

# Antichi Arsenali, Amalfi Coast

**If you want an enchanting wedding steeped in history and majestic architecture, then the Antichi Arsenali might just be the venue for you.**

The Arsenal was once used to store, build and repair warships, and today stands as a magnificent and historical stone-built construction with breathtaking vaulted ceilings supported by repeated pointed arches. If you are looking for a fairytale venue with lots of character in a lesser known but incredible setting, then this is the perfect hideaway option on the Amalfi Coast for a civil ceremony. Come here for the historical atmosphere, a candlelit setting and a seriously romantic exchange of vows. And better still, it's just off of the main square and moments by foot to many of Amalfi's luxury hotels and enchanting restaurants, where you can host a magnificent reception party.

A wedding reception in Italy can be as low key or grand as you would like. It is possible to arrange receptions in your chosen hotel or in a local Italian trattoria.

We can also organise live music, drinks packages and wedding favours for your guests.
