings of the North and South.

**Tribal Judah is an eternal enemy of France**

Alexander the Great was on his way to destroy Jerusalem as a military policy to destroy all cities that did not conform and embrace Hellenism. Before giving orders, he was educated about his future from the reading of Daniel. Being a heathen, he could not comprehend Israel’s God being of spirit, because he did not have a visual nude image either in wood or in stones. His prophesied future drove him madly to confirm his future leading him to go to different sources such as seers. They confirmed his future. He went to the Red Sea where the Israelites crossed with Moses. In addition, he slept in the Great pyramid. The spirit told him that he would not be successful in his rulership over Manasseh and Judah.
Alexander the Great precondition the emergence of the Little Horn through the divisions of his Empire. In the course of time, General Napoleon traveled to Egypt and slept in the same sarcophagus as Alexander the Great. As a strain theory prophecy, Napoleon received a vision of his rulership and that of France always falling short in sustained governance over Ephraim and Judah. Examples:

- The long history of the French and Indian Wars both with Ephraim in the North and Manasseh in the southern part of North America.
- The war with Haiti (Levites), Toussaint O Louverture, and General Napoleon resulted in France defeat and selling Louisiana (the Louisiana Purchase).
- The general labor strike across the South ended the French bankers’ straitjacket of self-economic exploitation. *(See photo).* The whiplashes came as a direct result of the French bankers, the spearhead for the Rothschild’s banking cartel, caused the indebtedness of the ruling class of the South. Though the bankers did not lift a hand, their system of financial strangulation forced the slave owners to work the slaves to death in order to pay off loans with interest. For sure, the South ended each year in the red without having the knowledge of economic mathematics of international trade, putting them on a financial treadmill where they had to run night and day to pay on the loan interest.
- The victory over the French at Cinco de Mayo was tactical as credited to remnants of tribal Judah who escaped from Texas to Mexico. Although the French army came to Mexico in the interest of banking cartel to collect on defaulted loans, the real reason was military support of the South against the Union. Had the French been successful, the states in the United States would have been arranged differently than what we see today. Still, the outcome features of the American Civil War were the Federal Reserve Bank and the private central banking system in most of the major countries in the world. *Drug and money laundering come through Mexico’s central banking system each year by the billions.* In actual fact, *not in legal terms,* international banking by definition is money laundering.
- CORRECTIONS: Mexican Americans wildly celebrates Cinco de Mayo each year, for many believing it was Mexico’s day of Independence. This is totally false! The real spirit of Cinco de Mayo is an acknowledgment of tribal Judah. There is 100% proof that the spirit of Judah stood opposed to the French and Spanish bankers. History validates itself in the face of ignorance, though the celebration of Cinco de Mayo is correct and honorable to the spirit of Judah.
- Finally, France will be destroyed as a country in this Tribulation Period because it is pushing for a united centralized army under the European Union against Judah of Alabama. As a tactical move, it will push Francophone countries and other countries in Africa to war against Judah of Alabama. These countries together with France will be no more.

**Europe**

The British like to play porker. Indeed, Britain has a sense of biblical history. She has benefited greatly from the colonization of tribal Manasseh. She understands the role of Ephraim/America better than the Americans.

The City of London is the banking capital of the world. I will argue that this is relative, as the world is entering a new era of finance accompanied by new economic theories free from using earth’s minerals to set the unit of value. This coming fundamental change is going to turn the world upside down with regard to banking and the financial industry.

Britain played a major supportive role in the recreation of Israel’s statehood after being forced to make a deal with the Zionists in the face military defeat by the Germans.
Russia entered the Civil War on the side of the Union out of fear it would fall victim to France, Spain, Britain, and Germany. Russia blocked England and France’s ships from entering American waters for trade commerce with the aim of weakening the South financially by having the effect of depriving the South of need cash to sustain its war efforts. Only after slavery became a moral issue advanced by the Union out of self-preservation, England yielded to public pressure and supported anti-slavery thereby ending hostilities toward the Union.

The Jesuits assassinated Abraham Lincoln consistent with the designed plans of the Little Horn. Reviewing the working plan, the French bankers in an alliance with the Freemasons and the Jesuits worked on the southern front and successfully collapsed the economy of the South. On the other hand, the Unionists’ in working alliance with London and the Jesuits succeeded in bankrupting the North. The Jesuits working on both sides, North and South, spectacularly achieved their objectives. The ideologies of the Kenites had free latitude to establish a permanent legal oligarchy given by the dragon, the US Constitution and its Articles and Amendments. Next, the Jesuits and the Freemasons put in place the Federal Reserve Bank and its companion the Internal Revenue Service, IRS.

Only after the battle of Waterloo, engineered by the Jesuits with a specific outcome, the private Central Banking system became a working concept in North America and in time the king-bank for the Petro-dollar (USA).

Lincoln had the correct view of American history by kicking out foreign bankers, because of their proven record of working against the economic opportunities of a free nation. He initiated the program to circulate the Greenback dollar as the true American currency printed by the U.S. Treasury Department. This is the real reason for his murder. Likewise, JFK did exactly what Lincoln did and ended up the same way.

Specifically related to Ephraim and tribal Judah, The Russian’s revolution served as a great inspiration to the black labor movement in the United States and around the world. The Revolution provided a case
study on the application of Marxism. Specific to each country, the theories of Marxism should be used to organize workers around labor rights of democracy verse fighting for the capitalist’s private interest.

Now, as a comparative view of history, reading Russia is relatively simple. Unlike other major countries, Russia is not part of the private centralized banking system controlled by the Western private banking cartel of the Rothschild and, therefore, fights to maintain relative independence, yet having a little room to trade outside of its own constrained territory. Russia seeks to either restrict the Petrodollar or establish two equal global currencies to its competitive advantage. Thus, Russia will fight tactically in this upcoming period to ensure a safe, secured future. Tactically, Russia will fight against both kings. Russia is neither part of the king of the North nor king of the South. Being practical, the Russians have a strategic European agenda.

Gog and Magog War. My view of this timely event is either toward the end of the Tribulation Period or at the end of millennium. When considering both period, the land mass of the world might look differently than today. Strategically, I see Russian, India, and China as being kings of the East. Therefore, I am not of the opinion that Gog stands along in this battle, maybe an alliance. For sure, the king of the North stands along in defeat.

China

China’s trade and real estate holdings in America have high percentages, thus the motivation to fight against or for the king of the South in hopes of protecting its interest. Looking at the situation broadly, China will benefit greatly by its efforts to subdue the king of the South.

For geopolitical reasons, China is much more prone toward imperialistic economic wars for global dominance than other countries contributing to internal, unmanageable, financial contradictions.

As tribal Judah arises and asserts its power within America, China is going to stand in direct opposition to the government of Israel in exile. There cannot and will not be two world powers alongside Judah. At the end, China known today will be no more because it is trying to build another Tower of Babel to ascend into the heaven with the aim of overthrowing God’s throne.

Factions of tribal Dan

All factions of tribal Dan played a role in the orchestration the Israel’s statehood. One faction known as Zionists is nationalistic. Politically motivated, they contrived an argument that the Jews (Khazarians) were being persecuted and wanted to return to their ancient homeland. Another faction known as the Ashkenazi Jews whose controlling position in the mass media industry affected public opinion that drove America into the war against Germany. Not just in the use of words, the Ashkenazi Jew invented the stock markets through mass social psychology to propagandizing for an idea and products. Americans were fed the line about of how badly the Germans were mistreating the Jews and, for that, Americans should boycott Germans’ goods. ‘Thanks to the Jewish controlled media, the campaign achieved its goal. Another faction is the Illuminati, the umbrella organization, for all secret societies. These groups promote governmental policies toward the Jesuits’ agenda and missions. Inside the Jesuits’ Order is the concealed core of tribal Dan, no one knows about this faction except the Superior General. Actually, existing in closed form has always been Dan’s history. Rothschild is a member of tribal Dan. Behind the scenes, the Vatican Bank being an associate member of the Freemasons with a tie-in to the French banking cartel worked to preserve Germans corporate assets. In fact, the corporate assets were transferred to different parts of the world with the assistance of the Vatican and the Freemasons, who are experts in hiding corporate assets globally. The Ashkenazi Jews also played a key role because they held and hold large percentages of investment in Germany’s corporations.

Britain

Britain, USA, and Russia were the major parties instrumental in forming the United Nations as the pre-organizational body for legitimating Israel’s statehood.
At the highest levels of the Jesuits, they always operate off established policies that are based on biblical prophesies. Britain can best be understood to play both ends out of self-interest. In other words, she can be on both sides of the opposing kings of the South and North at the same time, yet being a working member of the king of the North. For example, British companies hold a large interest in the oil industry in the Middle East and in Nigeria and elsewhere. Although this is true, Britain has two theories going for herself. First, she knows about the rise and fall of all Empires on earth using this knowledge, just as sure as water is wet, she knows America will fall. She is guided by a timely mathematical theory for over the past one hundred years knowing the time will come for her to assign America to a third-rate global power. The wise men of the West are clueless as to what the Brits got up their sleeves for the simple reason that they have failed to grasp biblical history. Britain will always lookout for herself, though she has no intentions of going down like the Titanic. In spite of planning, Revelation speaks differently about the Brits, for those who she has taken from will take from her.

Germany

Germany has the strongest economy in Europe. Germany embodies complexities. There is enough data to assert certainty about Germany’s end time role.

For a review, Germany was the seat of the Holy Roman Empire at one time in history. The formation of Germany emerged with a spirit desirous to learn about the heaven and earth. The German’s imagination ran away with them once they found hard evidence to support biblical accounts. For example, the flood and flying machines that Enoch used to travel to different locations on earth.

The Protestant Reformation

Martin Luther gives us a glimpse into the German character. This is what history has shown us. Once the Germans conclude exhaustive objective studies, they will move on the conclusions. They don’t try to manipulate objective facts for personal motives and national pride. They are seekers of truth.

A case in point, Martin Luther found a Latin Bible by accident and read it. There he found in Scripture that God gives salvation by faith to those who believe in Yahushua and repent of their sins. In a word, good works of man and woman will never be enough to earn salvation, because God gives freely his grace to those who accept it. This revelation stood in direct contradiction to the Catholic teaching that states doing good works can earn one’s way into heaven. In addition, just in case one’s love ones ended up in hell, you can pay for their release out of hell, this was called indulgence. The Catholic Church is anti-Christ.

Martin Luther had to appear before the Diet of Worms to denounce his doctrinal faith because it went against the teaching of the church and the Pope. He knew from history an appearance before the imperial court of Holy Rome he had the option to recant and live, or he could take the option to hold fast to his position and face death. Without his friends, his life would have ended. He escaped and well protected while he translated the New Testament.

Martin Luther gave the modern world the first Testament translation of the Bible. Germany prints more Bibles in English than any other country on earth.

There is no question at all that Revelation chapter 10 is about Martin Luther and the Protestant Reformation.

Reformation vs. the Holy Roman Empire

Precisely as spoken in Revelation, the Bible or the words of Yahushua were sweet as honey in Luther’s mouth and sour in his stomach. In other words, if you practice the word of Yahushua expect persecution. Indeed, the Thirty-Year War in Germany that spread to surrounding countries between Lutherans and Catholic took the lives of over ten million people.

The sustaining power of the Protestant Reformation forced the Pope to counter attack. By this time, lo and behold, the birth of the Jesuits appeared. Contrary to popular belief, the Jesuits mission was centered.
on missionary work among Islam in Israel and Jerusalem. The Pope reshaped the priorities of the Jesuits and ordered them to counter all initiatives advanced by the Reformation. I think, I ran across a reference that described the Jesuits as the Marines of the Catholic Church. Indeed, they have earned the respect for that name. Their dedication was unmatched.

To compete with Roman, Yahushua gave the Germans technical knowledge to build an industrial base, hence, the printing industry and the ability to build machines for manufacturing. The German Lutherans and the German people would use their blessing to evolve an industrialized base of workers who would prevent Holy Rome from reestablishing its dominance over Europe. Still, in the natural progression, the Vatican became a city-state from which the Pope would rule as the Little Horn. Preventing another Reformation, the inquisitions, lasting 500 years, targeted at both political and doctrinal enemies of the Pope, as being the appointed god over earth. This is blasphemy. The inquisition claims over 40 million lives.

Jesus sends this timely message and NEWS to the German Lutherans and to all, worldwide, who stands firm against the Vatican’s teaching.

12 And to the angel of the church in Pergamos write; These things saith he which hath the sharp sword with two edges; 13 I know thy works, and where thou dwellest, even where Satan's seat is: and thou holdest fast my name, and hast not denied my faith, even in those days wherein Antipas was my faithful martyr, who was slain among you, where Satan dwelleth. 14 But I have a few things against thee, because thou hast there them that hold the doctrine of Balaam, who taught Balac to cast a stumbling block before the children of Israel, to eat things sacrificed unto idols, and to commit fornication. 15 So hast thou also them that hold the doctrine of the Nicolaitans, which thing I hate. 16 Repent; or else I will come unto thee quickly, and will fight against them with the sword of my mouth. 17 He that hath an ear, let him hear what the Spirit saith unto the churches; To him that overcometh will I give to eat of the hidden manna, and will give him a white stone, and in the stone a new name written, which no man knoweth saving he that receiveth it. Revelation 2: 12-17

The Germans transferred the altar of Pergamon from Turkey to Germany. Satan’s seat is in Germany. I make a distinction between the doctrinal role of the Freemasons and the non-doctrinal role of the Illuminati, which are the organizing hands of the Jesuits. Germany gave birth to sororities and fraternities’ movements and other hidden groups with many different aims but only one purpose—to service the interest of the Illuminati. In many cases, groups are known publically but the memberships in most cases are not known. The secret society movement embraces the Nicolaitans’ dogma of fornication to various degrees in practices. The Roman Catholic nuns and priests are manifestations of the Nicolaitans’ dogma of fornication.

The German Illuminati first organized Greek fraternities and sororities among colleges and universities in Europe next extended them to the whole of America.

From the words of Jesus, conceptually, we see where the Vatican and all hidden societies of oath taking embrace the Nicolaitans’ dogma, the practice of institutionalized sexual offenses to serpentine deities.

**The Mission of the Reformation is to spread the Word of Jesus Verbally and in written form**

Acting as instructed in Revelation, Martin Luther took the little book from the angel’s hand and ate it in understanding, then; the New Testament gospel went around the world through missionaries.

**Germany gives to the world two dialectical opposing worldviews**

Out of Germany, Gentiles, the world over, received two diametrically opposing worldviews. Man will ascend into the heaven through the teaching of the Bible. In direct opposition, man will ascend into the heaven through technical means owing to a qualitative stage of transhumanism.

Complementary to the aspiration of Nimrod’s Tower of Babel, Germany received the means to develop military rocket technology that evolved into space rocket technology. Yes, in truth, the technical division of
Yahushua permitted the Germans to develop the database of rocket science. Permitted by Jesus, the aspirant descendants of Nimrod, e.g. Germans, Russians, and Americans have been allowed to look into the heavens and ask themselves the question where will we go? Just like the Tower of Babel, man will reach so far and nothing will become of his efforts. Pipe dreams. Jesus is the way, the truth, and the light; he is the gateway to heaven and beyond.

Only the Germans monopolistically applied physics in rocket technology. This knowledge was transferred to America under Operation Paperclip where the physics revolutionized America’s defense industry and universities. Likewise, Russia received the same knowledge from German scientists who went over to the side of the Russians. The Germans played both sides in order to preserve national pride with their signature on the birth certificate of physics in missile rocketry. Hence, the origin of the cold war to intercept messages between the Germans of the East and West. Known as the Eastern Establishment for managing the eastern part of America, the Ashkenazi Jews interface between the German technical communities in Russia and in the USA for growth and control of stock markets around the world. They hold advanced intelligence about technologies that allow them to gamble with smart money.

**Only one Super Power at a time**

True to the Bible, the essential component for developing America into the technological super-state came when an alien spacecraft crashed in Roswell. The usefulness of this knowledge advanced the greatness of America through the military-industrial complex.

The technical division of heaven protected the German base in Antarctica. Under Rear Admiral Richard Byrd, the U.S. star fleet went to Antarctica to hunt down escaping Nazis. Lo and behold, Byrd was attacked and defeated by alien’s space crafts.

**Tribal Dan and the King of the North**

This much is known. Tribal Dan works in open and close forms of organizations given this fact there is and always has been competing factions within the alliance of the Little Horn.

Tribal Dan works off policy guidelines covering its mission statement, preventing confusion on any question of action at any historical period. Simply put, Dan knows that Babylon the Great must fall because it was from Babylon where they adopted Babylonia Judaism.

The Bible is 100% accurate regarding Dan’s role in 9/11/2001. Dan has no loyalty to anyone, including corporate bodies and governments. Another way of thinking of Dan as being a hand with different organizational fingers moving in separation yet controlling by one hand. Even so, Dan can only go as far as permitted by the LORD’s plan.

As an operational overview of 9/11, generally known, the Israelis were involved. The question often comes up why the Air Force did not intercept the airplanes. The official explanation being a war game exercise was in progress specific to a hijacked airplane.

My subject of focus is not on the procedural chain of command rather at the highest level of strategic interlocking of parties to achieve a specific outcome in fulfilling prophecy.

There are operational levels involved in 9/11/2001 that should be quickly reexamined. First, follow the money. Trillions of dollars disappeared hours before the hit. According to one report, some of the money was transferred to Germany. This might or might not be true. The initial story posted to the Internet was taken down in 2001. To note, money in the trillions of dollars disappeared from America without accountability before 9/11. It is easy to conclude there is a pattern of money being transferred outside the country. This is the key point.

**The Bombing New York and Washington DC were planned in 1945**  
**Executed in 2001**

Looking back over history, the Germans could have executed plan C knowing of its pending military
defeat in WWII by the allied forces by sending prepared airplanes equipped with special bombs to wipe out both New York and Washington DC. Was 9/11 a delay plan C?

The technology used on 9/11 presents two implied answers: one, the technology was invisible to the eye; two, the technology was anti-matter. In short, 9/11 was alien’s technology with connections to the walls of Jericho falling down through sound vibration and to Sodom and Gomorrah in the episode of Lot’s wife turning back to look and turning into salt in similar fashion of falling white ash is represented by the spirit of wickedness and demons. To note, everyone walked around in New York looking like ghost spirits.

Accentuating points one and two, invisible to the naked eye, an anti-matter missile hit the Pentagon. One thing is certain, the whole truth about 9/11 will never be told by the conspirators thru traditional reporting.

In the real world in which we live each day, there are a number of dimensional realms to be comprehended, though today’s sciences enable theoretical explanations of 9/11. Beyond 9/11, men and women who are professional or wear the scientist’s label, for the most part, are blind. Only the Bible gives the higher-dimensional understanding of our daily realities.

Thus, the theology of Asher is central for understanding and explaining the events of 9/11. Nat Turner’s ministry prefigured the rise of the United States Petro-dollar and the Pentagon correlational to Andrew Jackson’s system of U.S. Imperialism. Downing building number 7, the place where the actual plans were drawn up for reengineering the global economy around the petrocurrency, representing the nail in the coffin, the end of the Petro-dollar. Moses foretold of this event with a conditionality, which was satisfied with 100% accuracy!!

This is where the story gets very interesting. The hijackers of flight 93 were Middle Eastern Muslims. The official story is that the Air Force shot down flight 93. Was this an act of the king of the South reacting, pushing back that led to the war in the Middle East? For sure, troops stationed in the Middle East were for the protection of the petrocurrency and the United States Petro-dollar. Everyone anticipated the United States’ reaction; hence, the motion of pushing and pushback between the kings of the North and the South.

The king of the South comes to his end

The concluding meaning of the 9/11 is thus: the Downing of the World Trade Towers reads America obituary as the leader in world trade. The conspirators’ actions prefigure Revelation 18:8 “Therefore shall her plagues come in one day, death, and mourning, and famine; and she shall be utterly burned with fire.” When the time comes, Archangel Michael will execute Revelation 18:8.

The attack on the Pentagon continues the theme falling America, demonstrating the enemy can strike at will. Finally, the Downing of building 7 emphatically states the Petro-dollar has been topped.

Credited to the CIA and the king of the North, America is the world’s largest indebted country. With this in mind, looking long range, who stands to gain the most by bring down America? Britain (has a plan); China (has a plan); Germany (has a plan); Zionists (have a plan); the Vatican (has a plan). All the parties are willing to take a major hit that will set them back temporarily with the assurance they will come out ahead in the long run because the world will be forced to accept the total mark of the beast. Once in the net, no one escapes.

In an attempt to correct America’s financial problems and trade deficits, President Trump has entered into trade wars with America’s major partners. The American economy is too far in the red. Just think, if on tomorrow U.S. creditors come calling on their loans with interest, by law, U.S. will be put under receivership. This fact cannot be disputed.

Leading to the Feast of Trumpet

Few points to Highlight: (1) Moses foretold the ending cycle of the oil industry. The 9/11 events occurred as a partial fulfillment in the ending of the petrocurrency along with the central banking system. (2) the funeral of George H. Bush 12/5/2018 brought together the major players of the kings of the North and South in the District of Columbia. This assembly came as the preview for the death of Mystery Babylon
the great. George H. Bush became a CIA man in his early days as an employee of one of the CIA’s oil companies and later became the CIA Director. The CIA is a British agency that operates primarily in the interest of Britain and the king of the North.

When we look at 9/11/2001 through 12/5/2018, we should have a full overview of the conflict between the kings of the North and South. First, flight 93 can now be seen after George H. Bush’s death as a planned sacrifice, paving the way for George H. Bush’s funeral (GHB-F), a requirement for Babylonism. (3) There is much talk about pedophilia, satanic ritual involving blood drinking, eating human flesh, raping and killing children, homosexuality, and bestiality associated with the CIA and FBI. (There are documentations about these claims). The foundation for these claims is rooted when British MI5, overlap with the CIA, recruited Allister Crowley who is the father of sex magick. Barbara Bush’s mother traveled in the circle of Allister Crowley with supporting circumstantial evidence he father Barbara. Allister Crowley is known as the wickedest man of earth, he had no limits on sexual activities. The CIA adopted his practices to trap others and eventually became Satanists and Luciferins.

The Bible establishes the District of Columbia as Sodom, the center of sexual deviations. No matter which angle one views the gathering around GHB-F the location was in spiritual city of Sodom and in the District of Columbia, the harlot, where the kings and princes of the world committed fornication with her.

Events that overshadowed the programmed funeral service were the service of summons for a military trial. There are two points that I want to make: one, I have been reading here and there without any in-depth investigation into charges trafficking children. I have heard stories about such individuals for years. Actually, I stand indifferent to the allegations for the simple reason that we live in such times when society has become more and more tolerant toward falsehoods. The Internet is a big contributor to moral decay. To me, I will wait and see if there is hard evidence. Two, I put weight and support on top officials who have contributed to the illegal drug industry and contributed to the pending collapse of the U.S. economy. I view this in the context of the South pushing back against the North.

Legally, the parties who received the envelopes and with President Trump in the same assembly, they were properly received service. Actually, over one hundred million people saw when they opened their summons. The cameras were focused on them for that purpose.

For the record, only the Jesuits/Dan can dramatize such power and authority as what the world saw at GHB-F. No doubt, they will receive the death sentence relative to the context of the funeral.

**Transitioning Out of Egypt**

Recapping on two points: Jacob’s tithing blessing given to America through his ten sons came at the time when the ten tribes assembled in Oklahoma under Andrew Jackson’s presidential administration. Though the ten tribes benefited from the Gentiles blessings, the economic and political systems of the Second Beast-system rests upon the Israelites as foretold for 400 years; after that time, the full house of Israel would depart Egypt/America. Even with this understanding, all of the Gentile’s economic systems rest upon pre-appointed times corresponding to feast days of the children of Israel. In short, the pushing and the pushback between the kings of the North and South are not a part of the feast days but marks a time period for Judah of Alabama. Because the time for the real fall of Babylon is just around the corner without the intervention of human hands.

What is the border fence about? Actually, major European powers have known over a hundred years that they will come against America in some forms based on biblical prophecy. The President might or might not know of American demise. Removing any questions, the President now knows through Judah of Alabama, resting on biblical prophecy, constructive steps he can take specifically related to Judah of Alabama, government of Israel in exile.

I am repeating, for the most part, just to underline where we are at in this hour. With a multi-dimensional view, the key points:
The king of the South has already been defeated. GHB-F is a symbolic representation of the king of the North victorious stand.

American remaining economic and financial strength is of little importance.

President Trump has been given the specific reason for election win, all other issues are of little importance or secondary to the real reason for his placement in office.

The feast of Trumpet is about to sound, for Archangel Michael is about to stand.

No human hands will be involved on the Day of the LORD.

Part of the U.S. military will come under the total control of Judah of Alabama out of necessity and willingly. All military technologies that the king of the North and the Little Horn now possess will see total destruction.

Tribal Judah Preconditions all Events

Jeremiah gives an outlined of Israel and Judah predictable history before Judah went into Babylonia captivity and post captivity and a return to captivity under the Arab slave trade, claiming 140 million lives, and the transatlantic slave trade. At the end of 70-year, Israel and Judah shall return to the promised lands, having the converted U.S. military under Judah of Alabama, the government of Israel in exile. Neither a personality nor any governmental body will never again stand above tribal Judah and Israel.

3 “For, lo, the days come, saith the LORD, that I will bring again the captivity of my people Israel and Judah, saith the LORD: and they shall return to the land that I gave to their fathers, and they shall possess it.” Jeremiah 30: 3

Working from the outline of Jeremiah, Zechariah maintains coherency using teachable illustrations for a different generational people living in an industrialized society. As such, he tells us the specific feature of wickedness of the woman living in the basket. This woman is from Babylon traveling to Egypt/America where a base would be formed upon which to rest the basket [District of Columbia]. Lies and thievery filled the entire basket knowing everyone has moral money to make purchases of lies and thievery that will make Babylon the Great a global empire.

The District of Columbia represents Mystery Babylon as pointed out. This fore knowledge was given instructionally by Archangel Gabriel to Zechariah 5:11 “He answered, to Babylonia, where they will build a temple for it. When the temple is finished [District of Columbia], the basket will be placed there to be worshiped.” Semiramis, the religion of Babylon, is the mystery woman in the basket.

The vision of the flying scroll

(“30 feet long and 15 feet wide”—this missile will come upon the earth without human hands)

4 “The LORD Almighty says that he will send this curse out, and it will enter the house [the financial and banking industry in particular countries] of every thief [Amorite] and the house of everyone who tells lies under oath [the legal system of the Kenites]. It will remain in their houses [cities and countries] and leave them in ruins.” Zechariah 5: 4

In the latter days, the Bible gives Israel and the Judah assurance that their predicament will end once the bonds of the Amorites and the Kenites are broken in the last Jubilee year and at the feast of Trumpet.

But fear not thou, O my servant Jacob, and be not dismayed, O Israel: for, behold, I will save thee from afar off, and thy seed from the land of their captivity; and Jacob shall return, and be in rest and at ease, and none shall make him afraid. 23 Fear thou not, O Jacob my servant, saith the LORD; for I am with thee; for I will make a full end of all the nations whither I have driven thee: but I will not make a full end of thee, but correct thee in measure; yet will I not leave thee wholly unpunished. Jeremiah 46:
