

OUR STORY:

Silver Compass began around our own kitchen table as we cared for loved ones navigating aging and changing health needs. We saw firsthand how easily families can feel lost in a fragmented healthcare system. Our mission is simple: to ensure no family has to navigate the aging journey alone. We are your local partners, providing trusted guidance and advocacy for the people you love.

The Aging Highway: Mapping Your Journey

Aging is a predictable road, but most families stay on the main highway until an emergency forces a stop. **We help you plan for the right exit ramp *before* the crisis hits.**

Exit 1: Early Prep

Planning & Resources:

Connecting you with vetted resources for Legal POAs, financial planning, VA Benefits, and LTC Insurance triggers.

Outcome:

Eliminates the “What do we do now?” panic when a health change occurs.

Exit 2: Proactive Home

In-Home Safety:

Modifying the home and introducing care before needs change or the first fall.

Outcome:

Extends independence and prevents a “one-way” trip to the hospital.

Exit 3: Clinical Shift

Safe Transitioning:

Navigating Assisted Living or Memory Care options based on clinical need.

Outcome:

A choice-based move rather than a forced hospital discharge.

THE AGING TOOLKIT: Our 5 Pillars of Advocacy

- 1. Placement & Resource Navigating:** We vet and match seniors with resources, Assisted Living, Memory Care, or Independent Living options specifically aligned with their clinical needs and budget.
- 2. The Funding Roadmap:** We guide families through the maze of funding: understanding Medicare coverage limitations, navigating Medicaid waivers, and maximizing Long-Term Care insurance.
- 3. Clinical Advocacy:** Led by a Registered Nurse, we speak the language of the care team. We ensure that the care environment is clinically safe for current and future needs.
- 4. Urgent Response:** When the “Traffic Jam” happens, we provide rapid-response consultations to get you off the highway and into a stable environment quickly.
- 5. Zero Cost to Families:** Our services are free to the family.
