

FAA APPROVED FLIGHT SIM LOCATED AT CLINTON AIRPORT

Bad weather day not allowing you to fly? Can't fit your instructor's schedule with yours? No plane available? Would you still like to learn the complete capabilities of that Garmin 430, 530 or G1000? Come fly our FAA approved SIM!

The **REDBIRD TD2 Simulator** allows you to choose from 16 different single engine configurations using either a glass cockpit with a G1000 or the traditional "6 Pack" equipped with a Garmin 530.

A flight simulator is a better classroom than an airplane. Practice any approach at any airport in the US with whatever weather conditions you decide. You can even add realistic random malfunctions to challenge your skills.

LOCATION/CONTACT INFO

Clinton Regional Airport (KCLK)
James Sharp 913.634.4129

STUDENT PILOTS

May use up to 2.5 hours of simulator time towards their certificate. **Think of the cost savings.**

INSTRUMENT STUDENTS

May use up to 15 hours of simulator time towards an instrument rating. **Think of the cost savings.**

ALREADY INSTRUMENT RATED

If your instrument currency has not lapsed, you may stay current by using the simulator without an instructor. **Think of the cost savings.**

COST EFFECTIVE TRAINING

See other side for details. Once checked out on the sim you may use it at your convenience without an instructor.

THE INSTRUCTOR

JAMES SHARP, instructor since 2001, holds a CFI, CFII, MEI, AGI, IGI, AND ATP. He is a GOLD SEAL FLIGHT INSTRUCTOR and is typed in the PHENOM 300, HAWKER 900XP, and CITATION JET. He also holds a Commercial Glider Pilot's Certificate.

FLIGHT INSTRUCTORS

Feel free to contact me about using the sim for your students. You will earn your normal instructing rate and your students will save money.

INTRO FLIGHT \$50

This is a 30-minute flight lesson with a Certified Flight Instructor. The intro flight provides the basics on how to fly an airplane. If you have previous experience flying you may wish to attempt landing on an Aircraft Carrier or flying an approach to minimums. This is the perfect option for anyone from the person who has never flown a plane before to the person who has hundreds of hours and would like to try an FAA approved flight simulator.

ONE HOUR LESSON \$100

This is a one hours flight lesson with a Certified Flight Instructor. A simulator flight lesson is a great compliment to your flight training but up to ¼ the cost of renting an airplane. The first thing you will notice is how much more you can do in an hour of simulator training versus a typical flight lesson.

SIMULATOR CHECK OUT

After a few lessons you will be ready for a checkout “flying the simulator solo.” This typically takes between 30 minutes and an hour. Afterwards you will be able to use the flight simulator on your own. The best way to learn on your own and save money at the same time is by taking advantage of the GIFT (Guided Independent Flight Training) program for Private or Instrument Pilots.

FREQUENT FLYER RATES

PURCHASE 5 HOURS OF SIMULATOR TIME IN ADVANCE

Cost is \$250 and you will receive 1 hour of simulator time for free (a **\$50 savings**). This price does not include flight instruction time.

PURCHASE 10 HOURS OF SIMULATOR TIME IN ADVANCE

Cost is \$500 and you will receive 3 hours simulator time for free (a **\$150 savings**). This price does not include flight instruction time.

GIFT (GUIDED INDEPENDENT FLIGHT TRAINING)

GIFT is intended to give student pilots and instrument students practical flight training that compliments instruction from their CFI, and provides opportunity for individual practice. The GIFT program may be used at any Red Bird Simulator in the country (subject to their simulator rates). Cost is \$295.

Purchase a **GIFT** Program and receive 15 hours of simulator time at \$35/hour plus a free checkout on the simulator. That’s a savings of \$225 dollars on simulator time and a \$75 savings on the checkout time.

That savings pays for the cost of purchasing the GIFT. By far your best deal.

All prices are subject to change. Frequent Flyer and GIFT Rates are valid for 6 months from the date of purchase.
