

Full biography

Paulette Kaci - Executive Director of Vestechpro

To improve people's skills and the performance of organizations is what motivates this exceptional manager with more than 20 years' experience. Her curiosity and her entrepreneurial spirit have led her to take on the challenges faced by start-up organizations or those in the process of restructuring.

In 2011, Paulette became Vestechpro's first executive director. Appointed by Cégep Marie-Victorin at the very beginning of the organization, she brought together a powerful team of professionals recruited from the fashion and apparel sectors. Paulette was quickly able to position Vestechpro as an essential research centre for Quebec's apparel industry and to promote it throughout the country and around the world.

Paulette, who has a Masters in education from Université de Sherbrooke, made it her mission to position Vestechpro so that it has become a leader in the area of technology transfer in the apparel industry.
