

18th Annual Bull Sale

MILLER ANGUS

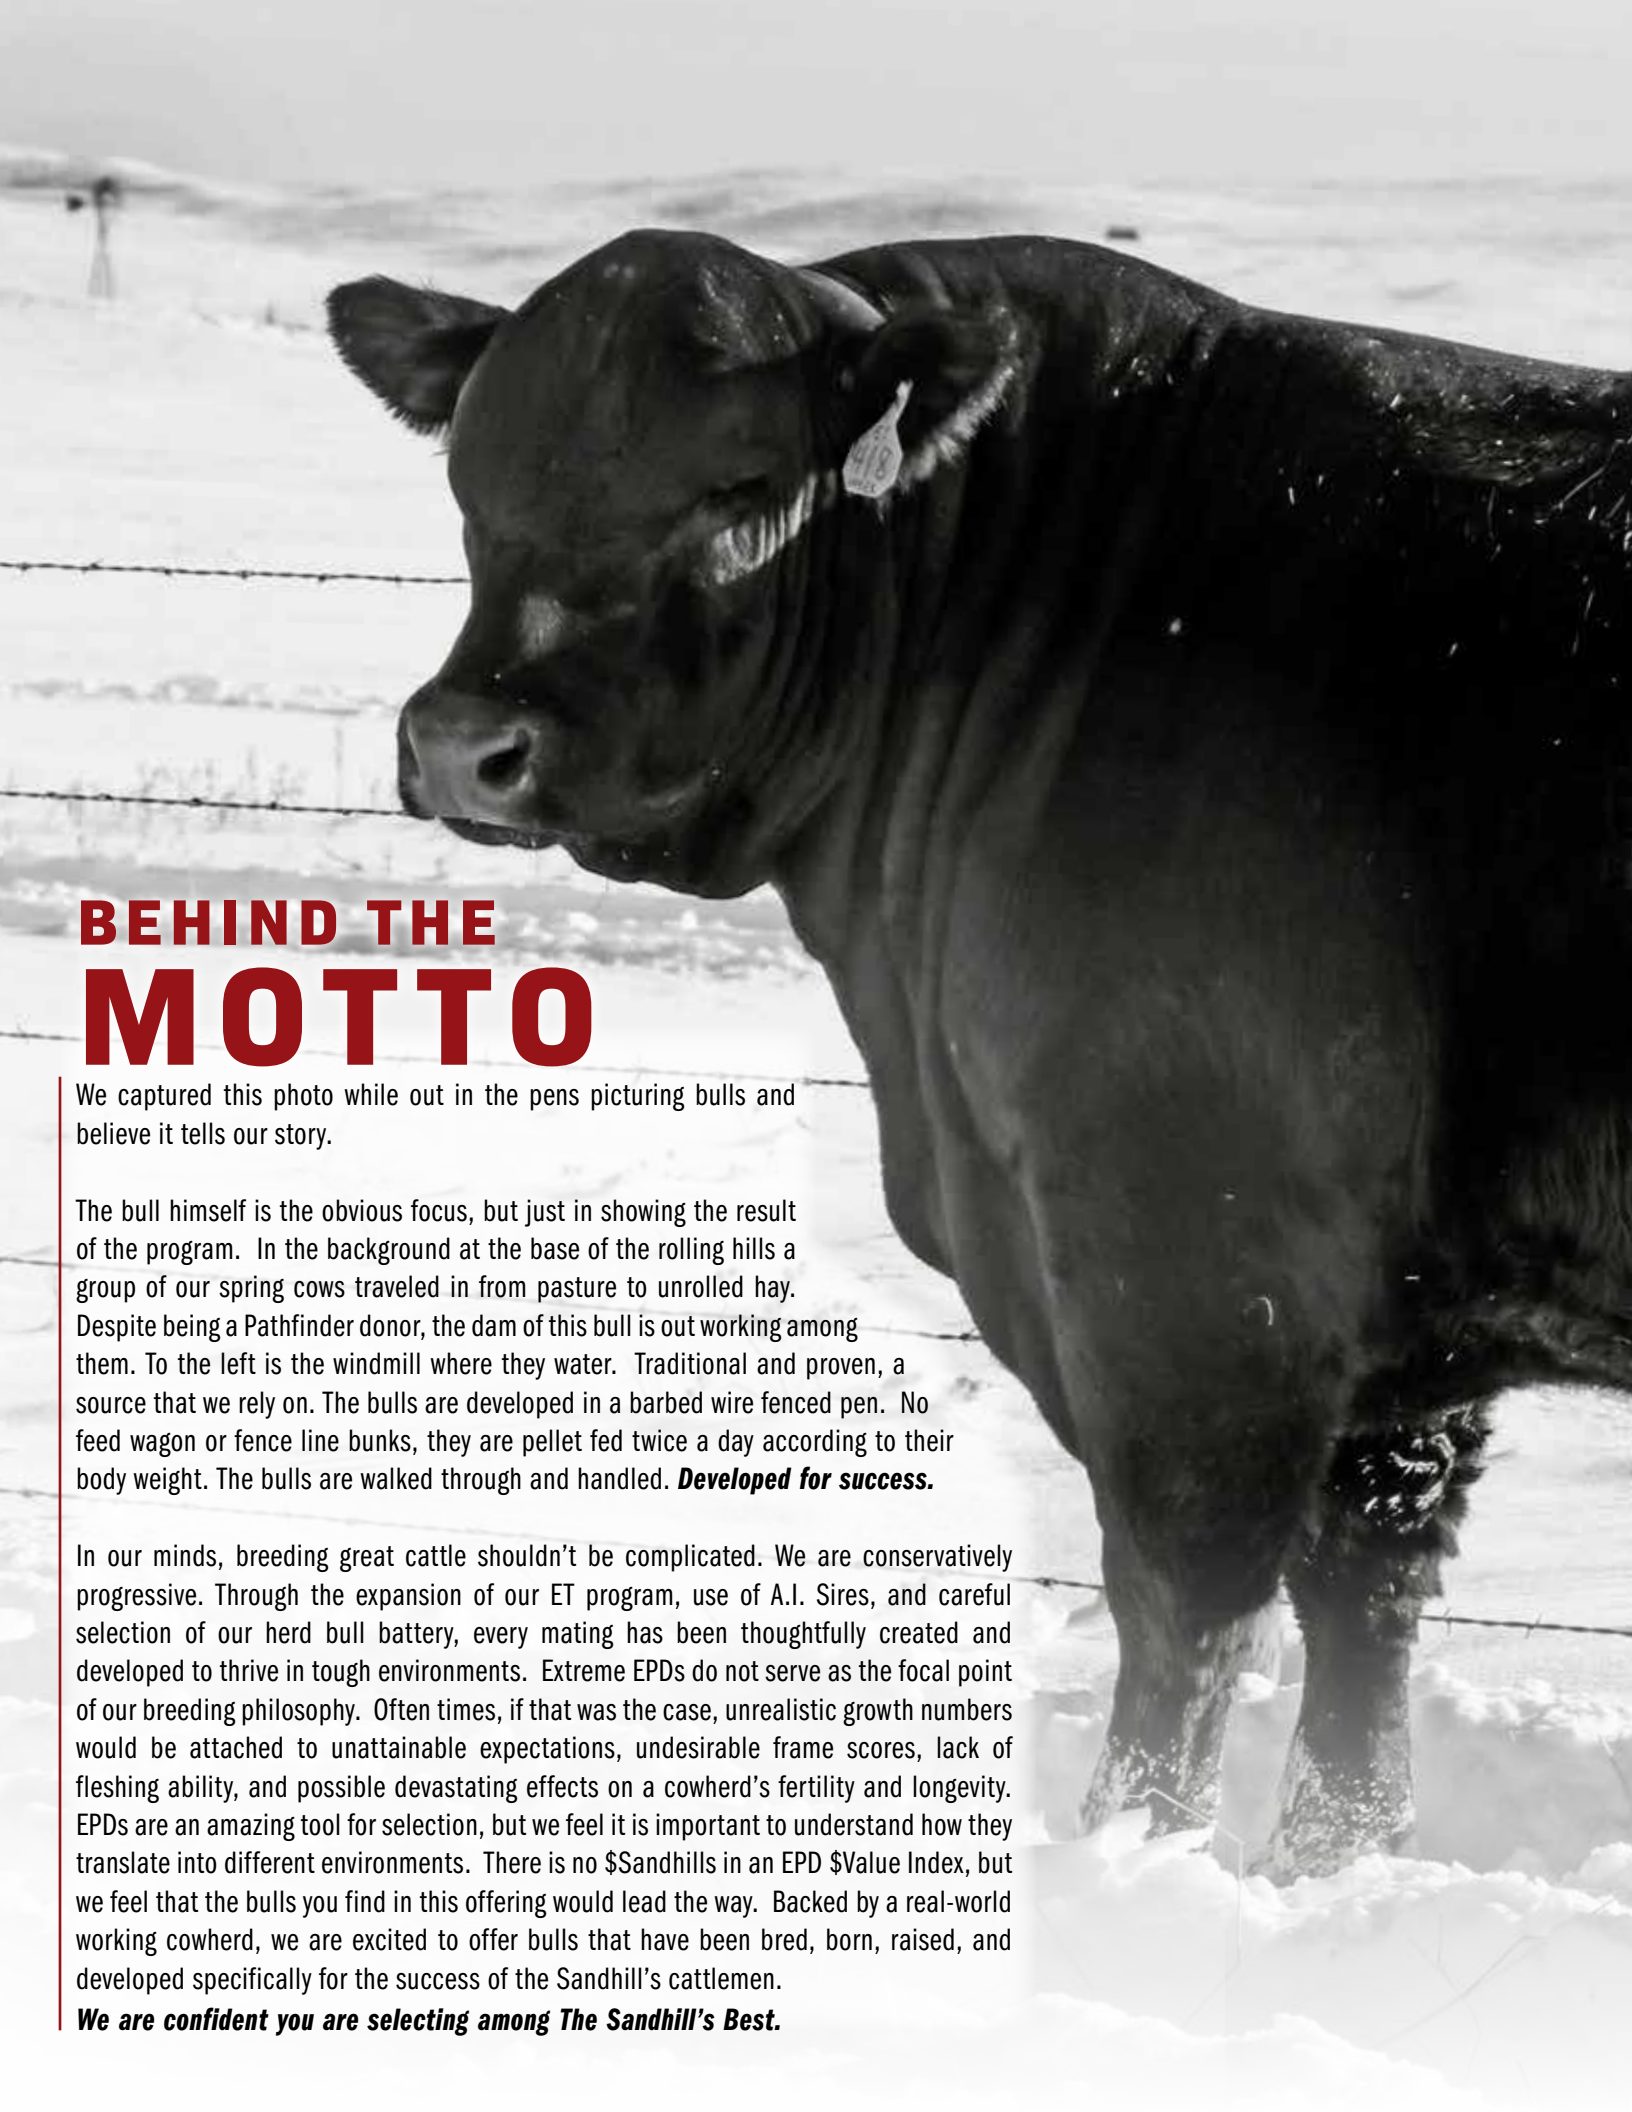

SUNDAY • 2:00 PM CT

FEBRUARY 16, 2025

VALENTINE LIVESTOCK AUCTION • VALENTINE, NEBRASKA

THE SANDHILLS BEST LIVE HERE

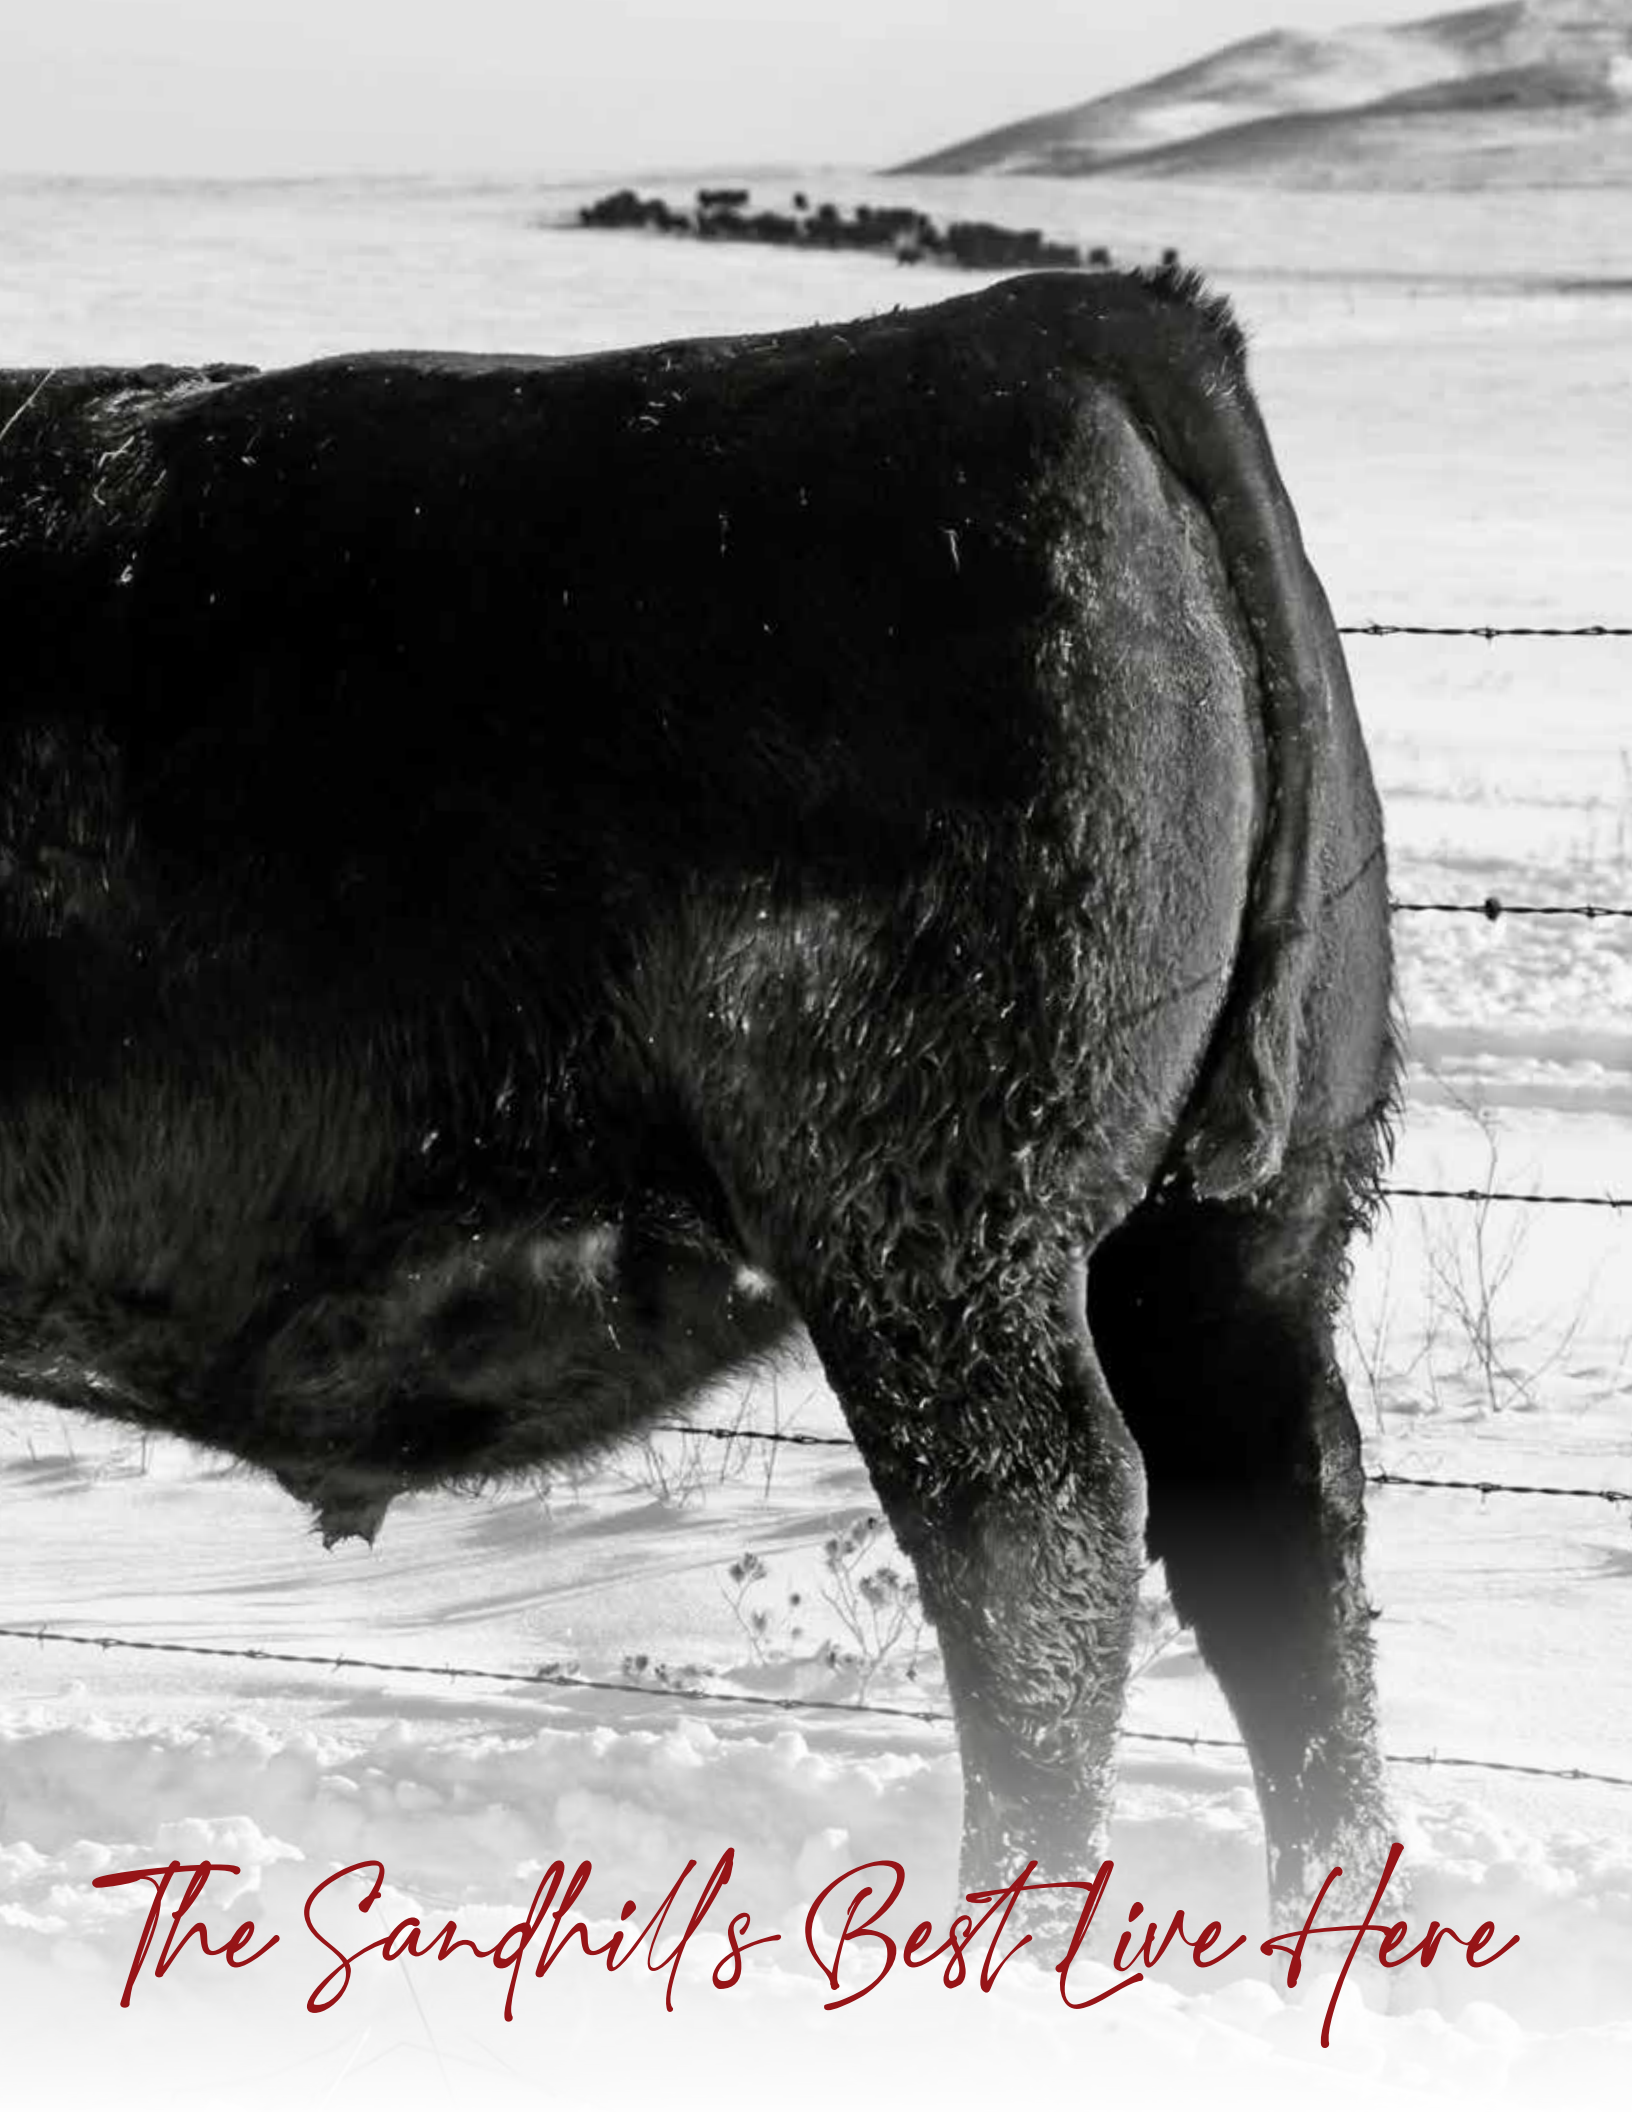

BEHIND THE MOTTO

We captured this photo while out in the pens picturing bulls and believe it tells our story.

The bull himself is the obvious focus, but just in showing the result of the program. In the background at the base of the rolling hills a group of our spring cows traveled in from pasture to unrolled hay. Despite being a Pathfinder donor, the dam of this bull is out working among them. To the left is the windmill where they water. Traditional and proven, a source that we rely on. The bulls are developed in a barbed wire fenced pen. No feed wagon or fence line bunks, they are pellet fed twice a day according to their body weight. The bulls are walked through and handled. ***Developed for success.***

In our minds, breeding great cattle shouldn't be complicated. We are conservatively progressive. Through the expansion of our ET program, use of A.I. Sires, and careful selection of our herd bull battery, every mating has been thoughtfully created and developed to thrive in tough environments. Extreme EPDs do not serve as the focal point of our breeding philosophy. Often times, if that was the case, unrealistic growth numbers would be attached to unattainable expectations, undesirable frame scores, lack of fleshing ability, and possible devastating effects on a cowherd's fertility and longevity. EPDs are an amazing tool for selection, but we feel it is important to understand how they translate into different environments. There is no \$Sandhills in an EPD \$Value Index, but we feel that the bulls you find in this offering would lead the way. Backed by a real-world working cowherd, we are excited to offer bulls that have been bred, born, raised, and developed specifically for the success of the Sandhill's cattlemen.

We are confident you are selecting among The Sandhill's Best.

The Sandhill's Best Live Here

18th Annual Bull Sale

Sunday – 2 PM

February 16, 2025

Valentine Livestock Auction

126 N Government St, Valentine, Nebraska

Welcome

We would like to invite and welcome you to our 18th Annual Bull Sale on February 16, 2025. We appreciate the new and/or continued interest in our program. We would like to thank all past customers that have and continue to trust us as a seedstock provider. Miller Angus is a family owned and operated ranch that has had one goal in mind from day one; Provide bulls that you can trust throughout all three seasons- breeding, calving, and weaning.

We hope to see you at the sale February 16th! If you have any questions about the bulls or our program or would like to view the bulls at the ranch prior to the sale, give us a call.

-The Millers

Phil & Pat Miller

Landon, Danielle, Parker, Paxtyn, Piersen, and Preston Miller

Luke Miller

Return on Investment Bull Sale

✓ **Bull Longevity**

Our bulls are age advantaged and developed to last multiple years in non-pampered breeding environments.

✓ **Weaning Weight**

Ranchers get paid by the pound. Our genetics ensure that superior weaning weights are a focus of our breeding program.

✓ **Cow Fertility**

Profitability in a cow herd highly relates to pregnant cows. For those who keep back their own replacements, know our bulls are backed by cows that breed and thrive in the harsh Sandhills environment.

VISITORS ALWAYS WELCOME!

SALE INFORMATION

Auctioneer Matt Lowery, 308-750-6119

Sale Day Contacts

Phil Miller, 402-389-0882

Landon Miller, 402-389-0216 | Luke Miller, 402-389-0816

Valentine Livestock, 402-376-3611

Sale Representatives

Will Harsh, Angus Journal, 740-272-1386

Randy Rasby, American Cattlemen, 308-539-6195

Jason Hansen, Livestock Digital, 402-649-0500

Cody Nye, Tri-State Livestock, 308-760-8588

Spencer Shifflet, Cattle Business Weekly, 402-760-0678

Greg Arendt, Valentine Livestock, 402-376-4701

Insurance

Ray Trudeau, Martin-Trudeau Insurance, 605-996-3106

We strongly encourage this 365 day insurance and will pay half of the policy.

Food and Refreshments

Lunch will be provided at the sale by the Miller Family starting at 12:00 CST on sale day. An announcement will be made for after sale hospitality.

Bull Development

The bulls have been developed on a high fiber cake pellet and long stem hay to insure soundness and longevity.

Herd Health

Bulls will be fertility tested and scrotal measured by Dr. Steve Schumacher, DVM, Valentine, NE. Health papers will be furnished for out of state and interstate travel. The bulls will be up to date on vaccine protocol and will have received a shot for foot rot. Bulls have been poured in the fall of 2024 and twice in the spring of 2025 with Dectomax and Clean-Up. All bulls selling will have passed a semen evaluation prior to the sale.

Terms and Conditions

The cattle sell under the standard terms and conditions as adopted by the American Angus Association. Registration papers are available upon request. All bulls sell full possession unless otherwise noted.

Calving Ease Stars

- ★ Recommended for Cows
- ★★ Recommended for Larger Frame Heifers
- ★★★ Recommended for Heifers

Semen Interest

Miller Angus retains 1/3 semen interest on all bulls. If decided to collect for personal use, it will be at the absolute convenience of the buyer and at the seller's expense.

Guarantee

All bulls selling for \$4,000 or more come with a first year breeding season guarantee. A breeding season is defined as 90 days from the first day of turn out. The bull's problem has to be confirmed by a DVM, and can't be a result of neglect. If a bull is unable to continue his breeding season, a replacement bull will be provided if available; or a credit given towards one bull in next year's sale. Sale credit is determined by purchase price minus salvage value. Salvage value is set at \$2,500. If a problem occurs contact Miller Angus as soon as possible. We value our customers and want to insure your happiness and success throughout the breeding season. All claims must be made by September 1st, 2025.

Delivery

All purchases of \$4,000 or more will be delivered free of charge to Nebraska and surrounding states. Free nationwide delivery on all purchases of \$10,000 or more. Delivery will begin March 1st. If prior arrangements are made, we can keep bulls after April 1st, but will charge a \$3/hd per day yardage fee. A \$50 discount per bull will be applied if bulls are picked up sale day.

Supplemental Information

A supplement sheet will be available sale day if any corrections, subtractions, or additions need to be made.

Liability

All persons who attend the sale do so at their own risk. Miller Angus assumes no liability legal or otherwise for any accidents that may occur.

Cattle Viewing

Bulls are available for viewing anytime at the ranch prior to the sale. Bulls will be available for viewing February 14th through sale day at the Valentine Livestock Auction.

Absentee Bidding

Watch and bid live on the bulls at www.dvauction.com or at www.superiorlivestock.com. You may also choose to bid by phone by contacting, Phil: 402-389-0882, Landon: 402-389-0216, Luke: 402-389-0816, or Valentine Livestock: 402-376-3611.

Multiple Bull Discount

A 5% discount will be applied on purchases of 5 or more bulls.

- Safe on larger framed heifers and cows.
- We are proud to start off our 2025 bull sale with an outstanding set of sons out of our resident herd sire Baldrige Drag Iron. You could Lot 1 any way you see fit, but we start here with G515, the heaviest WW bull of the sire group at 693 pounds. Drag Iron recorded a total sire group WWR of 107 on his 2023 calves. Expect growth, disposition, great feet, and excellent uddered females when selecting from this sire group.
- Individual WWR 123
- Dam records BWR 2@102, NR 2@113 on her two calves at Miller Angus.
- Ranks 50% or higher in 24 EPD traits including five of six \$ values
- Ranks 50% or higher in 16 genomic traits
- EPD ranks top 5% Angle, 10% Fat, 15% DMI/Doc/\$M/\$W/\$F, 20% WW/HP/MH/RE, 30% YW/RADG/HS/CW/\$C, 35% YH/Claw, 40% PAP/MW, 45% SC/\$B, 50% BW/Mil

LOT 14

Return on Investment Bull Sale

✓ Bull Longevity

Our bulls are age advantaged and developed to last multiple years in non-pampered breeding environments.

✓ Weaning Weight

Ranchers get paid by the pound. Our genetics ensure that superior weaning weights are a focus of our breeding program.

✓ Cow Fertility

Profitability in a cow herd highly relates to pregnant cows. For those who keep back their own replacements, know our bulls are backed by cows that breed and thrive in the harsh Sandhills environment.

SV Bonnie 4009 #17931291

Dam of Lots 32-33

- A long, broody, high-volume cow that we fell in love with at the S&V Dispersion. We felt that she had produced the top yearling bull and the top bred heifer that sold that day. It was an easy decision to select her as our choice, top selling cow off the dispersion.
- Pathfinder donor who records BWR 5@95, NR 5@106
- Sold six sons averaging \$8,400 in last year's sale.

- Safe on larger framed heifers and cows.
- A bull with extreme maternal value. This bull is made like he sires them. Extremely easy fleshing with a +9, top 10% energy value. Moderate framed and standing on a perfect big foot. Docility second to none. His +18.1 heifer pregnancy EPD ranks top 5% in the breed. We expect daughters out of Star Creek Marshal to rival the daughters we have retained from A&B Payweight 6087 that are found all over this catalog. He has bred at Miller Angus for three years; he is trick tested and ready to go. This bull has plenty of breeding left in him. Use with confidence to sire productive and phenotypically stunning females.
- We traveled down to Durant, Oklahoma to select Star Creek Marshal as our choice, top selling bull of the sale. He has bred virgin heifers to cows for us with a 100% of heifers calving unassisted. He has served us very well and we are extremely excited about his progeny's future. Going forward, all our herd bulls will be offered for sale the same year as their first sons sell. This is a unique opportunity to see and acquire the bulls that build our program.
- EPD ranks top 1% \$M, 5% HP, 10% \$EN/PAP, 15% Angle, 20% Claw, 30% CED/Doc/\$C, 35% Milk/\$W, 45% BW/Marb, 50% CEM
- Genomic ranks top 4% HP, 8% CED, 10% BW, 12% PAP, 16% Angle, 25% Claw, 30% Tend, 31% Milk, 41% Doc, 44% Marb
