Red Angus

Welcome to the 2019 edition of Commitment to Quality.

I know I don't need to remind anyone what a miserable 2018 we all suffered through, but it's the first thought that comes to mind when I start talking about this crop of calves. Winter lingered forever.....spring was late to the party..... when grass finally came, it never got hard. I don't know of anyone that has seen a year with weed infestations in native pasture anything like we saw last summer. I quit counting aluminum darts for doctoring bad eyes and footrot after the first pallet. Pasture had no punch, hay tests poorly, weaning weights were 75 to 100# off everywhere, and this crop has a number of bulls that will outperform what I thought was the best set I've ever raised in the 2017 crop.

The sale number is down a bit from last year. I lost some tremendous calves due to extreme weather in February who just happened to be bulls, and there were a number of front end cows that cranked out heifer calves. At the end of the day, I'm not going to lower the bar just so more can get a medal of participation. In fact, it really doesn't bother me to get busy with the bander, the knife, and the sorting stick and purge the stuff that doesn't pass muster. I'm not afraid to distance myself from things that aren't working.

With that said, you'll immediately notice that pedigrees look different this year. I distanced myself from something that wasn't working..... and I'm happy to breed cattle under a system that doesn't penalize me for color or pedigree. The cattle get to be the cattle. The protocols don't change, the inputs don't change, the scale tells the half of the story, your eyes tell the rest. I realize there will be some mental adjustment to EPDs created in a new system. There have been substantial adjustments under BOLT, it's a whole new learning curve under Angus 1...they are not the same system, so please don't try to confuse the numbers with comparison. There will be a supplement sheet sale day that will have complete current EPDs with both ANGUS 1 and BOLT #'s, in herd ratios, scrotals and any catalog corrections that need to be identified.

Again, I want to thank each and every customer for their past support.....your endorsement of the program speaks volumes.

To those expressing interest via calls and catalog requests...I look forward to seeing and meeting you before, during, and after the sale.

Come join us March 4th in Bassett. We only get to celebrate 25 years of bucking the trends once!!!

Brad

LIVESTOCK PRESS REPRESENTATIVES:

Alan Sears, Western Ag Reporter 970/396-7521

Harold Bertz, American Red Angus Assn. 816/661-2289

Chris Beutler, Midwest Messenger 402/380-8244

Randy Rasby, Livestock Plus 308/539-6195

Buyers unable to attend may send their bids to the auctioneer, press representative or Brad. We encourage buyers unable to attend to utilize DV Auction Service.

INSPECTION OF CATTLE:

All the bulls can be viewed at the Bassett, NE ranch anytime prior to the sale. Call for an appointment. The offering will be moved to the Bassett Livestock Market on March 2, 2019.

TERMS AND CONDITIONS:

All cattle sell according to the suggested Terms and Conditions of the American Red Angus Association.

HEALTH:

All bulls are guaranteed breeders and healthy sale day. Interstate health papers and brand release papers will be provided on all cattle selling. All bulls sell fertility tested and with scrotal measurements available sale day. Heifers are bangs vaccinated.

TRUCKING:

Free delivery to all points in Nebraska and to neighboring states within 300 miles of Bassett. We will also be glad to assist in making the best possible trucking arrangements. Trucking is the responsibility of the buyer on the commercial heifer lots. A \$100 per bull credit will be given if you haul your bull sale day.

INSURANCE:

Will be available sale day.

LIABILITY:

All persons attending this sale do so at their own risk, legal or otherwise, for their safety or the behavior of the animals. The Owners, Auction Service and the Sale Staff assume no liability for property loss or accidents that may occur.

AUCTIONEER: Matt Lowery (308) 750-6119

LUNCH:

Join us for a complimentary lunch sale day.

ANNOUNCEMENTS:

Made from the block will take precedence over this printed catalog.

WEANING AND YEARLING WEIGHTS:

The weaning and yearling weights printed are adjusted from the Canadian Angus Association.

Sale will be broadcast live:

- The next great piece in the legacy of the 612P cow from Triple SSS. Tactic is an intensely linebred bull to the very heart of the SSS program. His offering here is small this year...but there will be many more to choose from in the future. Owned with Rains Cattle Co. Perkins, OK

- Maximum 165B continues to do what he does. He moderates frame, adds tremendous muscle, udder quality and a flawless structure.

- 254B was the second target in the 2015 SSS sale. From my first trip north to go through the SSS program, the #1 cow for me was 612P. Now in the age of political correctness, not many breeders are brave enough to tightly line-breed anything. Already knowing what his sire, 639X could do, and having him stacked on his half sister 3425, I was pretty confident what the females out of this guy were going to be. The first crop of 254 daughters is already making a solid impression. They're soft, deep made, bold sprung, beautiful uddered females.

- From my earliest ventures north, I fell in love with a bull called Flying K Max 159Y. Since semen wasn't available on daddy, the only option was to buy a son, so Hank the Tank became target #3 in 2015. The combination of the shape, structure, muscle, feet and udders I knew were stacked in his sire crossed with a dam who topped the Chickadee dispersal made this little meatwagon irresistible to me. If you like frame 4.5 to 5.2 cattle that are wide, deep and packed with muscle and maternal, check his sons out.

- Amped was a sleeper in the 2016 SSS sale. One of the youngest bulls in the offering that year, he didn't draw the attention of as many people as his progeny will. The Ambush daughters are tremendous young cows at SSS, and his donor dam 306W is one of the best cows in the history of that famed program. This is his first offering and there will be many more hitting the ground this spring.

Commercial Red Angus Heifers

Once again, we will start the sale with the commercial female sale. My customer base is just as committed to quality as I am and I'm honored to put the fruits of their labor and dollars on display for your evaluation. The entire offering is 100% home raised from programs that have earned their reputation for having outstanding commercial cattle.

As always, each heifer will be palpated for breeding soundness, bangs vaccinated and sized and sorted for uniformity.

Heifers will be sold 5 or more to the cut all day long to accommodate buyers both large and small.

As a side note, for anyone needing to buy some time until you're ready at home, give myself or Terry a call and we can help assist with arrangements that will work for you...feeding, synchronizing, breeding...we're happy to accommodate your needs.

And by all means, contact me next fall if you need any help in re-marketing bred females. There is always someone looking for a set of quality bred heifers. If you have any questions about the heifers offered March 4th, please feel free to call myself or:

Terry Cone 308.750.1681
Shane Kaczor 402.376.7011

The offering this year includes:

120+ head of high performance heifers from Jim & Scott Boettcher, Atkinson, NE, 402.925.2238 or 402.925.2503.

There will be a solid potload out of the middle and a short load of larger framed, higher performing heifers in this consignment.

75+ head of heart of the Sandhills reputation heifers from Gary and Rose McLeod, Valentine, NE, 402.376.1899.

As of catalog time, Gary is uncertain how many he's keeping - this could turn into 2 potloads.

50 head of straight reds from Glen May, Bassett, NE, 402.684.3744.

This will be another great offering of real world, unpampered genetics. They will flat grow for their new owner and make a solid set of replacement females.

40 head of reputation reds and red baldies from Neil and Mary Ammon, Newport, NE, 402.244.5313.

Ammons needs no introduction to this, nor do his heifers. He brings great ones every year.

Commercial heifer updates will be posted on arrowsmithredangus.com and Arrowsmith Red Angus Facebook page.
