WEIGHT NO MORE – INFORMED CONSENT UPDATED 9/2022

Patient Name:	Date of Birth:
---------------	----------------

Welcome to WEIGHT NO MORE. We believe that obesity is unhealthy and leads to many serious diseases, disability, and shortened life span. We provide individual medical counseling at every visit. Our goal is to provide you with an effective, affordable program designed to help you achieve your fitness and weight loss goals. The program combines moderate regular exercise, a balanced low-fat diet, portion control, and the use of time-tested appetite suppressant medications. This combination has proven to be very successful.

On your initial visit, you will provide us with a complete medical history. We will review this and will conduct a brief physical exam. Our exam is not “a complete physical” and you must seek and obtain regular care from your family medical provider. Your primary provider should be told that you are taking our medications. We will always be happy to consult with your doctor. This is especially important if you are diabetic or have high blood pressure because weight loss may lead to a reduction or even stopping the drugs you have been taking.

We only use time-tested medications. All three have been approved by the FDA for about 50 years and have been proven to be safe and effective for most people. They should not be taken if you have significant cardiovascular disease, uncontrolled high blood pressure, some types of irregular heartbeats, untreated glaucoma, seizure disorders, untreated graves’ disease, are psychotic or bipolar, or are pregnant or breastfeeding. If you plan to have surgery with general anesthesia, stop taking the medication at least a week before the operation.

The most common side effect is increased energy which is often more intense the first few days. A minority of patients feel nervous or have temporary insomnia the first few days. These side effects tend to disappear as your body adjusts to the medication. Dry mouth and slightly increased blood pressure are common. Constipation, headaches, or mild palpitations occasionally occur. These are not amphetamines but might give a false positive reaction on a routine urine test. We will provide you with a written explanation if your job has a random testing or if you are applying for a new job which requires testing.

Your WEIGHT NO MORE medical provider will work with you to find the best and most effective medication for you. In doing so we may prescribe higher doses or combinations of the medications or for longer durations than are found in the appetite suppressant labeling. Many years of experience and over 60,000 research studies on obesity have been published since the guidelines were written. This has shown the medication to be both more effective and considerably safer than was recognized when the medications were initially approved. Although “off-label” such usage is the accepted standard in all North Bay weight clinics and nationally as well. The AMA, NIH, and even FDA observe the accepted medical practice includes drug use which is not included in the approved labeling. Nonetheless, any medication has the potential for risk and only you can decide if the potential benefits outweigh the risk. Dr. Scheidemann is a member of the Obesity Medicine Association (OMA).

There are alternative ways to lose weight such as weight watchers, overeaters anonymous, TOPPS, acupuncture, hypnosis, and others which might be more suitable for some patients than medication. Overweight and obesity have become a major health problem in our country – a 75% increase in the last 30 years. The risks of being overweight include but are not limited to diabetes, high blood pressure, heart attacks and other cardiac disease, stroke, arthritis, metabolic syndrome, and ultimately a risk of disability or premature death if left untreated. For the sake of your health if you decide not to join us at WEIGHT NO MORE, please take some action to maintain your weight and visit our website www.weightnomoremedical.com or our Facebook Page.

By following the diet and exercise guidelines provided at WEIGHT NO MORE, we hope patients will be able to discontinue medication when the goal of weight is reached. We will do our best to help you achieve this with a minimum feeling of sacrifice. A portion of people will need to stay on a maintenance regimen. After many years of experience, this has shown to carry a very low risk.

*****The medication provided to you is not to be shared, transferred, traded, or sold to other people. This is illegal and considered criminal activity. Please keep the medication safely stored and out of the reach of children.*****

*****If you have any questions, do not sign this informed consent until you have spoken to a WEIGHT NO MORE medical provider, had your questions answered, and are satisfied that you are making an informed consent.*****

Due to government regulations we are required to have you sign the Privacy Policy for this office. If you would like to read the entire policy, please request a copy from the front desk. Your privacy is strictly guarded and no information is released without your signed authorization.

We want you to know that we respect and protect the privacy of your personal information. As healthcare providers, we are governed by the Health Insurance Portability and Accountability Act (HIPAA) and the “Privacy Rule”. As such, we need your consent for the use and disclosure of your personal healthcare information (PHI) in order to carry out your treatment.

It is our policy to properly determine the appropriate use of PHI in accordance with the government rules and regulations. As a part of this plan, we have implemented a compliance program that oversees the use of PHI. All employees, managers, nurses, and physicians continually undergo training on how to comply with government rules and regulations regarding HIPAA and the “Privacy Rule”. We strive to achieve the highest standard of ethics and integrity in performing services for our patients. Only when it is deemed appropriate and necessary to carry out treatment, payment, or other healthcare operations will we provide other entities with your PHI (examples of such entities are hospitals, surgery centers, laboratories, and billing companies).

You have the right to revoke this consent except where we have already made disclosures based upon your prior consent. You may use our “Authorization for Release of Information Form” to revoke your consent or you may simply send us a letter.

I have read and understand the policy as outlined above. I understand my rights under the HIPAA regulations and those of this medical office. I authorize Weight No More to use and disclose my PHI for treatment, payment or other healthcare operations. I understand that if I do not sign this form Weight No More has the right to refuse to treat me.

PHYSICIAN-PATIENT ARBITRATION AGREEMENT

Article 1: Agreement to Arbitrate: It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently, or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review or arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional rights to have any such dispute decided on a court of law before a jury, and instead are accepting the use of arbitration.

Article 2: All Claims Must be Arbitrated: It is the intention of the parties that this agreement bind all parties whose claims may arise out of or related to treatment or service provided by the physician including any spouse or heirs of the patient and any children, whether born or unborn, at the time of the occurrence giving rise to any claim. In the case of any pregnant mother, the term "patient" herein shall mean the mother and the mother's expected child or children.

All claims for monetary damages exceeding the jurisdictional limit of the small claims court against the physician, and the physician's partners, associates, association, corporation or partnership, and the employees, agents and estates of any if them, must be arbitrated including, without limitation, claims for loss of consortium, wrongful death, emotional distress or punitive damages. Filing of any court by the physician to collect any fee from the patient shall not waive the right to compel arbitration of any malpractice claim.

Article 3: Procedures and Applicable Law: A demand for arbitration must communicate in writing to all parties. Each party shall select an arbitrator (party arbitrator) within thirty days and a third arbitrator (neutral arbitrator) shall be selected by the arbitrators appointed by the parties within thirty days of a demand for a neutral arbitrator by either party. Each party to the arbitration shall pay such party's pro rata share of the expenses and fees of the neutral arbitrator, together with other expenses of the arbitration incurred or approved by the neutral arbitrator, not including counsel fees or witness fees, or other expenses incurred by a party for such party's own benefit. The parties agree that the arbitrators have the immunity of a judicial officer from civil liability when acting in the capacity of arbitrator under this contract. This immunity shall supplement, not supplant, any other applicable statutory or common law.

Either party shall have the absolute right to arbitrate separately the issues of liability and damages upon written request to the neutral arbitrator.

The parties consent to the intervention and joinder in this arbitration of any person or entity which would otherwise be a proper additional party in a court action, and upon such intervention and joinder any existing court action against such additional person or entity shall be stayed pending arbitration.

The parties agree that provisions of California law applicable to health care providers shall apply to disputes within this arbitration agreement, including, but not limited to, Code of Civil Procedure Section 340.5 and 667.7 and Civil Code Sections 3333.1 and 3333.2. Any party may bring before the arbitrators a motion for summary judgment or summary adjudication in accordance with the Code of Civil Procedure. Discovery shall be conducted pursuant to Code of Civil Procedure section 1283.05, however, depositions may be taken without prior approval of the neutral arbitrator.

Article 4: General Provisions: All claims based upon the same incident, transaction or related circumstances shall be arbitrated in once proceeding. A claim shall be waived and forever barred if (1) on the date notice thereof is received, the claim, if asserted in a civil action, would be barred by the applicable California statute of limitations, or (2) the claimant fails to pursue the arbitration claim in accordance with the procedures prescribed herein with reasonable diligence. With respect to any matter not herein expressly provided for, the arbitrators shall be governed by the California Code of Civil Procedure provisions relating to arbitration.

Article 5: Revocation: This agreement may be revoked by written notice delivered to the physician within 30 days, or signature. It is the intent of this agreement to apply to all medical services rendered any time for any condition.

Article 6: Retroactive Effect: If patient intends this agreement to cover services rendered before the date it is Effective as of the date of first medical services.

Patient's or Patient Representative's Initials

If any provision of this arbitration agreement is held invalid or unenforceable, the remaining provisions shall remain in full force and shall not be affected by the invalidity of any other provision.

I understand that I have the right to receive a copy of this arbitration agreement. By my signature below, I acknowledge that I have received a copy.

NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL. SEE ARTICLE 1 OF THIS CONTRACT.
