Let us work together to create a logo that highlights your brand identity, reflects your values, and makes your products stand out.

## WEBDESIGN

LEVEL UP WITH A STUNNING WEBSITE

### YOUR OWN PROFESSIONAL WEBDESIGN

Transform your online presence with a professionally designed website that captures the essence of your cosmetic brand. In today's digital age, a well-crafted website is crucial for establishing credibility, reaching a broader audience, and enhancing customer engagement. We create visually striking and user-friendly websites tailored to your brand, ensuring that your products are showcased beautifully and your message is communicated effectively.

We provide **MSDS** in compliance with EU Cosmetic Regulation 1223/2009.

**CPSR** and **PIF** are only required for B2C sales, however, we offer both as an additional service for our customers.

For the preparation of **CPSR/PIF**, the following information is required:

- Packaging Information and Data Sheet (if customer packaging is used)
- Labels that will be applied to the packaging (for label verification as required in the **PIF**)
- A one-time fee of **79€** per product to cover the label check and the white labeling of **CPSR/PIF** documents (this service is complimentary for orders above **1,000 €** per article number)

Additionally, our Cosmetic Safety Partner offers a Responsible Person Service, which includes:

- Acting as the legally required “Responsible Person” for your products
- Safekeeping of all mandatory documents and certificates
- Unlimited revisions and updates
- The option to use their address on product labels

This service is available at a cost of **2,000 €** annually.
