

## ***MY FOREVER HOME***

*Reared and swaddled in the fabric of sport,  
Raised by an ever-expanding core,  
Finding solace and knowledge on many a field and court—  
Learning life lessons and so much more...  
Legends and heroic tales forged a folklore,  
A mythology in reality built;  
Sports were much more than a mere game score,  
But a legacy woven into an intricate quilt...  
Once a player unto once a coach,  
A foundation of serving and giving  
With success beyond reproach;  
With lessons from those passed practiced by the living...  
An adulthood steeped in appreciation,  
Bred from seeing generation after generation.  
As cultural mores shift and attentions roam,  
This legacy...This "Family"...Is my forever home!*
